¹ The capital assets line item is increased by \$33,750,000 for highway construction projects, and the operating expenses line item is increased by \$10 million for costs relating to consulting engineers. These increases reflect federal highway construction funding available to North Dakota of \$182.5 million for each year of the 2003-05 biennium, an increase of \$17.5 million per year compared to the \$165 million per year anticipated in the executive budget and House version. Of the total increase of \$43,750,000, \$35 million is from federal funds and \$8,750,000 is from the highway fund.

² The capital assets line item is increased by \$7,100,000 of federal funds for highway projects that do not require a state match.

³ The capital assets line item is increased by \$228,658 to utilize federal funding (\$182,926) and related state matching funds (\$45,732) removed by the House for the state employee salary increase for highway construction projects.

⁴ Funding for state employee health insurance premiums is reduced from \$493 to \$488.70 per month.

⁵ This amendment reduces funding for information technology by \$601,782 of special funds which represents a reduction in information technology funding of approximately 4 percent.

Sections are added increasing motor vehicle registration fees by \$3 per year. For the 2001-03 biennium, \$2 of each motor vehicle registration fee is being deposited directly in the highway fund rather than in the highway tax distribution fund. This amendment increases the amount deposited directly into the highway fund by \$2 to \$4 and removes the expiration date of June 30, 2005, for this allocation.

A section is added authorizing the department to acquire land to eliminate no-mow or managed-mow areas along state highways.

A section is added delaying the effective date from January 1, 2004, to January 1, 2006, of a section allowing a landowner owning land next to a no-mow or managed-mow area to hay the no-mow or managed-mow area after July 15 without payment or penalty.
