NORTH DAKOTA WORKERS COMPENSATION BUREAU
1999 LEGISLATION
SUMMARY OF ACTUARIAL INFORMATION

BILL DESCRIPTION: **Permanent Partial Impairment**

BILL NO: HB 1422

SUMMARY OF ACTUARIAL INFORMATION: The Workers Compensation Bureau, with the assistance of its Actuary, Glenn Evans of Pacific Actuarial Consultants, has reviewed the legislation proposed in this bill in conformance with Section 54-03-25 of the North Dakota Century Code.

The proposed bill increases awards for all injured workers with qualifying permanent impairments; bases awards on the average weekly wage at the time of evaluation; requires the Bureau to implement an impairment rating system by administrative rule making it possible to use up-to-date evaluation techniques; provides for a single award at the time of overall maximum medical improvement for the impairment caused by the work injury; clarifies the consideration of pain in impairment evaluations; and enhances dispute resolution through independent medical review, preventing unnecessary litigation.

FISCAL IMPACT:

Rate Level Impact: It is anticipated the proposed bill will generate an increase in the rate level for Fiscal Year 1999-00 of approximately **1.5%** from the level that would otherwise be required.

Reserve Level Impact: It is anticipated the retroactive nature of the proposed change will increase required reserve levels for injuries occurring prior to the effective date of the law. The actuary's calculations suggest that the increase in discounted reserves could fall in a range between **\$7 million and \$8 million.**
