1. Please estimate the fiscal impact (in dollar amounts) of the above measure for state general or special funds, counties, cities, and school districts.

**Narrative:**

In the January following the session, the superintendent of public instruction shall determine if the projected student enrollment used to establish statutory per student payments remains accurate. If an ending balance is projected, the superintendent shall calculate a supplemental payment to school districts based on the revised student enrollment count and anticipated ending balance. Approval of the budget section is required.

Since this bill authorizes payment out of an anticipated ending balance of funds appropriated for foundation aid and transportation, there is no fiscal impact.
