Bill/Resolution No.: SB 2285 Amendment to: _____

Requested by Legislative Council Date of Request: 1-19-99

1. Please estimate the fiscal impact (in dollar amounts) of the above measure for state general or special funds, counties, cities, and school districts.

Narrative:

The licensure provision of this bill will result in the licensure of approximately 72 quick response units and 118 rescue services. The statute establishes the maximum license fee per service at \$25 per license per year. The annual license fees for 190 services at \$25 per license would be \$4,750.

The statute would require compliance by quick response units and rescue services for standards established by administrative rule which has not yet been developed. We believe, however, that the administrative rules establishing the standard would be set at a level at which most quick response units and rescue services are currently in compliance and that few additional expenditures would need to be made for additional equipment.
