BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 54-03-28 of the North Dakota Century Code is amended and reenacted as follows:

54-03-28. Health insurance mandated coverage of services - Cost-benefit analysis requirement.

1. A legislative measure mandating health insurance coverage of services or payment for specified providers of services may not be acted on by any committee of the legislative assembly unless the measure is accompanied by a cost-benefit analysis provided by the legislative council. Factors to consider in this analysis include:
 - a. The extent to which the proposed mandate would increase or decrease the cost of the service.
 - b. The extent to which the proposed mandate would increase the appropriate use of the service.
 - c. The extent to which the proposed mandate would increase or decrease the administrative expenses of insurers and the premium and administrative expenses of insureds.
 - d. The impact of the proposed mandate on the total cost of health care.
2. A legislative measure mandating health insurance coverage of services or payment for specified providers of services may not be acted on by any committee of the legislative assembly unless the measure as recommended by the committee provides:
 - a. The measure is effective through June thirtieth of the next odd-numbered year following the year in which the legislative assembly enacted the measure, and after that date the measure is ineffective.
 - b. The application of the mandate is limited to the public employees health insurance program and the public employee retiree health insurance program. The application of such mandate begins with every contract for health insurance which becomes effective after June thirtieth of the year in which the measure becomes effective.
 - c. That for the next legislative assembly, the public employees retirement system shall prepare and request introduction of a bill to repeal the expiration date and to extend the mandated coverage or payment to apply to accident and health insurance policies. The public employees retirement system shall append to the bill a report regarding the effect of the mandated coverage or payment on the system's health insurance programs. The report must include information on the utilization and costs relating to the mandated coverage or payment and a recommendation on whether the coverage or payment should continue. For purposes of this section, the bill is not a legislative measure mandating health insurance coverage of services or payment for specified providers of services, unless the bill is amended following introduction so as to change the bill's mandate.
3. A majority of the members of the committee, acting through the chairman, has sole authority to determine whether a legislative measure mandates coverage of services under this section.
- ~~3.~~ 4. Any amendment made during a legislative session to a measure which mandates health insurance coverage of services may not be acted on by a committee of the legislative assembly unless the amendment is accompanied by a cost-benefit analysis provided by the legislative council.
4. ~~5.~~ The legislative council shall contract with a private entity, after receiving one or more recommendations from the insurance commissioner, to provide the cost-benefit analysis required by this section. The insurance

commissioner shall pay the cost of the contracted services to the entity providing the services."
