1. Please estimate the fiscal impact (in dollar amounts) of the above measure for state general or special funds, counties, and cities.

Narrative: This bill will change the present distribution formula for distributing State Aid for Public Transit funds. It will make the formula variable depending on the availability of funds in the special Public Transportation Fund. The formula change will also allow the Department of Transportation to expend all of the appropriated funds in each biennium and also distribute out some of the current \$631,000 unused balance in the Public Transportation Fund. This can all be done within the current appropriation level of \$1.5 million per biennium.
