Bill/Resolution No.: SB 2256

Amendment to:

Requested by Legislative Council

Date of Request: 1-18-99

1. Please estimate the fiscal impact (in dollar amounts) of the above measure for state general or special funds, counties, cities, and school districts.

Narrative: *The bill provides that the Public Service Commission establish a database of customers who choose not to be called by telemarketers. The PSC envisions that the duties assigned to it by this bill will be privatized with a private operator retaining all the revenues generated from the service in return for providing the service. The PSC anticipates that there will be no net effect on the general fund through creating and administering a database. The enforcement of the law however, will be the responsibility of the Attorney General. The Attorney General's office should be consulted concerning the effect the enforcement provisions will have on the general fund.*
