**COMMUNICATION FROM GOVERNOR EDWARD T. SCHAFER**

The following communication was received from the Governor at 4:45 p.m., March 14, 1997.

This is to inform you that on March 14, 1997, I signed the following: HB 1276, HB 1280, and HB 1341.

**COMMUNICATION FROM GOVERNOR EDWARD T. SCHAFER**

I am returning and respectfully veto House Bill 1110. HB 1110 is designed to allow the state auditor to provide audit services to any public or nonprofit entity that receives state or federal financial assistance when such an organization is encountered in the course of an audit of a political subdivision and the governing body of the organization requests services be provided. I have several concerns with this legislation.

First, I believe the bill to be overly broad. By allowing the state auditor to audit ANY nonprofit entity that receives state or federal money, the bill appears to provide authority beyond the scope of the problem the bill was purportedly designed to address. For example, assuming state or federal dollars in some form are involved, a local chamber of commerce or even a statewide organization like the Greater North Dakota Association or North Dakota Farmers Union could contract for audit services with the state auditor.

Second, by permitting the state auditor to compete with the private accounting community, HB 1110 injects government into an area traditionally served by the private sector. None of us wants government to compete with our own businesses unless a compelling public reason exists for government to do so. I do not believe such a reason exists in this instance.

Third, HB 1110 expands state government at a time when we are trying to trim the cost and size of government. Again, unless we can demonstrate that the service provided is somehow essential to the efficient and effective operation of government, I believe we should avoid expanding into this arena.

If the state auditor, in the course of performing the audit of a political subdivision, comes upon a nonprofit entity in need of audit services that are not otherwise cost effectively available, a mechanism should exist to provide those services, and only those services, when requested. Let us design the mechanism that accomplishes that goal without unduly expanding the authority of the state auditor to audit all nonprofits in the state.

For these reasons, I respectfully veto House Bill 1110.
