¹ This amendment removes one FTE auditor I position added by the House for the agency's state audit division. The agency unfunded two FTE auditor I positions in the base budget request for the 2001-03 biennium; the positions were deleted in the Schafer and Hoeven budget recommendations.

² The Schafer and Hoeven budget recommendations included \$35,000 for salary adjustments, in addition to the executive budget compensation package, to increase entry-level auditor salaries to assist in reducing agency turnover. The Senate version increases funding for this purpose by \$17,000, to provide a total of \$52,000.

³ The House reduced funding for operating expenses by \$30,000 to partially offset the cost of the two FTE positions added by the House. The Senate amendment restores the \$30,000 for operating expenses.

¹ This amendment reduces funding for the state contingency fund by \$100,000, from \$600,000, to \$500,000. Funding of \$600,000 was provided for the 1999-2001 biennium.

² This amendment reduces funding provided for replenishing the preplanning revolving fund by \$112,000, from \$207,000 to \$95,000. The funding provided will result in \$250,000 of total available funds in the preplanning revolving fund, and increase of \$50,000 from the 1999-2001 level.

³ This amendment reduces funding for a statewide salary pool for equity increases for classified state employees by \$400,000, from \$5,400,000 to \$5,000,000, of which \$2,700,000 is from the general fund and \$2,300,000 is from special funds.

⁴ This amendment removes funding related to the Division of Community Services in order to implement the consolidation of the Department of Economic Development and Finance, the Division of Community Services, and the Tourism Department into a new Department of Commerce as recommended in the Hoeven executive budget and to be provided for in Senate Bill No. 2019.

This amendment anticipates that the Office of Management and Budget and the Emergency Commission will not spend \$300,000 of the \$600,000 in funding provided for the 1999-2001 biennium for state contingencies. This will result in additional general fund turnback of \$300,000 at the end of the 1999-2001 biennium which will be reflected in the legislative budget status as an increase to the July 1, 2001, general fund balance.

House Bill No. 1015 - Other Changes - Senate Action

This amendment also:

- Amends Section 5 and removes Section 6 of the engrossed bill to remove the provision that any agency may provide additional average salary increases of one percent for the second year of the 2001-03 biennium to the extent that the increases can be paid without an increase in the agency's appropriation and to add a statement that agency salaries and wages appropriations in total are increased by approximately two percent for the 2001-03 biennium relating to increased health insurance benefit costs.
- Amends Section 9 of the engrossed bill to reduce the amount of anticipated proceeds to be realized from the sale of loans in the developmental disabilities revolving loan fund by \$700,000, from \$2,700,000 to \$2,000,000. (The fiscal impact resulting from this change was included in the budget status based on the committee motion on March 16, 2001.)
- Amends Sections 11 and 12 of the engrossed bill to increase the amount to be transferred to the state general fund from the Bank of North Dakota by \$10 million, from \$50 million to \$60 million, and to increase the Bank's capital structure limit from \$100 million to \$140 million.
- Adds a section to the bill to provide for a transfer to the state general fund from the student loan trust in the amount of \$9 million.
- Adds a section to the bill to provide a conditional exemption for state property from city special assessments for flood control.
- Creates a new section to the North Dakota Century Code which requires the Office of Management and Budget, in conjunction with the Information Technology Department, to complete a cost-benefit analysis for each new building construction project requested in state agency budget requests and report on the cost-benefit analyses for those projects included in the Governor's budget to the Legislative Assembly.

Section 2 authorizes \$200,000 of funds already approved for water development projects for Section 319 of the Federal Water Pollution Control Act for control of nonpoint sources of pollution.

Section 9 of the engrossed bill relating to the tobacco settlement trust fund is removed as the expenses of the State Water Commission are to be paid from the general fund.

The amendment changes Section 14 and limits the capital bonding for water projects to \$20 million and requires in Section 16 that water projects funded from the water development trust fund cannot exceed 75 percent of the amount appropriated from the fund and the remaining 25 percent may be appropriated only to the extent funds are available in the water development trust fund.

The \$5,500,000 authorized for Fargo flood control projects includes \$500,000 for preliminary study and planning of the project and \$5,000,000 for construction of the project as provided for in Section 23.

Section 20 includes language that programs for the conservation and development of state water resources may include cost-sharing with local sponsors of water quality improvement projects.

Legislative intent is added that the water development trust fund not be used to fund administrative expenses of the State Water Commission in future bienniums (Section 22).

Section 23 is added requiring permits to be issued, approval from the Southeast Cass Water Resource District, and a public hearing process prior to issuance of bonds or funding being provided for Fargo flood control projects.

¹ The nursing facility nurses student loan payment program is changed from the state paying an eligible nursing facility nurse's student loan payment directly to the financial institution as proposed by the House to providing a grant of up to \$5,500 to an eligible nursing facility during the first year of the biennium for the facility to use for assisting in the repayment of nursing student loans. Each facility must provide an equal amount as matching. If appropriation authority remains available for the second year of the biennium, the State Health Council may provide additional matching grants to nursing facilities for the same purpose.

This amendment provides a \$489,500 appropriation from the health care trust fund for this program rather than transferring \$1,000,000 from the health care trust fund to a nursing facility nurses student loan payment fund and providing a \$200,000 appropriation from that fund as included in the House version.

1 The funding provided for loans is increased to \$13 million from the health care trust fund.

2 Funding for the nursing home bed reduction incentive program is reduced by \$100,000 from the health care trust fund.

The maximum payment allowed for reducing a bed is increased from \$10,000 to \$15,000 and provisions included in the House version that authorized a lower payment for reducing fewer than eight beds are removed.

Provisions are added providing that the department:

- May not pay an incentive to a nursing facility that is temporarily converting nursing facility bed capacity to basic care bed capacity.
- Shall allow for nursing facilities to make offers to reduce bed capacity each quarter and that the department must approve all offers that meet the program's criteria and are within available funding.
- Shall inform a nursing facility within five business days regarding the department's approval or disapproval of the facility's offer to reduce beds.

3 Additional funding of \$483,457 is provided from the health care trust fund and \$1,128,066 of federal funds is provided to rebase nursing facility cost limits to 2000 rather than 1999 as included in the House version.

4 Additional funding of \$43,200 is provided from the health care trust fund and \$86,400 of federal funds is provided to increase the personal care allowance for individuals residing in intermediate care facilities for the mentally retarded (ICF/MR) from \$40 to \$50 per month.

Provisions are added that:

- Require any basic care bed capacity that is being converted to nursing facility bed capacity to have been licensed as basic care after July 1, 2001.
- Change the dates on the moratorium on the expansion of long-term care bed capacity to reflect the 2001-03 biennium.
- Remove the definition of "assisted living facility" from North Dakota Century Code Chapter 50-30.
- Expand the long-term care needs assessment study to include the nursing facility payment system.

⁵ Removes \$80,000 of funding from the community health trust fund under the grants line item, which was added by the Senate, and \$133,997 under the operating line item for food and formula relating to phenylketonuria (PKU). It is the intent of this amendment that the PKU food and formula program will be transferred to the Department of Human Services.

⁶ Provides additional funding authority for grants to public health units from maternal and child health block grant federal funds.

⁷ Removes funding from the community health trust fund for the donated dental services program. It also removes a section in the bill relating to the program.

⁸ Adjustment to the salaries, operating, equipment, and grants line items to reflect the actual budget breakdown of the Centers for Disease Control and Prevention grant. An amendment was made in the Senate to transfer the federal grant dollars to a tobacco prevention and control line item, in which the entire transfer was made from the grants line item.

⁹ Creates a separate line item for funding from the Centers for Disease Control and Prevention for statewide tobacco prevention and control. This provides separate line items for the tobacco prevention moneys from the community health trust fund and the Centers for Disease Control and Prevention.

¹⁰ This amendment appropriates \$50,000 from the Attorney General refund fund for a grant to the North Dakota Stockmen's Association for developing and beginning to implement a plan to reduce the potential environmental impact from livestock operations and for matching federal Environmental Protection Agency 319 funds.
