4 **SECTION 1.** A new section to chapter 39-06 of the North Dakota Century Code is  
5 created and enacted as follows:

6 **Compliance with the Military Selective Service Act - Dissemination.**

- 7 1. A male between the ages of eighteen and twenty-six who applies for or renews an  
8 instruction permit, operator's license, or nondriver photo identification card issued  
9 under this chapter must be registered in compliance with the requirements of  
10 section 3 of the Military Selective Service Act [Pub. L. 92-129; 85 Stat. 348;

12 that the applicant's signature constitutes consent to be registered with the United  
13 States selective service system if so required by federal law. Under this chapter, a  
14 person's signature on the application or renewal serves as proof that the applicant  
15 has consented to be registered with the United States selective service system if  
16 so required by federal law. Refusal to sign the application or renewal results in the  
17 denial of the instruction permit, operator's license, or nondriver photo identification.
- 18 2. The director shall forward to the United States selective service system in an  
19 electronic format the necessary information required for registration of an applicant
