Representatives Froseth, Brandenburg, Ekstrom, S. Kelsh

- 1 A BILL for an Act to create and enact a new section to chapter 54-21.3 of the North Dakota
- 2 Century Code, relating to recognition of third-party building, electrical, fire, and plumbing
- 3 inspections for modular residential and commercial structures.

## 4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

**SECTION 1.** If Senate Bill No. 2032 of the fifty-seventh legislative assembly does not become effective, a new section to chapter 54-21.3 of the North Dakota Century Code is created and enacted as follows:

Modular residential and commercial structures - Third-party inspections - Rules.

The manufacturer of a modular residential or commercial structure that is built in a factory may

contract with a third party for the inspection of the structure for compliance with all applicable

building, electrical, fire, and plumbing codes and standards during the manufacturing process in

the factory. A third party that conducts inspections and certifies compliance with all applicable

codes and standards must be approved as a certified third-party inspector by the director of the

office of management and budget. The director of the office of management and budget shall

15 adopt rules for the certification of inspectors and for the procedures to be followed in

16 conducting inspections of modular residential and commercial structures. If a manufacturer of

modular residential or commercial structures contracts with a certified third-party inspector to

monitor compliance with all applicable building, electrical, fire, and plumbing codes and

standards for a modular residential or commercial structure, no further inspection by state or

local building, electrical, fire, or plumbing inspectors may be required for that structure during

21 the manufacturing process in the factory.

**SECTION 2.** If Senate Bill No. 2032 of the fifty-seventh legislative assembly becomes effective, a new section to chapter 54-21.3 of the North Dakota Century Code is created and enacted as follows:

## Modular residential and commercial structures - Third-party inspections - Rules.

The manufacturer of a modular residential or commercial structure that is built in a factory may contract with a third party for the inspection of the structure for compliance with all applicable building, electrical, fire, and plumbing codes and standards during the manufacturing process in the factory. A third party that conducts inspections and certifies compliance with all applicable codes and standards must be approved as a certified third-party inspector by the division of community services. The department of commerce shall adopt rules for the certification of inspectors and for the procedures to be followed in conducting inspections of modular residential and commercial structures. If a manufacturer of modular residential or commercial structures contracts with a certified third-party inspector to monitor compliance with all applicable building, electrical, fire, and plumbing codes and standards for a modular residential or commercial structure, no further inspection by state or local building, electrical, fire, or plumbing inspectors may be required for that structure during the manufacturing process in the factory.
