Narrative: This bill creates a state meat inspection service to examine and inspect meat products prepared solely for intrastate slaughter, meat canning, salting, packing, or similar establishment. The Commissioner of Agriculture will appoint inspectors that will be present during the slaughter of animals and in the preparation of food products.

The Federal Government pays for 50% of the cost of the program if program adopts Title 9 as a minimum standard. State funds would be required for the balance of the funds. Revenues generated are from a \$100 license fee per plant per year.
