

Fifty-eighth
Legislative Assembly
of North Dakota

**ENGROSSED HOUSE CONCURRENT
RESOLUTION NO. 3075**

Introduced by

Representatives Galvin, Kreidt

1 A concurrent resolution directing the Legislative Council to study and identify federal and state
2 statutory and regulatory policies that discourage or prevent final bond release applications from
3 being filed and study and identify Public Service Commission regulatory policies that could be
4 implemented to encourage flexibility in proving reclamation success and reducing
5 administrative and regulatory burdens necessary for bond release applications and study and
6 identify actions being undertaken by the mining companies to achieve final bond release.

7 **WHEREAS**, there are approximately 50,000 acres of disturbed land under mining
8 permits in this state and there is a 10-year statutory period once mining and initial reclamation
9 are completed before final bond release can be achieved; and

10 **WHEREAS**, the Public Service Commission estimates that there may be between 8,000
11 and 10,000 acres of land that have been reclaimed for 10 years but for which no related final
12 bond release requests by mining companies have been filed with the Public Service
13 Commission; and

14 **WHEREAS**, the mining companies, regulatory agencies, and farmers and ranchers
15 have mutual interests in obtaining timely bond release; and

16 **WHEREAS**, there are circumstances in which the land has been reclaimed for 10 years
17 and is in full agricultural production where mining companies have not applied for final bond
18 release due to the irregular shape of tracts, proximity to active operations, need for future
19 access, and safety concerns for the landowners or tenants;

20 **NOW, THEREFORE, BE IT RESOLVED BY THE HOUSE OF REPRESENTATIVES**
21 **OF NORTH DAKOTA, THE SENATE CONCURRING THEREIN:**

22 That the Legislative Council study and identify federal and state statutory and regulatory
23 policies that discourage or prevent final bond release applications from being filed and study
24 and identify Public Service Commission regulatory policies that could be implemented to
25 encourage flexibility in proving reclamation success and reducing administrative and regulatory
