Bill/Resolution No.: \_\_\_\_\_ Amendment to: SB 2260

Requested by Legislative Council Date of Request: 2-12-97

1. Please estimate the fiscal impact (in dollar amounts) of the above measure for state general or special funds, counties, cities, and school districts.

Narrative:

A significant number of buildings, structures, debris, and other objects are situated in, on the bed of, or adjacent to Devils Lake. Several of the property owners have no intention of removing objects at their expense. It is estimated it will cost \$250,000 if the Water Commission removes exposed objects currently in the water, at a lake elevation of 1437.8 feet msl or lower. If the lake continues to rise, the cost to remove debris will increase.
