

**FIRST ENGROSSMENT  
with Senate Amendments**

Fifty-ninth  
Legislative Assembly  
of North Dakota

**ENGROSSED HOUSE BILL NO. 1410**

Introduced by

Representatives Grande, Devlin, Kreidt

Senator J. Lee

1 A BILL for an Act to amend and reenact sections 23-07.5-01, 23-07.5-02, 23-07.5-04,  
2 23-07.5-06, and 23-07.5-07, paragraph 1 of subdivision b of subsection 10 of section 65-01-02,  
3 and sections 65-01-15 and 65-01-15.1 of the North Dakota Century Code, relating to testing for  
4 exposure to bloodborne pathogens; and to repeal chapter 23-07.3 of the North Dakota Century  
5 Code, relating to notification of exposure to infectious diseases.

6 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

7 **SECTION 1. AMENDMENT.** Section 23-07.5-01 of the North Dakota Century Code is  
8 amended and reenacted as follows:

9 **23-07.5-01. Definitions.** In this chapter, unless the context otherwise requires:

- 10 1. "Bloodborne pathogen" means a microorganism that is present in human blood or  
11 in other bodily fluid or tissue which can cause a disease in humans, including the  
12 hepatitis B virus, the hepatitis C virus, and the human immunodeficiency virus, and  
13 for which testing is recommended by the United States public health service.
- 14 2. "Exposed individual" means ~~a human being who had a significant exposure with~~  
15 ~~another individual who is subject to testing and who is a~~ an individual, including a  
16 patient, health care provider, firefighter, peace officer, correctional officer, court  
17 officer, law enforcement officer, emergency medical technician, or an individual  
18 trained and authorized by law or rule to render emergency medical assistance or  
19 treatment, including ~~a person~~ an individual rendering aid under chapter 32-03.1,  
20 who is exposed to a bloodborne pathogen.
- 21 3. "Exposure" means a percutaneous injury, including a needle stick or cut with a  
22 sharp object; contact with blood, body fluid, or tissue of a mucous membrane or  
23 nonintact skin, including exposed skin that is chapped, abraded, or afflicted with

- 1            dermatitis; or contact with other body fluids that are potentially infectious as  
2            determined under guidelines of the United States public health service.
- 3            2. ~~"Health care provider" means any person licensed, certified, or otherwise~~  
4            ~~authorized by the law of this state to provide health care services.~~
- 5            3. 4. "Health care services" means any services included in the furnishing to ~~any~~ an  
6            individual of hospitalization, or medical or dental care, or any services incident to  
7            the furnishing of that care or hospitalization, as well as the furnishing to ~~any person~~  
8            an individual of any other services for the purpose of preventing, alleviating, curing,  
9            or healing human illness or injury.
- 10           4. ~~"Human immunodeficiency virus" means any identified causative agent of acquired~~  
11           ~~immune deficiency syndrome.~~
- 12           5. ~~"Human immunodeficiency virus infection" means the pathological state produced~~  
13           ~~by a human body in response to the presence of the human immunodeficiency~~  
14           ~~virus~~ "Health care provider" means an individual licensed, certified, or otherwise  
15           authorized by the law of this state to provide health care and includes personnel at  
16           the state crime laboratory or any commercial or research laboratory that handles  
17           blood, body fluid, or tissues.
- 18           6. "Informed consent for testing" means ~~the written permission of an individual to be~~  
19           ~~tested for the presence of the human immunodeficiency virus~~ that the individual to  
20           be tested for bloodborne pathogens has been informed of the nature of the testing;  
21           the reason for the testing; the relevant risks, benefits, and potential alternatives for  
22           testing; and the individual has granted permission to be tested.
- 23           7. ~~"Informed consent form" means a printed document on which an individual may~~  
24           ~~signify that individual's permission to be tested for the presence of the human~~  
25           ~~immunodeficiency virus~~ "Personal representative" means any person who has  
26           authority under law to act on behalf of an individual or deceased individual in  
27           making decisions related to health care or health information.
- 28           8. ~~"Personal physician" means the physician designated by a patient or individual~~  
29           ~~who has had a significant exposure as the patient's or individual's primary~~  
30           ~~physician or if no physician has been designated or the designated physician is~~  
31           ~~unable to make a determination as to whether a significant exposure has occurred;~~

1           ~~the patient's primary attending physician. The term means the local health officer~~  
2           ~~having jurisdiction in the area the significant exposure has allegedly occurred if the~~  
3           ~~patient has no attending physician or designated primary physician. "Test subject"~~  
4           ~~means the individual who is the source of the blood, other bodily fluids, or tissue~~  
5           ~~that caused the exposure.~~

6           9. ~~"Significant exposure" means:~~  
7           a. ~~Contact of broken skin or mucous membrane with a patient's blood or bodily~~  
8           ~~fluids other than tears or perspiration;~~  
9           b. ~~The occurrence of a needle stick or scalpel or instrument wound in the~~  
10           ~~process of caring for a patient; or~~  
11           c. ~~Exposure that occurs by any other method of transmission defined by the~~  
12           ~~state department of health as a significant exposure.~~

13           10. ~~"Universal precautions" means measures that a health care provider, emergency~~  
14           ~~medical technician, exposed individual, or an individual rendering aid under~~  
15           ~~chapter 32-03.1 takes in accordance with recommendations of the United States~~  
16           ~~public health service to prevent transmission of disease.~~

17           **SECTION 2. AMENDMENT.** Section 23-07.5-02 of the North Dakota Century Code is  
18 amended and reenacted as follows:

19           **23-07.5-02. Informed consent for testing - Exception.**

- 20           1. Except when testing is otherwise ~~provided for~~ permitted by law, a health care  
21           provider, blood bank, blood center, or plasma center may not subject ~~a person~~ an  
22           ~~individual who is the source of an exposure~~ individual who is the source of an exposure to a test for ~~the presence of the human~~  
23           ~~immunodeficiency virus~~ bloodborne pathogens unless the subject of the test, ~~the~~  
24           ~~parent or legal guardian or custodian of~~ the subject's personal representative if the  
25           ~~subject is a minor who is the subject of the test, or the legal guardian of an~~ is  
26           ~~incapacitated person who is the subject of the test,~~ first provides informed consent  
27           ~~for testing as provided under subsection 2.~~
- 28           2. ~~A health care provider, blood bank, blood center, or plasma center that subjects an~~  
29           ~~individual to a test for the presence of the human immunodeficiency virus under~~  
30           ~~subsection 1 shall provide the potential test subject, the parent or legal guardian or~~  
31           ~~custodian of a potential test subject that is a minor, or the legal guardian of a~~

- 1           ~~potential test subject who is incapacitated, with an informed consent form and shall~~  
2           ~~obtain the appropriate individual's signature on the form. The form must contain:~~
- 3           a. ~~The name of the potential test subject who is giving consent for testing and~~  
4           ~~whose test results may be disclosed and, when appropriate, the name of the~~  
5           ~~individual providing consent on behalf of the potential test subject.~~
- 6           b. ~~A statement of explanation that the test results may be disclosed as~~  
7           ~~authorized by law.~~
- 8           e. ~~Space specifically designated for the signature of the person providing~~  
9           ~~informed consent for the testing and the date on which the consent is signed.~~
- 10        3. ~~A health care provider or an exposed individual who had a significant exposure~~  
11        ~~with another individual may subject~~ If an individual who is the source of an  
12        exposure has had blood drawn that is available for testing and the individual has  
13        refused to grant consent to have that individual's blood tested for bloodborne  
14        pathogens, that individual's blood may be subjected to a test for the presence of  
15        ~~the human immunodeficiency virus~~ bloodborne pathogens, without that individual's  
16        consent, if ~~all of the following apply:~~
- 17        a. ~~A blood sample of the individual who is the test subject has been drawn for~~  
18        ~~other purposes and is available to be used to test for the presence of the~~  
19        ~~human immunodeficiency virus.~~
- 20        b. ~~The personal physician of the individual exposed, a physician or other~~  
21        qualified health care provider based on available information provided to the  
22        ~~physician, determines and certifies in writing that the individual had a~~  
23        ~~significant an exposure. The certification must accompany the request for~~  
24        ~~testing and disclosure.~~
- 25        e. ~~The test subject is capable of consenting when the test is requested, has~~  
26        ~~been given an opportunity to be tested with consent, and has not consented.~~
- 27        d. ~~Before and before testing, the test subject is informed, while competent and~~  
28        ~~conscious, that the test subject's blood may be tested for the presence of~~  
29        ~~human immunodeficiency virus~~ bloodborne pathogens; that the test results  
30        may not be disclosed ~~to no one~~ without the test subject's ~~consent~~  
31        authorization, except to the exposed individual, the individual's health care

1            ~~provider, the department,~~ and any other person as authorized by law; that if  
2            the exposed individual knows the identity of the test subject, the exposed  
3            individual may not disclose the identity ~~to any other person~~ of the test subject  
4            except for the purpose of having the test performed; and that a record of the  
5            test results may be ~~placed~~ kept in the ~~test subject's~~ exposed individual's  
6            medical record, ~~and if not in the medical record, may be kept~~ only if the record  
7            does not reveal the test subject's identity. Each exposed individual who had  
8            ~~a significant~~ an exposure and to whom test results are disclosed must first  
9            ~~sign~~ be given a document indicating the exposed individual's understanding  
10           that the exposed individual may not disclose the ~~patient's~~ test subject's  
11           identity and that disclosing ~~the~~ this information constitutes a class C felony.

- 12        4. ~~A patient who has received care from a health care provider, emergency medical~~  
13        ~~services provider, or a person rendering aid under chapter 32-03.1 and who has~~  
14        ~~had a significant exposure with the provider may subject the provider's blood to a~~  
15        ~~test for the presence of the human immunodeficiency virus, without the provider's~~  
16        ~~consent, if all of the following apply:~~
- 17        a. ~~A sample of the provider's blood has been drawn for other purposes and is~~  
18        ~~available to be used to test for the presence of the human immunodeficiency~~  
19        ~~virus.~~
  - 20        b. ~~A physician, based on information provided to the physician, determines and~~  
21        ~~certifies in writing that the patient has had a significant exposure. The~~  
22        ~~certification must accompany the request for testing and disclosure.~~
  - 23        c. ~~The provider or a person rendering aid under chapter 32-03.1 is capable of~~  
24        ~~consenting when the test is requested, has been given an opportunity to be~~  
25        ~~tested with consent, and has not consented.~~
  - 26        d. ~~Before testing, the provider is informed, while competent and conscious, that~~  
27        ~~the provider's blood may be tested for the presence of human~~  
28        ~~immunodeficiency virus; that the test results may be disclosed to the provider,~~  
29        ~~the individual who has had a significant exposure, and any other person as~~  
30        ~~authorized by law; that if the patient who has had a significant exposure~~  
31        ~~knows the identity of the provider, that patient may not disclose the identity to~~

1                   ~~any other person except for the purpose of having the test performed; and~~  
2                   ~~that a record may be kept of the test results only if the record does not reveal~~  
3                   ~~the provider's identity. Each patient who has had a significant exposure and~~  
4                   ~~to whom test results are disclosed must first sign a document indicating the~~  
5                   ~~patient's understanding that the patient may not disclose the provider's~~  
6                   ~~identity and that disclosing the information constitutes a class C felony.~~

7       5. 3. If an individual who is the subject of a ~~significant~~ an exposure is ~~unconscious or~~  
8       incapable of giving informed consent for testing under this section, that consent  
9       may be obtained ~~in accordance with section 23-12-13~~ from the individual's  
10       personal representative. If an individual who is the subject of a ~~significant~~ an  
11       exposure dies without an opportunity to consent to testing, collection of appropriate  
12       specimens and testing for the presence of bloodborne pathogens, ~~including human~~  
13       ~~immunodeficiency virus, hepatitis B, and hepatitis C infection~~ must be conducted  
14       ~~within twenty four hours~~ as soon as reasonably possible. ~~A licensed physician~~  
15       ~~with expertise in infectious diseases shall make the determination of which tests~~  
16       ~~are required~~. Results of these tests must be provided to the physician providing  
17       care for the individual who experienced the ~~significant~~ exposure. If a facility that  
18       received the individual who died fails to test for the presence of bloodborne  
19       pathogens as required under this subsection because the facility was not aware of  
20       the exposure or it was not reasonably possible to conduct testing, the facility shall  
21       provide the physician providing care for the exposed individual or health care  
22       provider testing results of any bloodborne pathogen present in any medical records  
23       of the ~~dead person~~ deceased individual which are in the facility's control ~~within~~  
24       ~~twenty four hours~~ as soon as reasonably possible. If there are no testing results  
25       for bloodborne pathogens within that facility and there is reason to believe that  
26       results are available from another facility, the facility that received the ~~person who~~  
27       ~~died~~ deceased individual shall attempt to obtain testing results of bloodborne  
28       pathogens of the deceased ~~within twenty four hours~~ individual as soon as  
29       reasonably possible from the facility where it is believed results exist. The test  
30       results must be provided to the physician providing care for the individual who  
31       experienced the ~~significant~~ exposure.

- 1       6- 4. A test for bloodborne pathogens must be conducted according to  
2       recommendations of the United States public health service. Any testing done  
3       pursuant to subsection 2 or 3, 4, or 5 must be conducted in a reasonably  
4       expedient manner. ~~An individual who has had a significant exposure, upon~~  
5       ~~receiving certification of the significant exposure as required by subdivision b of~~  
6       ~~subsection 3 or subdivision b of subsection 4, may petition an appropriate~~ The  
7       ~~district court for issuance of~~ in the county where the alleged exposure occurred or  
8       ~~in which the individual to be tested resides shall issue an order directing another~~  
9       ~~the individual, patient, or provider with whom the individual had a significant who~~  
10      ~~was the source of an exposure to have blood drawn to be tested for the presence~~  
11      ~~of the human immunodeficiency virus if a previously drawn blood sample is not~~  
12      ~~available for testing. Upon receiving the petition, the court may issue an order~~  
13      ~~confining the test subject to be tested until the hearing or an order establishing~~  
14      ~~reasonable security for that person's attendance at the hearing. This order may be~~  
15      ~~modified or extended if testing is ordered. The court shall hold a hearing on the~~  
16      ~~petition within three days of the date the court receives the petition~~ bloodborne  
17      pathogens. An affidavit from a physician or other qualified health care provider  
18      showing that an exposure has occurred is prima facie evidence of those facts. The  
19      affidavit may not be excluded as hearsay if the affidavit is based on evidence  
20      generally relied on by a health care provider, including statements from the  
21      provider's patient. The record of any court hearing conducted under this subsection  
22      is confidential. The court ~~may~~ shall issue an order requiring testing under this  
23      subsection ~~only~~ if:
- 24      a. ~~The other individual, patient, or provider has been requested to consent to~~  
25          ~~testing and has refused to be tested and a sample of the test subject's blood~~  
26          ~~is not available to be used to test for the human immunodeficiency virus;~~
  - 27      b. The court finds probable cause to believe that the ~~person~~ individual  
28          petitioning for the testing had ~~a significant~~ an exposure with the test subject;
  - 29      e. b. The petition substitutes a pseudonym for the true name of the test subject;

1           exposure or the exposure occurred during an arrest or other contact with the  
2           exposed individual in the course of that individual's official duties, a court may  
3           order the individual to be tested to pay for the testing.

4           **SECTION 3. AMENDMENT.** Section 23-07.5-04 of the North Dakota Century Code is  
5 amended and reenacted as follows:

6           **23-07.5-04. Record maintenance.** A health care provider, ~~blood bank, blood center,~~  
7 ~~or plasma center that~~ who collects a specimen of body fluids or tissues for the purpose of  
8 testing for the presence of ~~an antibody to the human immunodeficiency virus~~ bloodborne  
9 pathogens caused by an exposure shall:

- 10           ~~1. Obtain~~ obtain from the test subject; ~~the subject's parent, legal guardian, or~~  
11           ~~eustodian if the subject is a minor;~~ or the test subject's ~~legal guardian~~ personal  
12           representative if the subject is a minor or is incapacitated, informed consent for  
13           testing; unless testing is otherwise authorized by law.
- 14           ~~2. Maintain a record of the consent received under subsection 1.~~
- 15           ~~3. Maintain~~ In addition, the health care provider shall maintain a record of the test  
16           results obtained.

17           **SECTION 4. AMENDMENT.** Section 23-07.5-06 of the North Dakota Century Code is  
18 amended and reenacted as follows:

19           **23-07.5-06. Expanded disclosure of test results prohibited.** ~~A person~~

- 20           1. The results of a test for bloodborne pathogens may be disclosed only to the  
21           individual who was tested; to an exposed individual for whom a test was  
22           conducted; and to the exposed individual's health care provider as provided by this  
23           chapter, and as permitted under title 45, Code of Federal Regulations, part 164,  
24           section 512.
- 25           2. An exposed individual to whom the results of a test for ~~the human~~  
26           ~~immunodeficiency virus~~ bloodborne pathogens have been disclosed under this  
27           chapter may not disclose the test results except as permitted under subsection 3,  
28           or as otherwise authorized by law.
- 29           3. If the test results are disclosed under this chapter to a law enforcement officer who  
30           was exposed to a bloodborne pathogen, the officer may disclose the test results to  
31           any other law enforcement officer who has direct physical contact with the test

1           subject, if in the professional judgment of the officer the disclosure is necessary for  
2           the health and safety of the other officer and the disclosure is limited to the  
3           minimum amount of information needed to protect the health and safety of that  
4           officer.

5           **SECTION 5. AMENDMENT.** Section 23-07.5-07 of the North Dakota Century Code is  
6 amended and reenacted as follows:

7           **23-07.5-07. Civil liability.** ~~Any person~~ An individual who knowingly violates section  
8 23-07.5-06 is liable to the subject of the test for actual damages and costs plus exemplary  
9 damages. A conviction for violation of this chapter is not a condition precedent to bringing an  
10 action under this section.

11           **SECTION 6. AMENDMENT.** Paragraph 1 of subdivision b of subsection 10 of section  
12 65-01-02 of the North Dakota Century Code is amended and reenacted as follows:

13           (1) Ordinary diseases of life to which the general public outside of  
14 employment is exposed or preventive treatment for communicable  
15 diseases, except that the ~~bureau~~ organization may pay for preventive  
16 treatment for ~~significant exposures documented by emergency medical~~  
17 ~~services providers under chapter 23-07.3, for significant exposures for~~  
18 ~~the employees of licensed facilities as defined by chapter 23-07.3, a~~  
19 health care provider as defined in section 23-07.5-01, firefighter, peace  
20 officer, correctional officer, court officer, law enforcement officer,  
21 emergency medical technician, or an individual trained and authorized  
22 by law or rule to render emergency medical assistance or treatment  
23 who is exposed to a bloodborne pathogen as defined in section  
24 23-07.5-01 occurring in the course of employment and for exposure to  
25 rabies occurring in the course of employment.

26           **SECTION 7. AMENDMENT.** Section 65-01-15 of the North Dakota Century Code is  
27 amended and reenacted as follows:

28           **65-01-15. Yearly documentation required for firefighter and law enforcement**  
29 **officer.** Except for benefits for an exposure to infectious disease a bloodborne pathogen as  
30 defined by sections 23-07.3-01 and 23-07.3-02 section 23-07.5-01 occurring in the course of  
31 employment, a full-time paid firefighter or law enforcement officer who uses tobacco is not

1 eligible for the benefits provided under section 65-01-15.1, unless the full-time paid firefighter or  
2 law enforcement officer provides yearly documentation from a physician which indicates that  
3 the full-time paid firefighter or law enforcement officer has not used tobacco for the preceding  
4 two years. ~~Any full-time paid firefighter or law enforcement officer employed on June 30, 1995,~~  
5 ~~is not subject to this section until July 1, 1997.~~

6         **SECTION 8. AMENDMENT.** Section 65-01-15.1 of the North Dakota Century Code is  
7 amended and reenacted as follows:

8         **65-01-15.1. Presumption of compensability for certain conditions of full-time paid**  
9 **firefighters and law enforcement officers.** Any condition or impairment of health of a  
10 full-time paid firefighter or law enforcement officer caused by lung or respiratory disease,  
11 hypertension, heart disease, or an exposure to infectious disease a bloodborne pathogen as  
12 defined by ~~sections 23-07.3-01 and 23-07.3-02~~ section 23-07.5-01 occurring in the course of  
13 employment, or occupational cancer in a full-time paid firefighter, resulting in total or partial  
14 disability or death is presumed to have been suffered in the line of duty. The condition or  
15 impairment of health may not be attributed to any disease existing before that total or partial  
16 disability or death unless the contrary is shown by competent evidence. As used in this  
17 section, an occupational cancer is one which arises out of employment as a full-time paid  
18 firefighter and is due to injury due to exposure to smoke, fumes, or carcinogenic, poisonous,  
19 toxic, or chemical substances while in the performance of active duty as a full-time paid  
20 firefighter. A full-time paid firefighter or law enforcement officer is not eligible for the benefit  
21 provided under this section unless that full-time paid firefighter or law enforcement officer has  
22 completed five years of continuous service and has successfully passed a medical examination  
23 which fails to reveal any evidence of such a condition. An employer shall require a medical  
24 examination upon employment, for any employee subject to this section. After the initial  
25 medical examination, an employer shall require at least a periodic medical examination as  
26 follows: for one to ten years of service, every five years; for eleven to twenty years of service,  
27 every three years; and for twenty-one or more years of service, every year. The periodic  
28 medical examination, at a minimum, must consist of a general medical history of the individual  
29 and the individual's family; an occupational history including contact with and an exposure to  
30 hazardous materials, toxic products, contagious and infectious diseases, and to physical  
31 hazards; a physical examination including measurement of height, weight, and blood pressure;

1 and laboratory and diagnostic procedures including a nonfasting total blood cholesterol test and  
2 papanicolaou smear for women. If the medical examination reveals that an employee falls into  
3 a recognized risk group, the employee must be referred to a qualified health professional for  
4 future medical examination. This section does not affect an employee's responsibility to  
5 document that the employee has not used tobacco as required under section 65-01-15.  
6 Results of the examination must be used in rebuttal to a presumption afforded under this  
7 section. For purposes of this section, "law enforcement officer" means a person who is  
8 licensed to perform peace officer law enforcement duties under chapter 12-63 and is employed  
9 full time by the bureau of criminal investigation, the game and fish department, the state  
10 highway patrol, the parole and probation division, the North Dakota state university police  
11 department, the North Dakota state college of science police department, the university of  
12 North Dakota police department, a county sheriff's department, or a city police department.  
13 The presumption does not include a condition or impairment of health of a full-time paid  
14 firefighter or law enforcement officer, who has been employed for ten years or less, if the  
15 condition or impairment is diagnosed more than two years after the employment as a full-time  
16 paid firefighter or law enforcement officer ends. The presumption also does not include a  
17 condition or impairment of health of a full-time paid firefighter or law enforcement officer, who  
18 has been employed more than ten years, if the condition or impairment is diagnosed more than  
19 five years after the employment as a full-time paid firefighter or law enforcement officer ends.

20 **SECTION 9. REPEAL.** Chapter 23-07.3 of the North Dakota Century Code is  
21 repealed.
