SECTION 4. LINE ITEM TRANSFERS - EMERGENCY COMMISSION AND BUDGET

SECTION APPROVAL. Upon approval of the emergency commission, the director of the office of management and budget may transfer between various line items in subdivisions 1, 2, and 3 of section 1 of this Act appropriation authority of up to ten percent of a given line item to adjust for changing circumstances in meeting established performance measures. Any further transfers must be approved by the budget section.

1 **SECTION 5. CAPITOL BUILDING FUND.** The amount of \$225,000, or so much of the
2 sum as is necessary, included in the estimated income line item in subdivision 1 of section 1 of
3 this Act, is to be spent by the facility management division from the capitol building fund during
4 the biennium beginning July 1, 1999, and ending June 30, 2001. The amount of \$25,000, or so
5 much of the sum as is necessary, included in the estimated income line item in subdivision 1 of
6 section 1 of this Act, is to be spent by the administration division from the capitol building fund
7 for capitol grounds planning during the biennium beginning July 1, 1999, and ending June 30,
8 2001.

9 **SECTION 6. EXEMPTION.** The fiscal management appropriation contained in
10 subdivision 1 of section 1 of chapter 15 of the 1997 Session Laws is not subject to the
11 provisions of section 54-44.1-11 for up to an amount of \$500,000 and any unexpended funds
12 from this appropriation are available for continued development and operating costs of the
13 accounting, management, and payroll systems during the biennium beginning July 1, 1999, and
14 ending June 30, 2001.

15 **SECTION 7. SPECIAL COMPENSATION ADJUSTMENTS FOR CLASSIFIED STATE**
16 **EMPLOYEES.** It is the intent of the fifty-sixth legislative assembly that the statewide
17 compensation plan appropriation included in subdivision 1 of section 1 of this Act be used for
18 market equity compensation adjustments for classified state employees. The special market
19 equity adjustments are to begin with the month of July 1999, to be paid in August 1999. The
20 special market equity adjustments are to be independent of any general salary increase
21 provided by this legislative assembly.

22 The special market equity increases are to be prioritized based on equity for employees
23 whose salaries are furthest from their respective salary range midpoints effective July 1, 1999.
24 Special market equity increases may not be given to employees whose salary exceeds the
25 midpoints of their assigned salary range effective July 1, 1999.

26 Probationary employees are eligible for the special market equity increases.
27 Employees whose documented performance levels do not meet standards are not eligible for
28 the special market equity increases.

29 The central personnel division shall provide a model base plan to each agency.
30 Agencies may adopt the model plan, adopt the model plan with exceptions, or offer an
31 alternative plan that meets the intent outlined in this section.

1 Upon adoption of an appropriate plan and application to the central personnel division,
2 the division shall transfer appropriated general funds or special fund spending authority for the
3 increases to the agencies.

4 **SECTION 8. INTENT - STATE EMPLOYEE COMPENSATION ADJUSTMENTS -**

5 **GUIDELINES.** It is the intent of the fifty-sixth legislative assembly that 1999-2001
6 compensation adjustments for permanent state employees are to be increases of a minimum of
7 \$35 per month, beginning with the month of July 1999, to be paid in August 1999, and a
8 minimum of \$35 per month, beginning with the month of July 2000, to be paid in August 2000.
9 Any increases greater than \$35 per month may not be given across-the-board and must be
10 based on merit and equity. Agency salary funding is increased by 3.0 percent per year.

11 Probationary employees and employees whose documented performance levels do not
12 meet standards are not eligible for the general or additional increases.

13 During the biennium, no salary increase other than the \$35 per month in July 1999 and
14 \$35 per month in July 2000 may be given to an employee whose salary exceeds or would
15 exceed the salary range maximum.

16 It is the intent of the fifty-sixth legislative assembly that the workers compensation
17 bureau provide pay raises based on merit and performance throughout the 1999-2001
18 biennium.

19 **SECTION 9. INTENT.** Within the authority included in subdivision 1 of section 1 of this
20 Act, are the following grants and special items:

23 State memberships and related expenses	317,000
24 Firemen's association	63,000

27 State lobbyist	120,000

28 **SECTION 10. TRANSFER.** During the biennium beginning July 1, 1999, and ending

5 the amount as is necessary, included in the estimated income line item in subdivision 1 of
6 section 1 of this Act, is from the fire and tornado fund.

7 **SECTION 12. BANK OF NORTH DAKOTA TRANSFERS TO STATE GENERAL**
8 **FUND.** During the biennium ending June 30, 2001, the industrial commission shall transfer to
9 the state general fund up to \$50,000,000 from the current earnings and the accumulated
10 undivided profits of the Bank of North Dakota. No more than \$15,000,000 of the amount
11 transferred may come from accumulated undivided profits. The moneys must be transferred in
12 the amounts and at such times as requested by the director of the office of management and
13 budget.

14 No transfers may be made that would reduce the Bank's capital structure below
15 \$100,000,000.

16 **SECTION 13. CONTINGENT BANK OF NORTH DAKOTA TRANSFERS TO STATE**
17 **GENERAL FUND - BUDGET SECTION APPROVAL.** If, during the biennium ending June 30,
18 2001, the director of the office of management and budget determines via revised projections
19 that general fund revenue collections will not meet the revenues as forecast in the March 1999
20 legislative forecast, then the industrial commission shall transfer to the state general fund an
21 additional amount, as determined by the director of the office of management and budget and
22 as approved by the budget section, from the earnings and accumulated and undivided profits of
23 the Bank of North Dakota. Transfers made under the provisions of this section may not be
24 made before July 1, 2000, and may only be made to the extent that the transfer is necessary to
25 achieve a projected June 30, 2001, general fund balance of \$10,000,000. The moneys must
26 be transferred in amounts and at such times as requested by the director of the office of
27 management and budget. The additional amount transferred may not exceed the lesser of
28 \$40,000,000 or the revenue shortfall of actual collections compared to the March 1999
29 legislative forecast.

30 No transfers may be made that would reduce the Bank's capital structure below
31 \$100,000,000.

1 **SECTION 14. FEDERAL PROGRAM TERMINATIONS - BLOCK GRANT - FUNDING**
2 **REDUCTIONS - RELATED PROGRAM REDUCTIONS - REPORTS TO THE BUDGET**

3 **SECTION.** If the federal government during the 1999-2001 biennium terminates funding for
4 any program administered by an agency, department, or institution of the state of North Dakota,
5 the agency, department, or institution, subject to budget section approval, may terminate the
6 program and not replace the reduction in federal funds with state funds, notwithstanding any
7 other provision of law. If the federal government combines funding for separate programs in a
8 block grant resulting in a reduction of total federal funds available for those programs, the
9 administering agency, department, or institution may, subject to budget section approval,
10 prioritize or reprioritize programs as necessary in making programmatic reductions. The
11 agency, department, or institution may administer funds available under a new federal block
12 grant or similar measure, consistent with the terms of that measure, notwithstanding any other
13 provisions of law intended to conform to or implement the provisions of the repealed federal
14 Act, and shall report any program terminations, reductions, or changes resulting from this
15 section to the budget section of the legislative council for its approval.

16 **SECTION 15. PROGRAM-BASED PERFORMANCE BUDGETING.** The office of
17 management and budget shall discontinue the program-based performance budgeting pilot
18 project when preparing the 2001-03 biennium budget documents and accompanying
19 appropriation bills. Budget documents for the 2001-03 biennium are to be based on the
20 standard line items and are not to contain agency performance measures.

21 **SECTION 16. LEGISLATIVE COUNCIL INTERIM STUDY OF PERFORMANCE**
22 **INCENTIVE PILOT PROGRAMS.** The legislative council shall consider studying the
23 establishment of agency performance incentive pilot programs. If conducted, the study should
24 address how agencies could develop, implement, administer, maintain, and evaluate
25 performance incentive pilot programs. The study should also address the development of
26 personnel policies and procedure manuals and how pay raises which may not be across the
27 board are to be awarded as a reward and incentive for superior performance and the length of
28 time they may be in effect. The legislative council shall report its findings and
29 recommendations, together with any legislation required to implement the recommendations, to
30 the fifty-seventh legislative assembly.

1 **SECTION 17. AMENDMENT.** Subsection 2 of section 32-12.2-07 of the 1997
2 Supplement to the North Dakota Century Code is amended and reenacted as follows:

3 2. The state risk management fund is a special fund in the state treasury
4 administered by the director of the office of management and budget. The fund is
5 a revolving fund consisting of contributions from participating state entities, all
6 payments received by the fund from its activities, and other appropriations by the
7 legislative assembly. The state investment board shall invest the fund in
8 accordance with chapter 21-10. Funds received as contributions from state
9 entities, all other payments deposited in the fund, and interest and income
10 received on investments are hereby appropriated on a continuing basis for the
11 purposes of the fund. Section 54-44.1-11 does not apply to the fund.

12 **SECTION 18. AMENDMENT.** Section 54-16-04.1 of the 1997 Supplement to the North
13 Dakota Century Code is amended and reenacted as follows:

14 **54-16-04.1. May authorize acceptance and disbursement of federal funds.** The
15 emergency commission with the advice and counsel of the executive office of the budget may
16 authorize the state treasurer to receive any moneys not appropriated by the legislative
17 assembly which are made available by any federal agency and which the legislative assembly
18 has not indicated an intent to reject. The emergency commission may authorize pass-through
19 federal funds from one state agency to another state agency. The emergency commission,
20 with approval of the budget section of the legislative council if the amount under consideration
21 exceeds fifty thousand dollars, may authorize any state officer to expend federal moneys from
22 the date such moneys become available until June thirtieth following the next regular legislative
23 session. The expenditures must be consistent with state law and with the terms of the grant
24 and the program may not commit the legislative assembly for matching funds in the future
25 unless the program has first been approved by the legislative assembly. A state officer may not
26 expend funds received from the federal government which have not been specifically
27 appropriated by the legislative assembly except as provided in this chapter. A state officer shall
28 submit an expenditure plan with a request for approval under this section of expenditure of
29 federal funds combined with or as part of a block grant for a new or existing program.

30 **SECTION 19. AMENDMENT.** Section 54-16-04.2 of the 1997 Supplement to the North
31 Dakota Century Code is amended and reenacted as follows:

1 **54-16-04.2. Commission may authorize acceptance and expenditure of moneys.**

2 The emergency commission, upon the advice of the office of management and budget, with
3 approval of the budget section of the legislative council if the amount under consideration
4 exceeds fifty thousand dollars, may authorize a state officer to receive moneys from gifts,
5 grants, donations, or other sources, not otherwise appropriated by the legislative assembly, for
6 new or existing programs if the legislative assembly has not indicated an intent to reject the
7 moneys or the program. The emergency commission may authorize the state officer to expend
8 money received under this section from the date the money becomes available until June
9 thirtieth following the next regular legislative session.

10 **SECTION 20.** A new section to chapter 54-23.2 of the North Dakota Century Code is
11 created and enacted as follows:

12 **Mobile data terminal and 911 service fees.** State radio communications shall
13 establish and charge fees to provide mobile data terminal service to interested local law
14 enforcement agencies. The fees must be based on actual costs incurred by state radio
15 communications for providing the service.

16 State radio communications shall charge at least twenty cents per telephone for 911
17 services provided to political subdivisions. Each county currently receiving 911 services from
18 state radio communications shall abide by the standards established by the governor's
19 emergency services advisory committee.

20 **SECTION 21. AMENDMENT.** Section 54-27.2-02 of the 1997 Supplement to the North
21 Dakota Century Code is amended and reenacted as follows:

22 **54-27.2-02. ~~(Effective through June 30, 1999) Certain general fund revenues to be~~**
23 **deposited in the budget stabilization fund.** Notwithstanding any other provision of law

3 **SECTION 22. RETROACTIVE APPLICATION.** Section 17 of this Act is effective for all
4 funds received and deposited into the risk management fund on or after July 1, 1997.

5 **SECTION 23. EMERGENCY.** Section 2 of this Act is declared to be an emergency
6 measure.
