

FISCAL NOTE

JAN 21 1993

turn in triplicate)

Bill/Resolution No.: SB 2344 Amendment to:

Requested by Legislative Council Date of Request: 1-19-93

- 1. Please estimate the fiscal impact (in dollar amounts) of the above measure for state general or special funds, counties, and cities.

Narrative: The potential fiscal impact on SB 2344 would not occur until the 95-97 biennium. The bill involves payments to potential member districts in restructuring consortiums whose average daily membership exceeds 1000. The payment to these districts would be based on the average daily membership of consortium districts in that consortium whose average daily membership is less than 1000. Since no consortiums have been formed which include districts with average daily memberships of over 1000 and since it is virtually impossible to estimate how many smaller districts would come together with those districts in a consortium, it is subsequently nearly impossible to estimate a fiscal impact. Given those limitations the best available estimate is that the cost in the 95-97 biennium need \$225,000.

- 2. State fiscal effect in dollar amounts:
