

FISCAL NOTE FOR SB 2495

The calculations are based on data provided the State Employee Compensation Commission in Sept '94. Included are temporary employees employed for 1 year or more from 7/1/93 -- 6/30/94 and who worked more than 1,560 hours (30 hrs/wk). Figures from the same time period showed that the University System employed about 15% fewer temporary employees than Central Payroll Agencies. Therefore, this fiscal note assumes that the University System employs about 15% fewer temporary employees who meet the criteria in this bill.

Health Insurance Premium: **265 /mo.**

	<u>Central Payroll</u>	<u>University System</u>
# of Employees affected:	35	30
