NORTH DAKOTA WORKERS COMPENSATION BUREAU
1999 LEGISLATION
SUMMARY OF ACTUARIAL INFORMATION

BILL DESCRIPTION: **Workers' Adviser Program; Independent Performance Audit**

BILL NO: HB 1325

SUMMARY OF ACTUARIAL INFORMATION: The Workers Compensation Bureau, with the assistance of its Actuary, Glenn Evans of Pacific Actuarial Consultants, has reviewed the legislation proposed in this bill in conformance with Section 54-03-25 of the North Dakota Century Code.

The proposed legislation removes the sunset clause from the law creating the Workers' Adviser Program; provides additional funding to expand the program; changes the name to "Office of Independent Review"; and protects the confidentiality of the program's files.

The proposed legislation clarifies that a firm with workers compensation expertise selected to conduct the biennial independent performance audit cannot be construed to mean a CPA firm; and provides a continuing appropriation for the audit to ensure competitive bidding without a legislatively established "cost floor".

FISCAL IMPACT: Not quantifiable. The proposed legislation will increase the funding to administer the Office of Independent Review by approximately \$300,000 per biennium. Total biennial costs for this program are projected to be \$440,000. The increase in expenses can be contained within the current rating structure. The proposed legislation will serve to improve and expedite the service provided by the Office of Independent Review reducing unnecessary legal and return to work costs associated with dispute resolution delays.

It is also anticipated that the cost of the audit may be reduced by providing a continuing appropriation for the independent biennial performance audit to ensure a more competitive bid process.

AMENDMENT: The proposed amendment changes all references within Sections 65-02 and 65-03 to biennial independent performance "audit" to biennial independent performance "evaluation".

The amendment will result in no change to the fiscal impact for the bill as introduced.
