9 **SECTION 2. LEGISLATIVE INTENT - TUITION APPORTIONMENT.** It is the intent of
10 the legislative assembly that the sum of \$49,273,144, or such greater or lesser sums as
11 become available, included in the grants-tuition apportionment and estimated income line items
12 in subdivision 1 of section 1 of this Act, be distributed by the office of management and budget
13 out of any moneys in the state tuition fund in the state treasury to the public schools of this
14 state as provided in section 2 of article IX of the Constitution of North Dakota and chapter 15-44
15 for the biennium beginning July 1, 1997, and ending June 30, 1999.

16 **SECTION 3. LEGISLATIVE INTENT - EXPENDITURE AUTHORITY.** The
17 superintendent of public instruction may expend funds appropriated in the foundation aid and
18 transportation and special education grants line items in subdivision 1 of section 1 of this Act in
19 payment of grants for education services that were due in the 1995-97 biennium but which
20 were not filed, claimed, or properly supported by the education provider in question until after
21 June 30, 1997.

22 **SECTION 4. LEGISLATIVE INTENT - DISTRIBUTION OF SPECIAL EDUCATION**
23 **AID.** It is the intent of the legislative assembly that the amount included in the grants - special
24 education line item in subdivision 1 of section 1 of this Act be distributed as follows:

- 25 1. Ten million dollars to reimburse school districts or special education units for
26 excess costs incurred relating to contracts for students with disabilities as required

State special education payments distributed as required by section 15-40.1-07.6 must be reduced by the amount of matching funds required to be paid by school districts or special education units for students participating in the medicaid program. Special education funds equal to the amount of the matching funds required to be paid by the school district or special education unit must be paid by the superintendent of public instruction to the department of human services on behalf of the district or unit.

SECTION 6. LEGISLATIVE INTENT - TECHNOLOGY REIMBURSEMENT PAYMENTS. It is the intent of the fifty-fifth legislative assembly that the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments be used for reimbursing school districts for technology-related expenditures. The educational telecommunications council shall determine the maximum amount to which each school district is entitled by dividing the number of elementary and secondary students in average daily membership in this state into the funds appropriated in subdivision 1 of section 1 of this Act for technology reimbursement payments and then multiplying the result by the number of students in average daily membership in each district. Upon receiving substantiating documentation from a school district indicating the expenditure of funds on or after July 1, 1996, for the acquisition of computer technology for student uses or instructional purposes, interactive television, or teacher inservice programs related to the use of computer technology in

4 **SECTION 7. LEGISLATIVE INTENT - MEAT IN SCHOOL LUNCH PROGRAMS.** It is
5 the intent of the fifty-fifth legislative assembly that the superintendent of public instruction

7 distribution programs in schools to not offer yogurt as a substitute for meat in school lunches
8 served to students.

9 **SECTION 8. LEGISLATIVE INTENT - DIVISION OF INDEPENDENT STUDY TUITION**
10 **RATES.** It is the intent of the fifty-fifth legislative assembly that during the 1997-99 biennium,
11 the division of independent study review the tuition rates charged for resident and nonresident
12 students enrolled in independent study courses and consider increasing the tuition rate charged
13 nonresident students.

14 **SECTION 9. LEGISLATIVE INTENT - POSITION TRANSFERS.** It is the intent of the
15 fifty-fifth legislative assembly that for the 1997-99 biennium, the department of public instruction
16 be authorized to have no more than 135.45 full-time equivalent positions and that no more than
17 39.2 of these positions be in the division of independent study. It is the intent of the fifty-fifth
18 legislative assembly that if, during the 1997-99 biennium, the superintendent of public
19 instruction transfers any positions to the division of independent study from other divisions of
20 the department of public instruction, the transfers be reported to the budget section of the
21 legislative council at its next meeting.

23 **ADMINISTRATION CONSORTIUM - REPORT TO LEGISLATIVE COUNCIL COMMITTEE.** It
24 is the intent of the fifty-fifth legislative assembly that \$25,000 of the amount appropriated in the
25 grants - other grants line item in subdivision 1 of section 1 of this Act be used to provide a grant
26 to the leadership in education administration consortium to develop training programs in
27 cooperation with teacher learning centers. It is the intent of the fifty-fifth legislative assembly
28 that the leadership in education administration consortium and the teacher learning centers
29 work cooperatively to develop training programs for teachers and education administrators.
30 The leadership in education administration consortium shall present, no later than

8 **SECTION 12. CREDENTIALING PROCESS FOR SPECIAL EDUCATION**

9 **TEACHERS.** The superintendent of public instruction may not change the credentialing
10 process for special education teachers as it is in effect on March 1, 1997, without first
11 convening a meeting to include representatives of the council of educational leaders, the
12 council for exceptional children, the North Dakota education association, and the North Dakota
13 school boards association. The purpose of the meeting is to receive comments regarding the
14 proposed changes, including the scheduling and manner of implementation, associated costs,
15 the applicability of the proposed changes, and the short-term and long-term effects of the
16 proposed changes. If, within thirty days after the date of the meeting, any representative
17 present at the meeting objects in writing to the proposed change, the superintendent may not
18 implement the change prior to July 1, 1999.

19 **SECTION 13. FEDERAL FUNDING FOR SPECIAL EDUCATION.** The legislative

20 assembly urges Congress to fund the education of children with disabilities at the level
21 authorized in the Education for All Handicapped Children Act of 1975. In that legislation, now
22 known as the Individuals with Disabilities Education Act, Congress included a graduated
23 formula for determining state entitlement and provided that for the fiscal year ending
24 September 30, 1982, and for each fiscal year thereafter, the federal funding level was to be set
25 at forty percent of the average per student expenditure in public elementary and secondary
26 schools in the United States. Because the level of federal funding received by this state has
27 never exceeded ten percent, this federal legislation constitutes an underfunded mandate. The
28 secretary of state shall forward copies of this section to the secretary of the department of
29 education, to the chairman of the senate labor and human resources committee, to the
30 chairman of the house economic and educational opportunities committee, and to each
31 member of the North Dakota congressional delegation.

1 **SECTION 14. GOALS 2000 - PARTICIPATION VOLUNTARY.** The school board of

3 participate in Goals 2000 Educate America Act [Pub. L. 103-227; 108 Stat. 125; 20 U.S.C. 5801
4 et seq.]. Any school board that chooses to participate and directly or indirectly receives federal
5 funds for its participation shall expend such funds in the manner it determines best meets the
6 goal of educational enhancement in the school district, in accordance with the district's locally
7 developed goals 2000 educational improvement application plan. The superintendent of public
8 instruction may not impose any financial penalty or other sanction on a school or school district
9 if the school board chooses, at any time, to terminate participation in goals 2000.

10 **SECTION 15. School-to-work - Student participation voluntary.** Before any
11 elementary or secondary school student may participate in any course, program, or project
12 offered under the auspices of the School-to-Work Opportunities Act of 1994, [Pub. L. 103-239;
13 108 Stat. 568; 20 U.S.C. 2394 et seq.], the student's school principal shall obtain the written
14 consent of the student's parent or legal guardian. Participation by a student is voluntary and
15 may not be deemed a condition of graduation. Neither school personnel, school district
16 personnel, nor the superintendent of public instruction may impose any academic penalties or
17 any other sanctions on a student for failure to participate. A student's participation in a course,
18 program, or project offered under the auspices of the School-to-Work Opportunities Act of 1994
19 is subject to all state and federal child labor laws.

20 **SECTION 16. DISPLACED HOMEMAKER FUND.** The amount of \$250,000, or so
21 much of the sum as may be necessary, included in the estimated income line item in
22 subdivision 1 of section 1 of this Act is from the displaced homemaker fund for the purpose of
23 providing services for displaced homemakers as provided in chapter 14-06.1 for the biennium
24 beginning July 1, 1997, and ending June 30, 1999.

25 **SECTION 17. GRANTS.** The line item entitled grants in subdivision 2 of section 1 of
26 this Act includes \$935,521 for aid to public libraries of which no more than one-half is to be
27 expended during the fiscal year ending June 30, 1998.

28 **SECTION 18. FEES DEPOSITED IN OPERATING FUND.** Any moneys included in
29 estimated income in subdivision 4 of section 1 of this Act, collected for subscription fees or
30 braille fees, must be deposited in the school for the blind operating fund in the state treasury
31 and must be spent subject to appropriation by the legislative assembly.
