4. ~~Hold coordinating authority for the development of such statewide educational telecommunication programs and systems as may be required to serve the entire state.~~
5. ~~Assist any organization, state agencies, or both in the preparation, filing, and prosecution before federal agencies such applications, reports, or other documents or requests of any kind that may be necessary or appropriate to achieve the purposes of this chapter.~~
6. ~~Receive gifts and contributions from public and private sources to be expended to provide educational telecommunication programs and systems.~~
7. ~~Be concerned with the activation of educational broadcasting channels presently assigned to North Dakota, or the reallocation or addition of the channels, or both, as are determined to be in the best interests of the people of the state.~~
8. ~~Actively cooperate with the state department of public instruction and the state board of higher education and other agencies and private organizations for the purpose of developing statewide educational telecommunication projects.~~
9. Adopt bylaws for the conduct of its affairs.
40. 4. Publish the informational material it deems necessary.
44. 5. ~~Carry on~~ Conduct a continuing study relating to assess the needs, resources, and facilities which are available or may be required to establish educational telecommunication programs and technology systems throughout the entire state.
42. 6. ~~Contract with eligible applicants to build and operate public television stations in this state. Eligible applicants are those licensed by the federal communications commission to operate noncommercial public television stations. Operational contracts may not exceed the amount raised within the preceding fiscal year by the applicant from nontax sources in this state.~~ Receive gifts and grants from private and public sources to be expended for educational technology projects.

SECTION 4. AMENDMENT. Section 15-65-06 of the North Dakota Century Code is amended and reenacted as follows:

15-65-06. Plan for statewide system of ~~interactive telecommunications~~ educational technology - Solicitation of grants. In developing and implementing a plan for a statewide system of ~~interactive telecommunications~~ educational technology, the educational telecommunications council shall solicit grants to be used in conjunction with moneys appropriated by the legislative assembly for ~~telecommunications~~ educational technology. Any moneys appropriated by the legislative assembly for ~~telecommunications~~ educational technology, unless specifically provided otherwise, and any grants received in accordance with this section must be used to implement the ~~plan~~ systems developed by the educational telecommunications council pursuant to this chapter.

SECTION 5. AMENDMENT. Section 54-35-15 of the North Dakota Century Code is amended and reenacted as follows:

54-35-15. ~~Science and Information~~ technology program - Staff - Powers and duties.

1. The legislative council, or its designee, shall provide ~~scientific and technological~~ information technology research and staff services to the legislative branch. The services must be provided in accordance with the existing statutory authority of the legislative council and within the framework of its other staff services.
2. The legislative council staff office shall provide ~~the scientific and technological~~ information technology services, and the council, or its designee, may hire such additional staff as are necessary, and set

compensation for any additional staff within the limits of legislative appropriations.

3. The council, or its designee, shall structure the provision of ~~scientific and technological~~ information technology services and assistance to the legislative assembly; and shall receive such cooperation and assistance from other state agencies as it may reasonably request.
4. The council, or its designee, shall study emerging technology and evaluate its impact on the state's system of information technology, and report and make recommendations to the legislative council and the legislative assembly regarding information technology in state government.
5. The council, or its designee, shall develop guidelines for reports to be provided by each executive branch agency, institution, or department, the institutions under the control of the board of higher education, and agencies of the judicial and legislative branches on information technology in those entities.
6. The council, or its designee, shall review the information technology management of executive branch agencies, institutions, or departments, institutions under the control of the board of higher education, and agencies of the judicial and legislative branches as determined necessary by the council or its designee.
7. The council, or its designee, shall perform information systems reviews and audits of information technology systems or applications of executive branch state agencies, institutions, and departments, institutions under the control of the state board of higher education, and agencies of the judicial and legislative branches, as determined necessary by the council, or its designee. The reviews and audits may include evaluating compliance with system or application requirements, data integrity, security, controls, audit trails, backup and recovery methods, and the effectiveness and appropriateness of the system in achieving its intended purpose, as applicable.
8. The council, or its designee, shall monitor the implementation of information technology systems development projects and application development projects for conformance with the agency's strategic plan and compliance with statewide policies and standards as determined necessary by the council, or its designee, and report any nonconformance or noncompliance discovered to the council or its designated committee.
9. As used in this section, "information technology" means computing and data communications systems and their supporting infrastructure used in the acquisition, processing, management, analysis, storage, and delivery of information.

SECTION 6. AMENDMENT. Section 54-44.2-00.1 of the North Dakota Century Code is amended and reenacted as follows:

54-44.2-00.1. Definitions. As used in this chapter:

1. ~~"Data processing" or "electronic data processing" means the systematic sequencing of operations performed by data processing equipment or programs, or both, upon data stored or entered in alphabetic, numeric, or alphanumeric format. "Information technology" means computing and data communications systems and their supporting infrastructure used in the acquisition, processing, management, analysis, storage, and delivery of information.~~
2. ~~"Data processing equipment" means an electronic device or associated devices, except calculators and stand alone noncommunicating word processors, which perform logical, arithmetic, and memory functions by the manipulation of electronic or magnetic impulses and includes all compiling and related input, output, and storage, equipment, programs and procedures, and data processing communications facilities. "Information technology services" means the equipment, software, and services necessary for the acquisition, processing, management, analysis, storage, and delivery of information.~~

3. ~~"Telecommunications" means the electronic exchange of voice, data, image, and video information. "Telephone services" means the equipment, software, and services necessary to transmit voice, data, or video through the public telephone network.~~
4. ~~"Transmission facilities" means terrestrial lines, and microwave, lightwave, and satellite facilities.~~
5. ~~"Word processing" means the textual formatting, correcting, editing, and rearranging of language elements, designed to convey full messages in English syntax, through manipulation of electronic or magnetic impulses. "Word processors" are devices on which word processing can be carried out.~~

SECTION 7. AMENDMENT. Section 54-44.2-01 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

54-44.2-01. Information services division - Creation. The information services division is established in the office of management and budget. The director of the office of management and budget shall appoint a director of the information services division. The director of the information services division shall supervise and regulate ~~electronic data processing activities~~ the information technology of all executive branch state agencies, institutions, departments, and boards, ~~except the job service North Dakota and the office of the adjutant general~~ excluding the institutions under the control of the board of higher education. ~~The division shall establish an electronic data processing center which must, unless excepted by the director, be used by all executive branch state agencies, departments, and institutions except the institutions under the control of the board of higher education, the job service North Dakota, and the office of the adjutant general. The division shall provide data processing services to the legislative and judicial branches of government. If the division is unable to fulfill a request for service from the legislative or judicial branch of government, the service may be procured by the legislative or judicial branch within the limits of legislative appropriations.~~

The director of the information services division must be appointed upon the basis of education, experience, and other qualifications in ~~data processing information technology~~ and administration. ~~The position of director is not a classified position and the director, without reference to partisan politics, and~~ must serve at the pleasure of the director of the office of management and budget. The director of the information services division shall employ such other professional, technical, and clerical personnel as the director determines to be necessary to carry out the duties prescribed in this chapter and shall, within the limits of the legislative appropriation, ~~shall~~ fix the salaries of all employees within the division. All personnel within the division must be allowed their actual and necessary travel expenses at the same rate as for other employees of the state.

SECTION 8. AMENDMENT. Section 54-44.2-02 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

54-44.2-02. Information services division - Powers and duties. The information services division shall:

1. ~~Provide systems design, programming, and other data processing information technology services.~~
2. ~~Design, plan, justify, and implement all data processing systems within and between state agencies that utilize the services of the division. Provide telephone services.~~
3. Have the authority to purchase or lease ~~such additional~~ equipment or replace, including by trade or resale, present equipment as may be necessary to carry out this chapter. Each executive branch department, agency, or institution, ~~except the institutions under the control of the board of higher education, the job service North Dakota, and the office of adjutant general,~~ shall submit to the ~~director of the information services division for approval or disapproval~~ and the legislative council, or its designee, in accordance with ~~guidelines established by the division,~~ a written request for data processing services that require new data processing applications. ~~A request must also be submitted for modifications to existing data~~

~~processing applications which are expected to increase the cost of operating such data processing applications by more than fifteen percent. The director may approve or disapprove the lease, purchase, or other contractual acquisition of additional or new electronic data processing information technology services or equipment by executive branch agencies, except the institutions under the control of the board of higher education, the job service North Dakota, and the office of adjutant general. The director may authorize a user agency to house and operate electronic data processing equipment. The information services division shall review requests for conformance with the requesting organization's strategic plan and compliance with statewide policies and standards. If the request is not in conformance or compliance, the information services division may disapprove the request or require justification for the departure from the strategic plan or statewide policy or standard. The division shall inform the legislative council, or its designee, of any requests disapproved or additional justification received relating to a request.~~

- ~~4. Provide data processing information technology services, including assistance and advisory service to the legislative, executive, and judicial branches. If the division is unable to fulfill a request for service from the legislative or judicial branch, the service may be procured by the legislative or judicial branch within the limits of legislative appropriations.~~
- ~~5. Establish and justify data processing activities and costs in order that effectiveness can be measured.~~
- ~~6. Establish a data bank to eliminate the duplicate storage of common data and thereby develop more economical and efficient use of the data processing system. The data bank must consist of data, except where data is restricted from such use by law and such confidentiality cannot be reasonably maintained in the data bank, contained within the files of all agencies, departments, and institutions being provided services by the division. If the data bank contains data of use to other departments, agencies, and institutions, the data may be made available to such departments, agencies, and institutions after notice has been given to the agency, department, or institution from which the data was originally received.~~
- ~~7. Analyze proposals for executive branch agency word processing equipment and facility acquisitions and make such comments and recommendations as it may believe necessary so that such equipment and facilities will be compatible with electronic data processing equipment and programs under the supervision of the division. The office of management and budget may not approve vouchers for acquisition of word processing equipment and facilities by executive branch agencies unless the vouchers have attached to them the division's comments and recommendations.~~
- ~~8. Conduct conferences and meetings with various state agencies, departments, institutions, and political subdivisions to review proposals and provide information on improving telecommunications and transmission facilities in government and coordinate information technology services. The information services division shall report annually to the legislative council or its designated committee regarding the coordination of services with political subdivisions.~~
- ~~9. Implement improvements in the state telecommunications and transmission facilities as are feasible and within the limitations of appropriated funds.~~
- ~~10. Adopt any rules determined to be necessary to establish standard procedures and practices in the development and use of telecommunications and transmission facilities provided by the division.~~
- ~~11. Provide advice, general guidelines, and information to political subdivisions on the compatibility and interactive capacity of computers and other electronic information systems with the goal of developing a statewide compatible electronic communications network by 1996.~~
42. 6. Have authority to request information on or review information technology systems, applications, system development projects, and application

development projects of executive branch departments, agencies, and institutions.

7. Perform all other duties necessary to carry out this chapter.

SECTION 9. Four new sections to chapter 54-44.2 of the North Dakota Century Code are created and enacted as follows:

Information technology standards. The information services division, based on information from state agencies, institutions, and departments, and in consultation with the legislative council, shall develop statewide information technology policies, standards, and guidelines. Unless an exception is granted by the information services division, each executive branch state agency, institution, or department, excluding the institutions under the control of the board of higher education, shall comply with the policies and standards developed by the information services division.

Information technology planning. Each executive branch state agency, institution, or department, including the institutions under the control of the board of higher education, shall prepare an information technology strategic plan, subject to approval by the information services division. The plan must be submitted to the information services division and the legislative council by January fifteenth of each even-numbered year. The plan must be prepared based on guidelines developed by the information services division in consultation with the legislative council; must provide the information technology goals, objectives, and activities of the organization for the next five years; and must include a detailed list of information technology assets owned, leased, or employed by the agency, institution, or department. Each agency, institution, or department shall provide interim updates to its plan if major information technology changes occur which affect its plan. The information services division shall review each agency's, institution's, or department's strategic plan for compliance with statewide information technology policies and standards and may require an agency, institution, or department to change its strategic plan to comply with statewide policies or standards or to resolve conflicting directions among plans. Agencies of the judicial and legislative branches shall file their information technology strategic plans with the information services division and the legislative council by January fifteenth of each even-numbered year. Each agency, institution, or department shall prepare its budget request for the next biennium based on its information technology strategic plan. Based on the plans prepared by agencies, institutions, and departments, the information services division shall prepare a statewide information technology strategic plan and distribute copies of that plan to members of the legislative assembly as requested by the legislative council or its designee.

Information technology coordination - Report to legislative council. The director of the information services division and the commissioner of the board of higher education shall meet at least twice each year to plan and coordinate their information technology systems and services. The director and commissioner shall consider areas in which joint or coordinated information technology systems and services may result in more efficient and effective state government operations. The director and commissioner shall report their findings and recommendations to the legislative council or its designated committee before November of each year.

Information technology management reviews - Report to legislative audit and fiscal review committee. The information services division shall review the information technology management of executive branch state agencies, institutions, or departments, including the institutions under the control of the board of higher education, as determined by the director of the information services division. The review must include an evaluation of the organization's planning effectiveness, conformance to its strategic plan, compliance with statewide policies and standards, asset quality, and training methods, and for an organization that contracts for information technology services, an analysis of the organization's contract management system and the contractor's compliance with contract provisions. If an agency, institution, or department is found not to be in compliance with statewide policies and standards and does not agree to come into compliance, the information services division may report the issue to the legislative audit and fiscal review committee. The information services division shall report recurring issues of noncompliance to the legislative audit and fiscal review committee.

SECTION 10. AMENDMENT. Section 54-44.2-04 of the North Dakota Century Code is amended and reenacted as follows:

54-44.2-04. Appointment of data processing information technology coordinators. Each agency, department, or institution of this state utilizing the services and equipment provided by the information services division shall appoint an electronic data processing information technology coordinator. The coordinator shall maintain liaison with the division and assist the division in such activities as the establishment of priorities, rescheduling, reports, and other areas related to making the most economical use of the data processing services and equipment information technology.

SECTION 11. AMENDMENT. Section 54-44.2-06 of the North Dakota Century Code is amended and reenacted as follows:

54-44.2-06. Secrecy provision Confidentiality. The personnel of the information services division may receive from the various departments, and the employees of the various departments may provide to the division; any information from the files and records of the various departments necessary to effect the purposes of this chapter without regard to the confidential or secret nature of the information; provided, however, the personnel of the division are is subject to the same restrictions and penalties regarding the dissemination of this information as are the personnel of the department involved.

SECTION 12. AMENDMENT. Section 54-44.2-07 of the North Dakota Century Code is amended and reenacted as follows:

54-44.2-07. Acceptance of federal and other funds. Funds received by a state agency or institution from the government of the United States for the purpose of matching state funds for the purpose of improving normal or emergency telecommunication systems may be deposited in the information services operating fund, unless the funds have been specifically appropriated by the legislative assembly for some other purpose or unless transfer would be contrary to the federal regulations governing the grant. The information services division may accept federal or other funds, which must be deposited in the information services operating fund and which may be spent subject to legislative appropriations. The director of the information services division may apply for any public or private grants available for the improvement of telecommunication systems information technology.

SECTION 13. AMENDMENT. Section 54-44.2-08 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

54-44.2-08. Access to electronically stored information - Coordination by information services division. An entity of the state may establish procedures for providing access to any computer data base or electronically filed or stored information maintained by that entity. The procedures must address the measures that are necessary to maintain the confidentiality of information protected by federal or state law. The entity may charge a reasonable fee for providing that access. If the original information is keyed, entered, provided, compiled, or submitted by any political subdivision, the fees must be shared by the state and the political subdivision based on their proportional costs to make the data available. The information services division shall cooperate with each state entity providing access to any computer data base or electronically filed or stored information to assist in providing economical, efficient, and compatible access.

SECTION 14. REPEAL. Sections 15-65-04, 54-44.2-02.1, 54-44.2-02.2, 54-44.2-02.3, and 54-44.2-02.4 of the North Dakota Century Code and section 54-44.2-02.5 of the 1995 Supplement to the North Dakota Century Code are repealed.

SECTION 15. LEGISLATIVE INTENT - INFORMATION TECHNOLOGY STRATEGIC PLANS. It is the intent of the fifty-fifth legislative assembly that state agency information technology strategic plans include the following:

1. Each state agency information technology strategic plan should include an executive summary consisting of:
 - a. Proposed information technology direction for the agency.
 - (1) Overall information technology plan summary, including benefits and outcomes justifying the plan.
 - (2) The compatibility of the agency's plan with the statewide information technology plan (when complete).

- (3) Major goals, objectives, timelines, and projected costs, by funding source.
 - (a) Short-term - The current biennium.
 - (b) Medium-term - One to three years (subsequent biennium).
 - (c) Long-term - Three to five years (second subsequent biennium).
 - (4) A summary of each major project in the plan which includes information on:
 - (a) Total project cost.
 - (b) Cost for each biennium, by funding source.
 - (c) Estimated development costs, including costs within the agency, information services division services required, and contract services needed.
 - (d) Estimated ongoing maintenance and support costs, including costs within the agency, information services division services required, and contract services needed.
 - (e) Personnel training costs.
 - b. Annual projections for five years of operational costs by funding source, including federal funds, of the agency's current information technology systems including full-time equivalent positions, information services division services, contract services, and training.
 - c. Information technology accomplishments, including major agency accomplishments relating to the agency's goals and objectives included in the previous information technology plan.
2. Each state agency information technology strategic plan should also include:
- a. A description of the agency and a summary of services provided by the agency.
 - b. A list of current information technology systems of the agency, including:
 - (1) Major systems, including a description of the systems, the systems' capabilities to share information with other agencies and political subdivisions, and public access to information in the systems.
 - (2) Other systems, including a description of the systems, the systems' capabilities to share information with other agencies and political subdivisions, and public access to information in the systems.
 - (3) Projected annual operational and support costs by funding source, including federal funds for systems, for five years including projections relating to agency full-time equivalent positions, information services division services, the use of outside consultants, and employee training.
 - (4) An information technology inventory, including the cost of inventory.
 - (5) A description of the agency's information technology contract management system, including procedures used in securing contracts and monitoring procedures during the contract period.

- (6) A list of employee training methods relating to information technology.
 - (7) A disaster recovery plan for the agency's information technology systems.
- c. An assessment of current systems of the agency, including:
- (1) An analysis of the systems, including those aspects of the systems that work well and those that need improvement, including:
 - (a) In-office applications and services.
 - (b) Capability of sharing information with other agencies and political subdivisions.
 - (c) Availability of public access to information.
 - (2) Systems' requirements - Whether federal or state law affects systems' requirements and whether the systems must be approved by the federal government or other organization.
 - (3) Options for systems' modifications, if any are being considered.
- d. Information technology direction for the agency, including:
- (1) An overall agency information technology plans summary.
 - (2) A list of goals and objectives for the agency's information technology systems, including:
 - (a) Short-term - The current biennium.
 - (b) Medium-term - One to three years (subsequent biennium).
 - (c) Long-term - Three to five years (second subsequent biennium).
 - (d) Specific estimated costs by funding source, including federal funds, for each objective during the next three years and an estimated cost range for long-term goals and objectives, if a specific estimate is unavailable.
 - (e) Identification of plans to use agency employees, information services division, or outside consultants to accomplish each objective and, if applicable, the method of contracting which will be used.
 - (f) The benefits resulting from achieving the goals, including the effect on employee productivity and on agency services.
 - (g) The impact on other agencies or users resulting from achieving the goals or objectives.
 - (h) Measurable outcomes that may be realized as a result of achieving the goals or objectives.
 - (3) For each major information technology project in the plan, specific information should be included on:
 - (a) A detailed cost-benefit analysis.
 - (b) Total project cost information, by year and by funding source.

- (c) Project development costs, including costs within the agency, information services division services required, and contract services needed.
 - (d) Estimated ongoing maintenance and support costs, including costs within the agency, information services division services required, and contract services needed.
 - (e) Personnel training costs.
 - (f) Options for phasing in the project.
 - (g) Options for implementing only certain components of the project.
- (4) A list of methods used by the agency to manage information technology costs and to ensure that the systems and services are cost effective.
 - (5) A review of the compatibility of the agency's plan with the statewide information technology plan (when complete) and with statewide information technology policies and standards (when established).
- e. Accomplishments in achieving information technology goals and objectives; including:
 - (1) A list of specific agency accomplishments relating to the agency's goals and objectives included in the previous information technology plan.
 - (2) A comparison of outcomes realized resulting from achieving goals and objectives compared to projected outcomes included in the previous plan.
 - (3) A comparison of actual project costs to project estimates included in the previous plan.

SECTION 16. LEGISLATIVE INTENT - GRANTS FOR THE CENTER FOR INNOVATION IN INSTRUCTION. It is the intent of the fifty-fifth legislative assembly that the funds appropriated for grants to the center for innovation in instruction be distributed by the board of higher education to support teacher and school staff training in educational technology through the center for innovation in instruction.

SECTION 17. LEGISLATIVE INTENT - PRAIRIE PUBLIC BROADCASTING - MATCHING GRANTS. It is the intent of the fifty-fifth legislative assembly that prairie public broadcasting receive grants from the board of higher education. The grants are to be distributed four times each year, in July, October, January, and April. The grants must be fifty cents for each dollar raised by prairie public broadcasting during the three-month period ending in the month immediately preceding the month in which the grants must be distributed. In determining the amount of the grant, revenue from the following sources must be considered: membership contributions for prairie public television and prairie public radio from North Dakota residents, program underwriting contributions raised from organizations doing business in North Dakota, and fees received for the prairie on-line program. Grants may not exceed \$475,000 during any state fiscal year. If, as of June thirtieth of any year, the amount of grants distributed during the preceding twelve months is less than \$475,000, the undistributed amount available for that fiscal year must be deposited in the state general fund.

SECTION 18. APPROPRIATION. The funds provided in this section, or so much of the funds as may be necessary, are hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, and from special funds derived from other income, to the board of higher education for grants for the biennium beginning July 1, 1997, and ending June 30, 1999, as follows:

Grants - center for innovation in instruction	\$ 297,250
Grants - prairie public broadcasting	<u>950,000</u>
Total general fund appropriation	\$1,247,250

SECTION 19. APPROPRIATION. There is hereby appropriated out of any moneys in the general fund in the state treasury, not otherwise appropriated, the sum of \$466,960, or so much of the sum as may be necessary, to the legislative council for the purpose of defraying the expenses of its information technology program for the biennium beginning July 1, 1997, and ending June 30, 1999."

Renumber accordingly

STATEMENT OF PURPOSE OF AMENDMENT:

DEPARTMENT 160 - LEGISLATIVE COUNCIL

SENATE - This amendment makes the following appropriations changes:

Reduces the general fund appropriation provided to the Legislative Council for its information technology functions by \$381,316, from \$848,276 provided in the House version to \$466,960 provided in the Senate version.

DEPARTMENT 215 - NORTH DAKOTA UNIVERSITY SYSTEM

SENATE - This amendment makes the following appropriations changes:

Adds a section of legislative intent providing the information that the Legislative Assembly recommends to be included in state agency information technology strategic plans.

Removes funding added by the House of \$8,223,250, \$8,027,250 of which is from the general fund, for the Educational Telecommunications Council to distribute as educational technology grants. The associated legislative intent sections added by the House relating to this funding are also removed.

Adds a general fund appropriation of \$1,247,250 from the general fund to the Board of Higher Education for providing grants to the Center for Innovation in Instruction of \$297,250 and to Prairie Public Broadcasting of \$950,000. Sections of legislative intent are added providing guidance on the distribution of these grants.

A copy of ~~any such~~ the revolving charge agreement must be delivered or mailed to the retail buyer by the retail seller ~~prior to before~~ before the date on which the first payment is due ~~thereunder~~ under the agreement. ~~Such agreements~~ A revolving charge agreement must state the amount and rate of the credit service charge to be charged and paid pursuant thereto under the agreement. Such The credit service charge, exclusive of late payment or other fees included therein, must be set forth in ~~such~~ the revolving charge agreement in terms of a monthly or annual percentage rate to be applied to the balance outstanding from time to time ~~thereunder~~ under the agreement, as of the beginning or end of each billing period or on a daily basis. Upon written notice, a seller may change the terms of any revolving charge agreement, including the credit service charge, if this right of amendment has been reserved. A change under this authority is effective as to existing balances, if within twenty-five days of the effective date of the change, the buyer does not furnish written notice to the seller that the buyer does not agree to abide by the changes. Upon receipt of this written notice by the seller, the buyer has the remainder of the time under the existing terms in which to pay all sums owed to the seller. Any request for additional credit under a revolving charge agreement, including use of a credit card issued under the agreement, after the effective date of the change of terms, including a change in the credit service charge, is deemed to be an acceptance of the new terms, even though the twenty-five days has not expired. The retail seller under a revolving charge agreement shall promptly supply the retail buyer under ~~such~~ the agreement with a statement as of the end of each monthly period or other regular period agreed upon by the retail seller and the retail buyer, in which there is any unpaid balance thereunder. Such statement must recite the following:

1. The unpaid balance under the revolving charge agreement at the beginning or end of the period.
2. An identification of the goods or services purchased, the cash purchase price and the date of each purchase, unless otherwise furnished by the retail seller to the retail buyer by sales slip, memorandum, or otherwise.
3. The payments made by the retail buyer to the retail seller and any other credits to the retail buyer during the period.
4. The amount of the credit service charge, if any, and also the percentage annual simple interest equivalent of ~~such~~ this amount.
5. A legend to the effect that the retail buyer may at any time pay ~~his~~ the total indebtedness.

The items need not be stated in the sequence or order set forth above. Additional items may be included to explain the computations made in determining the amount to be paid by the retail buyer. If a revolving charge or credit account is also subject to the Truth in Lending Act [15 U.S.C. 1601-1667e], the seller may, instead of complying with this section, comply with all requirements of the Truth in Lending Act.

SECTION 3. AMENDMENT. Section 51-14-03 of the 1995 Supplement to the North Dakota Century Code is amended and reenacted as follows:

51-14-03. Limitation of credit service charge. ~~A seller may, in~~ In a revolving charge agreement, a seller may contract for and, if so contracted for, the seller or holder ~~thereof of the agreement~~ may charge, receive, and collect the service charge authorized by this section. The service charge may not exceed the amount agreed to by the parties ~~computed on the outstanding indebtedness from month to month~~. In the event any payment by a buyer is insufficient to pay both the credit service charge and that portion of the outstanding indebtedness then due, ~~such~~ the payments must first be applied to the credit service charge then due."
