1995 LEGISLATION
SUMMARY OF ACTUARIAL INFORMATION

BILL DESCRIPTION: Study of Employment Classifications

BILL NO. SB 2387

SUMMARY OF ACTUARIAL INFORMATION: The Workers Compensation Bureau, together with its Actuary, Glenn Evans of Pacific Actuarial Consultants, have reviewed the legislation proposed in this bill in conformance with Section 54-03-25 of the North Dakota Century Code.

While the studies proposed in this bill may impact the way certain industries are classified and, as a result, allocated premium, it is not expected that the bill will have an impact on overall premium rates or current loss reserves of the Fund. As proposed, the bill calls for a comprehensive study of employment classifications. Depending on the interpretation of this statement, actuarial studies considered comprehensive may require a commitment of over \$100,000 annually.
