**Narrative:**

SB 2441 provides bonuses for school districts who consolidate into larger administrative units. The newly formed units must be at least 800 square miles in area and operate K-12 educational programs. The bonus amount of the 1999-2001 biennium could be up to \$3 million from the foundation aid and transportation grant line in the Department of Public Instruction's appropriation. These payments can be made only after all other statutory obligations are met. The bonuses under the bill are paid to districts after the reorganization is completed. The bonus for any reorganized district is capped at \$500,000. The amended bill also provides for payment of up to \$3 million in additional foundation aid if carry over exists in the appropriation after other obligations are met.
