

SENATE BILL NO.

Introduced by

Senator Mathern

1 A BILL for an Act to provide for establishment of the healthy North Dakota health insurance
2 plan; and to provide an effective date.

3 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

4 **SECTION 1. Definitions.** As used in this Act:

- 5 1. "Authority" means the healthy North Dakota authority.
- 6 2. "Board" means the board of trustees of the authority.
- 7 3. "Health care network" means a provider-driven, coordinated group of health care
8 providers comprised of primary care physicians, medical specialists, physician
9 assistants, nurses, clinics, one or more hospitals, and other health care providers
10 and facilities, including providers and facilities that specialize in mental health
11 services and alcohol or other drug abuse treatment.
- 12 4. "Medical inflation" means changes in the consumer price index for all consumers,
13 United States city average, for the medical care group, including medical care
14 commodities and medical care services, as determined by the United States
15 department of labor.
- 16 5. "Plan" means the healthy North Dakota plan.
- 17 6. "Primary care provider" means a health care provider that is identified as the key
18 professional responsible for coordinating all medical care for a given participant,
19 including referral to a specialist. The term includes a general practice physician,
20 family practitioner, internist, pediatrician, obstetrician and gynecologist, advanced
21 practice nurse, certified nurse midwife, and physician assistant. The term also may
22 include a specialist who is treating a person with a chronic medical condition or
23 special health care needs for which regular treatment by a specialist is medically
24 necessary or a specialist who is treating a disabled individual.

1 **SECTION 2. Creation and organization of authority.**

2 1. There is created a public body corporate and politic to be known as the "healthy
3 North Dakota authority". The nonvoting members of the board consist of the
4 executive director of the public employees retirement system and four
5 representatives from the advisory committee under section 11 of this Act who are
6 health care personnel and administrators, selected by the advisory committee.

7 The executive director of the public employees retirement system shall serve as
8 the initial chairman of the board until such time as the board elects a chairman
9 from its voting membership. The board also consists of the following voting
10 members, appointed by the governor for staggered six-year terms:

11 a. Four members selected from a list of names submitted by statewide labor or
12 union coalitions. One of these members must be a public employee.

13 b. Four members selected from a list of names submitted by statewide business
14 and employer organizations. One of these members must be a public
15 employer.

16 c. One member selected from a list of names submitted by statewide public
17 schoolteacher organizations.

18 d. One member selected from a list of names submitted by statewide small
19 business organizations.

20 e. Two members who are farmers, selected from a list of names submitted by
21 statewide general farm organizations.

22 f. One member who is a self-employed individual.

23 g. Three members selected from a list of names submitted by statewide health
24 care consumer organizations.

25 2. a. The terms of all members of the board expire on July first.

26 b. Each member of the board holds office until a successor is appointed and
27 qualified unless the member vacates or is removed from office. A member
28 who serves as a result of holding another office or position vacates office as a
29 member when the member vacates the other office or position. A member
30 who ceases to qualify for office vacates the member's office. A vacancy on

- 1 the board must be filled in the same manner as the original appointment to the
2 board for the remainder of the unexpired term, if any.
- 3 c. A majority of the members of the board constitutes a quorum for the purpose
4 of conducting its business and exercising its powers and for all other
5 purposes, notwithstanding the existence of any vacancies. Action may be
6 taken by the board upon a vote of a majority of the members present.
7 Meetings of the members of the board may be held anywhere within or
8 without the state.
- 9 3. Each member of the board is responsible for taking care that the highest level of
10 independence and judgment is exercised at all times in administering the plan and
11 overseeing the individuals and organizations selected to implement the plan.
- 12 4. The board shall:
- 13 a. Establish and administer a health care system in this state that ensures that
14 all eligible persons have access to high-quality, timely, and affordable health
15 care. In establishing and administering the health care system, except as
16 otherwise provided by law, the board shall seek to attain all of the following
17 goals:
- 18 (1) Every resident of this state must have access to affordable,
19 comprehensive health care services.
- 20 (2) Health care reform must maintain and improve choice of health care
21 providers and high-quality health care services in this state.
- 22 (3) Health care reform must implement cost-containment strategies that
23 retain and assure affordable coverage for all residents of this state.
- 24 b. Establish, fund, and manage the plan as provided in this Act.
- 25 c. Appoint an executive director, who serves at the pleasure of the board. The
26 board may delegate to one or more of its members or its executive director
27 any power and duty the board considers proper. The executive director shall
28 receive such compensation as may be determined by the board.
- 29 d. Provide for mechanisms to enroll every eligible resident in this state under the
30 plan. Any contract entered by the board with providers must include

- 1 provisions to enroll all eligible individuals at the point of service, and outreach
2 programs to assure every eligible individual becomes enrolled in the plan.
- 3 e. Create a program for consumer protection and a process to resolve disputes
4 with providers.
- 5 f. Establish an independent and binding appeals process for resolving disputes
6 over eligibility and other determinations made by the board. An individual who
7 is adversely affected by a board eligibility determination or other determination
8 is entitled to judicial review of the determination.
- 9 g. Submit an annual report on its activities to the governor.
- 10 h. Contract for annual, independent, program evaluations and financial audits
11 that measure the extent to which the plan is achieving the goals under
12 paragraphs 1, 2, and 3 of subdivision a. The board may not enter into a
13 contract with the same auditor for more than six years.
- 14 i. Accept bids from health care networks in accordance with the criteria set out
15 in section 7 of this Act or make payments to fee-for-service providers in
16 accordance with section 7 of this Act. The board shall consult with the public
17 employees retirement system in determining the most effective and efficient
18 way of purchasing health care benefits.
- 19 j. Audit health care networks and providers to determine if their services meet
20 the plan objectives and criteria under this Act.
- 21 5. The board shall have all the powers necessary or convenient to carry out this Act.
22 In addition to all other powers granted the board under this Act, the board may:
- 23 a. Adopt, amend, and repeal bylaws and policies and procedures for the
24 regulation of its affairs and the conduct of its business.
- 25 b. Maintain an office.
- 26 c. Sue and be sued.
- 27 d. Accept gifts, grants, loans, or other contributions from private or public
28 sources.
- 29 e. Establish the authority's budget and monitor the fiscal management of the
30 authority.

- 1 in this state, as defined by the board, the individual and the members of the
2 individual's immediate family are eligible to participate in the plan.
- 3 3. If a child under age eighteen resides with the child's parent in this state but the
4 parent does not yet meet the residency requirement under subdivision a of
5 subsection 1, the child is eligible to participate in the plan regardless of the length
6 of time the child has resided in this state.
- 7 4. A pregnant woman who resides in this state who does not yet meet the residency
8 requirement under subdivision a of subsection 1 is eligible to participate in the plan
9 regardless of the length of time the pregnant woman has resided in this state.
- 10 5. An individual who is eligible to participate in the plan under subsection 1, 2, 3, or 4
11 and who receives health care coverage under a collective bargaining agreement
12 that is in effect on January 1, 2010, is not eligible to participate in the plan until the
13 day on which the collective bargaining agreement expires or the day on which the
14 collective bargaining agreement is extended, modified, or renewed.
- 15 6. The department of human services may develop waiver requests to the appropriate
16 federal agencies to permit funds from federal health care services programs to be
17 used for health care coverage for individuals under the plan.
- 18 7. For purposes of this Act, the board shall define the following terms:
- 19 a. Place of permanent abode.
- 20 b. Substantial presence in this state. In defining "substantial presence in this
21 state", the board shall consider such factors as the amount of time per year
22 that an individual is actually present in the state and the amount of taxes that
23 an individual pays in this state, except that, if the individual attends school
24 outside of this state and is under twenty-three years of age, the factors must
25 include the amount of time that the individual's parent or guardian is actually
26 present in the state and the amount of taxes that the individual's parent or
27 guardian pays in this state, and if the individual is in active service with the
28 United States armed forces outside of this state, the factors must include the
29 amount of time that the individual's parent, guardian, or spouse is actually
30 present in the state and the amount of taxes that the individual's parent,
31 guardian, or spouse pays in this state.

- 1 c. Immediate family.
2 d. Gainfully employed. The definition must include employment by individuals
3 who are self-employed and individuals who work on farms.

4 **SECTION 4. Office of outreach, enrollment, and advocacy.**

- 5 1. The board shall establish an office of outreach, enrollment, and advocacy. The
6 office shall contract with nonprofit organizations to perform the outreach,
7 enrollment, and advocacy functions specified in this section, and to review the
8 health care payment and services records of individuals who are participating, or
9 who are eligible to participate, in the plan and who have provided the office with
10 informed consent for the review. The office may not contract with any organization
11 under this subsection that provides services under the plan or that has any other
12 conflict of interest, as described in subsection 3.
- 13 2. The office of outreach, enrollment, and advocacy shall:
- 14 a. Engage in aggressive outreach to enroll eligible individuals and participants in
15 their choice of health care coverage under the plan.
- 16 b. Assist eligible individuals in choosing health care coverage by examining cost,
17 quality, and geographic coverage information regarding their choice of
18 available networks or providers.
- 19 c. Inform plan participants of the role they can play in holding down health care
20 costs by taking advantage of preventive care, enrolling in chronic disease
21 management programs if appropriate, responsibly utilizing medical services,
22 and engaging in healthy lifestyles. The office shall inform participants of
23 networks or workplaces where healthy lifestyle incentives are in place.
- 24 d. At the direction of the board, establish a process for resolving disputes with
25 providers.
- 26 e. Act as an advocate for plan participants having questions, difficulties, or
27 complaints about their health care services or coverage, including
28 investigating and attempting to resolve the complaint. Investigation should
29 include, when appropriate, consulting with the health care advisory committee
30 under section 11 of this Act regarding best practice guidelines.

- 1 f. If a participant's complaint cannot be successfully resolved, inform the
2 participant of any legal or other means of recourse for the participant's
3 complaint. If the complaint involves a dispute over eligibility or other
4 determinations made by the board, the participant must be directed to the
5 appeals process for board decisions.
- 6 g. Provide information to the public, agencies, legislators, and others regarding
7 problems and concerns of plan participants and, in consultation with the
8 health care advisory committee under section 11 of this Act, make
9 recommendations for resolving those problems and concerns.
- 10 h. Ensure that plan participants have timely access to the services provided by
11 the office.
- 12 3. The office and its employees and contractors may not have any conflict of interest
13 relating to the performance of their duties. There is a conflict of interest if, with
14 respect to the office's director, employees, or contractors, or a person affiliated with
15 the office's director, employees, or contractors, any of the following exists:
- 16 a. Direct involvement in the licensing, certification, or accreditation of a health
17 care facility, health insurer, or health care provider.
- 18 b. Direct ownership interest or investment interest in a health care facility, health
19 insurer, or health care provider.
- 20 c. Employment by, or participation in, the management of a health care facility,
21 health insurer, or health care provider.
- 22 d. Receipt of, or having the right to receive, directly or indirectly, remuneration
23 under a compensation arrangement with a health care facility, health insurer,
24 or health care provider.

25 **SECTION 5. Benefits.**

- 26 1. The board shall establish a health care plan that will take effect on January 1,
27 2010. The plan must provide the same benefits as those that were in effect as of
28 January 1, 2009, under the state employee uniform group health insurance plan
29 under chapter 54-52.1. The board may adjust the plan benefits to provide
30 additional cost-effective treatment options if there is evidence-based research that

1 the options are likely to reduce health care costs, avoid health risks, or result in
2 better health outcomes.

3 2. In addition to the benefit requirements under subsection 1, the plan must provide
4 coverage for mental health services and alcohol or other drug abuse treatment to
5 the same extent as the plan covers treatment for physical conditions and coverage
6 for preventive dental care for children up to eighteen years of age.

7 **SECTION 6. Cost-sharing.**

8 1. The plan must cover the following preventive services without any cost-sharing
9 requirement:

10 a. Prenatal care for pregnant women.

11 b. Well-baby care.

12 c. Medically appropriate examinations and immunizations for children up to
13 eighteen years of age.

14 d. Medically appropriate gynecological examinations, papanicolaou tests, and
15 mammograms.

16 e. Medically appropriate regular medical examinations for adults, as determined
17 by best practices.

18 f. Medically appropriate colonoscopies.

19 g. Preventive dental care for children up to eighteen years of age.

20 h. Other preventive services or procedures, as determined by the board, for
21 which there is scientific evidence that exemption from cost-sharing is likely to
22 reduce health care costs or avoid health risks.

23 i. Chronic care services, provided that the participant receiving the services is
24 participating in, and complying with, a chronic disease management program
25 as defined by the board.

26 2. a. (1) Subject to paragraph 2, during any year, a participant who is eighteen
27 years of age or older on January first of that year shall pay a deductible
28 of three hundred dollars, which applies to all covered services and
29 articles.

30 (2) During any year, a family consisting of two or more participants who are
31 eighteen years of age or older on January first of that year shall pay a

- 1 deductible of six hundred dollars, which shall apply to all covered
2 services and articles.
- 3 (3) During any year, a participant who is under eighteen years of age on
4 January first of that year may not be required to pay a deductible.
- 5 (4) Except for copayments and coinsurance, the plan must provide a
6 participant with full coverage for all covered services and articles after
7 the participant has received covered services and articles totaling the
8 applicable deductible amount under this subsection, regardless of
9 whether the participant has paid the deductible amount.
- 10 b. (1) A provider that provides to a participant a covered service or article to
11 which a deductible applies shall charge for the service or article the
12 payment rate established by the board under paragraph 1 of
13 subdivision b of subsection 7 of section 7 of this Act if the participant's
14 coverage is under the fee-for-service option under subdivision a of
15 subsection 2 of section 7 of this Act or the applicable network rate for
16 the service or article, as determined by the board, if the participant's
17 coverage is under the health care network option under subdivision b of
18 subsection 2 of section 7 of this Act. Except as provided in
19 paragraph 3, a provider of a covered service or article to which a
20 deductible applies shall accept as payment in full for the covered
21 service or article the payment rate specified in this paragraph and may
22 not bill a participant who receives the service or article for any amount
23 by which the charge for the service or article is reduced under this
24 paragraph.
- 25 (2) Except for prescription drugs, a provider may not refuse to provide to a
26 participant a covered service or article to which a deductible applies on
27 the basis that the participant does not pay, or has not paid, any
28 applicable deductible amount before the service or article is provided.
- 29 (3) A provider may not charge any interest, penalty, or late fee on any
30 deductible amount owed by a participant unless the deductible amount
31 owed is at least six months past due and the provider has provided the

- 1 participant with notice of the interest, penalty, or late fee at least ninety
2 days before the interest, penalty, or late fee payment is due. Interest
3 may not exceed one percent per month, and any penalty or late fee
4 may not exceed the provider's reasonable cost of administering the
5 unpaid bill.
- 6 c. Notwithstanding paragraphs 1 and 2 of subdivision a, the board may adjust
7 the deductible amounts specified in paragraphs 1 and 2 of subdivision a, but
8 only to reduce those amounts.
- 9 3. a. During any year, a participant who is eighteen years of age or older on
10 January first of that year shall pay a copayment of twenty dollars for medical,
11 hospital, and related health care services, as determined by the board.
- 12 b. A participant, regardless of age, who receives health care services from a
13 specialist provider without a referral from the participant's primary care
14 provider under the plan shall be required to pay twenty-five percent of the cost
15 of the services provided.
- 16 c. Notwithstanding subdivision a, a participant who is eighteen years of age or
17 older shall pay a copayment of sixty dollars for inappropriate emergency room
18 use, as determined by the board.
- 19 d. (1) All participants, regardless of age, shall pay five dollars for each
20 prescription of a generic drug that is on the formulary determined by the
21 board.
- 22 (2) All participants, regardless of age, shall pay fifteen dollars for each
23 prescription of a brand name drug that is on the formulary determined
24 by the board.
- 25 (3) All participants, regardless of age, shall pay forty dollars for each
26 prescription of a brand name drug that is not on the formulary
27 determined by the board.
- 28 (4) Notwithstanding paragraphs 1, 2, and 3, a participant may not be
29 required to pay more for a prescription drug than the actual cost of the
30 prescription drug plus the negotiated dispensing fee.

- 1 e. Notwithstanding subdivisions a, b, c, and d, the board may adjust the
2 copayment and coinsurance amounts specified in subdivisions a, b, c, and d.
- 3 4. Notwithstanding the deductible, coinsurance, and copayment amounts in
4 subsections 2 and 3, all of the following apply:
- 5 a. Subject to subdivision b, a participant who is eighteen years of age or older on
6 January first of a year may not be required to pay more than two thousand
7 dollars during that year in total cost-sharing under subsections 2 and 3.
- 8 b. A family consisting of two or more participants may not be required to pay
9 more than three thousand dollars during a year in total cost-sharing under
10 subsections 2 and 3.

11 **SECTION 7. Service areas - Selection and payment of health care providers and**
12 **health care networks.**

- 13 1. The board may establish areas in the state, which may be counties, multicounty
14 regions, or other areas, for the purpose of receiving bids from health care
15 networks. These areas must be established so as to maximize the level and
16 quality of competition among health care networks or to increase the number of
17 provider choices available to eligible persons and participants in the areas.
- 18 2. In each area designated by the board under subsection 1, the board shall offer
19 both of the following options for delivery of health care services under the plan:
- 20 a. An option, known as the "fee-for-service option", under which participants
21 must choose a primary care provider, may be referred by the primary care
22 provider to any medical specialist, and may be admitted by the primary care
23 provider or specialist to any hospital or other facility, for the purpose of
24 receiving the benefits provided under this Act. Under this option, the board,
25 with the assistance of one or more administrators chosen by a competitive
26 bidding process and with whom the board has contracted, shall pay directly,
27 at the provider payment rates established by the board under paragraph 1 of
28 subdivision b of subsection 7, for all health care services and articles that are
29 covered under the plan.
- 30 b. An option under which one or more health care networks that meet the
31 qualifying criteria in subsection 4 and are certified under subsection 5 provide

1 health care services to participants. The board is required to offer this option
2 in each area designated by the board to the extent that qualifying health care
3 networks exist in the area.

4 3. The board shall annually solicit sealed risk-adjusted premium bids from competing
5 health care networks for the purpose of offering health care coverage to
6 participants. The board shall request each bidder to submit information pertaining
7 to whether the bidder is a qualifying health care network, as described in
8 subsection 4.

9 4. A health care network is qualifying if it does all of the following:

10 a. Demonstrates to the satisfaction of the board that the fixed monthly
11 risk-adjusted amount that it bids to provide participants with the health care
12 benefits specified in this Act reasonably reflects its estimated actual costs for
13 providing participants with such benefits in light of its underlying efficiency as
14 a network, and has not been artificially underbid for the predatory purpose of
15 gaining market share.

16 b. Will spend at least ninety-two percent of the revenue it receives under this Act
17 on one of the following:

18 (1) Payments to health care providers in order to provide the health care
19 benefits specified in this Act to participants who choose the health care
20 network.

21 (2) Investments that the health care network has reasonably determined
22 will improve the overall quality or lower the overall cost of patient care.

23 c. Ensures:

24 (1) That participants living in an area that a health care network serves are
25 not required to drive more than thirty minutes, or, in a metropolitan area
26 served by mass transit, spend more than sixty minutes using mass
27 transit facilities, in order to reach the offices of at least two primary care
28 providers, as defined by the board; and

29 (2) That physicians, physician assistants, nurses, clinics, hospitals, and
30 other health care providers and facilities, including providers and
31 facilities that specialize in mental health services and alcohol or other

- 1 drug abuse treatment, are conveniently available, as defined by the
2 board, to participants living in every part of the area that the health care
3 network serves.
- 4 d. Ensures that participants have access, twenty-four hours a day seven days a
5 week, to a toll-free hotline and help desk that is staffed by persons who live in
6 the area and who have been fully trained to communicate the benefits
7 provided under this Act and the choices of providers that participants have in
8 using the health care network.
- 9 e. Ensures that each participant who chooses the health care network selects a
10 primary care provider who is responsible for overseeing all of the participant's
11 care.
- 12 f. Will provide each participant with medically appropriate and high-quality
13 health care, including mental health services and alcohol or other drug abuse
14 treatment, in a highly coordinated manner.
- 15 g. Emphasizes, in its policies and operations, the promotion of healthy lifestyles;
16 preventive care, including early identification of and response to high-risk
17 individuals and groups, early identification of and response to health
18 disorders, disease management, including chronic care management, and
19 best practices, including the appropriate use of primary care, medical
20 specialists, medications, and hospital emergency rooms; and the utilization of
21 continuous quality improvement standards and practices that are generally
22 accepted in the medical field.
- 23 h. Has developed and is implementing a program, including providing incentives
24 to providers when appropriate, to promote health care quality, increase the
25 transparency of health care cost and quality information, ensure the
26 confidentiality of medical information, and advance the appropriate use of
27 technology.
- 28 i. Has entered shared service agreements with out-of-network medical
29 specialists, hospitals, and other facilities, including medical centers of
30 excellence in the state, through which participants can obtain, at no additional
31 expense to participants beyond the normally required level of cost-sharing,

- 1 the services of out-of-network providers that the network's primary care
2 physicians selected by participants have determined is necessary to ensure
3 medically appropriate and high-quality health care, to facilitate the best
4 outcome, or, without reducing the quality of care, to lower costs.
- 5 j. Has in place a comprehensive, shared, electronic patient records and
6 treatment tracking system and an electronic provider payment system.
- 7 k. Has adopted and implemented a strong policy to safeguard against conflicts
8 of interest.
- 9 l. Has been organized by physicians or other health care providers, a
10 cooperative, or an entity whose mission includes improving the quality and
11 lowering the cost of health care, including the avoidance of unnecessary
12 operating and capital costs arising from inappropriate utilization or inefficient
13 delivery of health care services, unwarranted duplication of services and
14 infrastructure, or creation of excess capacity.
- 15 m. Agrees to enroll and provide the benefits specified in this Act to all participants
16 who choose the network, regardless of the participant's age, sex, race,
17 religion, national origin, sexual orientation, health status, marital status,
18 disability status, or employment status, except that a health care network
19 may:
- 20 (1) Limit the number of new enrollees it accepts if the health care network
21 certifies to the board that accepting more than a specified number of
22 enrollees would make it impossible to provide all enrollees with the
23 benefits specified in this Act at the level of quality that the network is
24 committed to maintaining, provided that the health care network uses a
25 random method for deciding which new enrollees it accepts; or
- 26 (2) Limit the participants that it serves to a specific affinity group, such as
27 farmers or teachers, that the health care network has certified to the
28 board, provided that the limitation does not involve discrimination based
29 on any of the factors described in this subdivision and has neither been
30 created for the purpose, nor will have the effect, of screening out

- 1 higher-risk enrollees. This paragraph applies only to affinity groups that
2 are in existence as of December 31, 2009.
- 3 5. a. The board shall review the bids submitted under subsection 3, the information
4 submitted by bidders pertaining to whether the bidders are qualifying health
5 care networks, and other evidence provided to the board as to whether a
6 particular bidder is a qualifying health care network.
- 7 b. Based on the information about bidder qualifications submitted or otherwise
8 provided under subdivision a, the board shall certify which health care
9 networks are qualifying health care networks.
- 10 c. With respect to all health care networks that the board certifies under
11 subdivision b, the board shall open the submitted, sealed bids at a
12 predetermined time. The board shall classify the certified health care
13 networks according to price and quality measures after comparing their
14 risk-adjusted per month bids and assessing their quality. The board shall
15 classify the network that bid the lowest price as the lowest-cost network, and
16 shall classify as a low-cost network any network that has bid a price that is
17 close to the price bid by the lowest-cost network. Any other network must be
18 classified as a higher-cost network.
- 19 6. The board shall provide an annual open enrollment period during which each
20 participant may select a certified health care network from among those offered, or
21 a fee-for-service option. Coverage is effective on the following January first. A
22 participant who does not select a certified health care network or the
23 fee-for-service option will be assigned randomly to one of the networks that have
24 been classified under subsection 5 as having submitted the lowest or a low bid and
25 as performing well on quality measures, or to the fee-for-service option if that is the
26 lowest-cost option. A participant who selects the fee-for-service option or a
27 certified health care network that has been classified as a higher-cost network, but
28 who fails to pay the additional payment under paragraph 2 of subdivision a of
29 subsection 7, must be assigned randomly to one of the networks that has been
30 classified under subsection 5 as the lowest-cost network or as a low-cost network

1 and as performing well on quality measures, or to the fee-for-service option if that
2 is the lowest-cost option.

3 7. a. (1) On behalf of each participant who selects or has been assigned to a
4 certified health care network that has been classified under
5 subdivision c of subsection 5 as the lowest-cost network or a low-cost
6 network and as performing well on quality measures, the board shall
7 pay monthly to the health care network the full risk-adjusted per
8 member per month amount that was bid by the network. The dollar
9 amount must be actuarially adjusted for the participant based on age,
10 sex, and other appropriate risk factors determined by the board. A
11 participant who selects or is assigned to the lowest-cost network or a
12 low-cost network may not be required to pay any additional amount to
13 the network.

14 (2) If a participant chooses instead to enroll in a certified health care
15 network that has been classified under subdivision c of subsection 5 as
16 a higher-cost network, the board shall pay monthly to the chosen health
17 care network an amount equal to the bid submitted by the network that
18 the board classified under subdivision c of subsection 5 as the
19 lowest-cost network and as having performed well on quality measures.
20 The dollar amount must be actuarially adjusted for the participant based
21 on age, sex, and other appropriate risk factors determined by the board.
22 A participant who chooses to enroll in a higher-cost network must pay
23 monthly, in addition to the amount paid by the board, an additional
24 payment sufficient to ensure that the chosen network receives the full
25 price bid by that network.

26 (3) The board may retain a percentage of the dollar amounts established
27 for each participant under paragraphs 1 and 2 to pay to certified health
28 care networks that have incurred disproportionate risk not fully
29 compensated for by the actuarial adjustment in the amount established
30 for each eligible person. A payment to a certified health care network

1 under this subdivision must reflect the disproportionate risk incurred by
2 the health care network.

3 b. (1) The board shall establish provider payment rates that will be paid to
4 providers of covered services and articles that are provided to
5 participants who choose the fee-for-service option under subdivision a
6 of subsection 2. The payment rates must be fair and adequate to
7 ensure that this state is able to retain the highest quality of medical
8 practitioners. The board shall limit increases in the provider payment
9 rate for each service or article such that any increase in per person
10 spending under the plan does not exceed the national rate of medical
11 inflation.

12 (2) Except for deductibles, copayments, coinsurance, and any other
13 cost-sharing required or authorized under the plan, a provider of a
14 covered service or article shall accept as payment in full for the covered
15 service or article the payment rate determined under paragraph 1 and
16 may not bill a participant who receives the service or article for any
17 amount by which the charge for the service or article is reduced under
18 paragraph 1.

19 (3) The board, with the assistance of its actuarial consultants, shall
20 establish the monthly risk-adjusted cost of the fee-for-service option
21 offered to participants under subdivision a of subsection 2. The board
22 shall classify the fee-for-service option in the same manner that the
23 board classifies certified health care networks under subdivision c of
24 subsection 5.

25 (4) If the board has determined under subdivision c of subsection 5 that
26 there is at least one certified low-cost health care network in an area,
27 which may be the lowest-cost health care network, and if the
28 fee-for-service option offered in that area has been classified as a
29 higher-cost choice under paragraph 3, the cost to a participant enrolling
30 in the fee-for-service option must be determined as follows:

- 1 (a) If there are available to the participant three or more certified
2 health care networks classified under subdivision c of
3 subsection 5 as low-cost networks, or as the lowest-cost network
4 and two or more low-cost networks, the participant shall pay the
5 difference between the cost of the lowest-cost health care
6 network and the monthly risk-adjusted cost established under
7 paragraph 3 for the fee-for-service option, except that the amount
8 paid may not exceed one hundred dollars per month for an
9 individual, or two hundred dollars per month for a family, as
10 adjusted for medical inflation.
- 11 (b) If there are available to the participant two certified health care
12 networks classified under subdivision c of subsection 5 as
13 low-cost networks, or as the lowest-cost network and one
14 low-cost network, the participant shall pay the difference between
15 the cost of the lowest-cost health care network and the monthly
16 risk-adjusted cost established under paragraph 3 for the
17 fee-for-service option, except that the amount paid may not
18 exceed sixty-five dollars per month for an individual, or one
19 hundred twenty-five dollars per month for a family, as adjusted for
20 medical inflation.
- 21 (c) If there is available to the participant only one certified health
22 care network classified under subdivision c of subsection 5 as a
23 low-cost network, or as the lowest-cost network, the person shall
24 pay the difference between the cost of the lowest-cost health
25 care network and the monthly risk-adjusted cost established
26 under paragraph 3 for the fee-for-service option, except that the
27 amount paid may not exceed twenty-five dollars per month for an
28 individual, and fifty dollars per month for a family, as adjusted for
29 medical inflation.
- 30 (6) If the board has determined, under subdivision c of subsection 5, that
31 there is no certified lowest-cost health care network or low-cost health

1 care network in the area, there is no extra cost to the participant
2 enrolling in the fee-for-service option.

3 8. Health care providers and facilities providing services under the fee-for-service
4 option under subdivision a of subsection 2 must be encouraged to collaborate with
5 each other through financial incentives established by the board. Providers shall
6 work with facilities to pool infrastructure and resources; to implement the use of
7 best practices and quality measures; and to establish organized processes that
8 result in high-quality, low-cost medical care. The board shall establish an incentive
9 payment system to providers and facilities that comply with this subsection, in
10 accordance with criteria established by the board.

11 9. Except for prescription drugs to which a deductible applies, the board shall assume
12 the risk for, and pay directly for, prescription drugs provided to participants. In
13 implementing this requirement, the board shall replicate the prescription drug
14 buying system developed by the retirement board for prescription drug coverage
15 under the state employee uniform group insurance plan under chapter 54-52.1,
16 unless the board determines that another approach would be more cost-effective.
17 The board may join the prescription drug purchasing arrangement under this Act
18 with similar arrangements or programs in other states to form a multistate
19 purchasing group to negotiate with prescription drug manufacturers and distributors
20 for reduced prescription drug prices, or to contract with a third party, such as a
21 private pharmacy benefits manager, to negotiate with prescription drug
22 manufacturers and distributors for reduced prescription drug prices.

23 **SECTION 8. Subrogation.** The board and authority are entitled to the right of
24 subrogation for reimbursement to the extent that a participant may recover reimbursement for
25 health care services and items in an action or claim against any third party.

26 **SECTION 9. Employer-provided health care benefits.** This Act does not prevent an
27 employer, or a Taft-Hartley trust on behalf of an employer, from paying all or part of any
28 cost-sharing under section 6 or 7 of this Act, or from providing any health care benefits not
29 provided under the plan, for any of the employer's employees.

30 **SECTION 10. Assessments, individuals, and businesses.**

31 1. In this section:

- 1 a. "Commissioner" means the tax commissioner.
- 2 b. "Dependent" means a spouse, an unmarried child under the age of nineteen
3 years, an unmarried child who is a full-time student under the age of
4 twenty-one years and who is financially dependent upon the parent, or an
5 unmarried child of any age who is medically certified as disabled and who is
6 dependent upon the parent.
- 7 c. "Eligible individual" means an individual who is eligible to participate in the
8 plan, other than an employee or a self-employed individual.
- 9 d. "Employee" means an individual who has an employer.
- 10 e. "Employer" means a person who is required under the Internal Revenue Code
11 to file form 941.
- 12 f. "Medical inflation" means the percentage change between the United States
13 consumer price index for all urban consumers, United States city average, for
14 the medical care group only, including medical care commodities and medical
15 care services, for the month of August of the previous year and the United
16 States consumer price index for all urban consumers, United States city
17 average, for the medical care group only, including medical care commodities
18 and medical care services, for the month of August 2009, as determined by
19 the United States department of labor.
- 20 g. "Poverty line" means the federal poverty line, as defined under 42 U.S.C.
21 9902(2), for a family the size of the individual's family.
- 22 h. "Self-employed individual" means an individual who is required under the
23 Internal Revenue Code to file schedule SE.
- 24 i. "Social security wages" means:
- 25 (1) For purposes of subdivision a of subsection 2, the amount of wages, as
26 defined in section 3121(a) of the Internal Revenue Code, paid to an
27 employee by an employer in a taxable year, up to a maximum amount
28 that is equal to the social security wage base.
- 29 (2) For purposes of subdivision b of subsection 2, the amount of net
30 earnings from self-employment, as defined in section 1402(a) of the

- 1 Internal Revenue Code, received by an individual in a taxable year, up
2 to a maximum amount that is equal to the social security wage base.
- 3 (3) For purposes of subsection 3, the amount of wages, as defined in
4 section 3121(a) of the Internal Revenue Code, paid by an employer in a
5 taxable year with respect to employment, as defined in section 3121(b)
6 of the Internal Revenue Code, up to a maximum amount that is equal to
7 the social security wage base multiplied by the number of the
8 employer's employees.
- 9 2. Subject to subsection 4, the board shall calculate the following assessments,
10 based on its anticipated revenue needs:
- 11 a. For an employee who is under the age of sixty-five, a percent of social
12 security wages that is at least two percent and not more than four percent,
13 subject to the following:
- 14 (1) If the employee has social security wages that are one hundred fifty
15 percent or less of the poverty line, the employee may not be assessed.
- 16 (2) If the employee has no dependents and the employee's social security
17 wages are more than one hundred fifty percent and two hundred
18 percent or less of the poverty line the assessment must be in an
19 amount, as determined by the board on a sliding scale based on the
20 employee's social security wages, that is between zero percent and
21 four percent of the employee's social security wages.
- 22 (3) If the employee has one or more dependents, or is a single individual
23 who is pregnant, and the employee's social security wages are more
24 than one hundred fifty percent and three hundred percent or less of the
25 poverty line the assessment must be in an amount, as determined by
26 the board on a sliding scale based on the employee's social security
27 wages, that is between zero percent and four percent of the employee's
28 social security wages.
- 29 b. For a self-employed individual who is under the age of sixty-five, a percent of
30 social security wages that is at least nine percent and not more than ten
31 percent.

- 1 c. For an eligible individual who has no social security wages under paragraph 1
2 or 2 of subdivision i of subsection 1 or, from an employer, under paragraph 3
3 of subdivision i of subsection 1, ten percent of federal adjusted gross income,
4 up to the maximum amount of income that is subject to social security tax.
- 5 3. Subject to subsection 4, the board shall calculate an assessment, based on its
6 anticipated revenue needs, that is a percentage of aggregate social security wages
7 that is at least nine percent and not more than twelve percent.
- 8 4. Collection and calculation of assessments.
- 9 a. For taxable years beginning after December 31, 2009, the commissioner shall
10 impose on, and collect from, individuals the assessment amounts that the
11 board calculates under subsection 2, either through an assessment that is
12 collected as part of the income tax due, or through another method devised by
13 the commissioner. For taxable years beginning after December 31, 2009, the
14 commissioner shall impose on, and collect from, employers the assessment
15 amounts that the board calculates under subsection 3, either through an
16 assessment that is collected as part of the tax due, or through another method
17 devised by the commissioner.
- 18 b. The amounts that the commissioner collects under subdivision a must be
19 deposited into a special fund in the state treasury known as the healthy North
20 Dakota trust fund.
- 21 c. The board may annually increase or decrease the amounts that may be
22 assessed under subsections 2 and 3. No annual increase under this
23 subdivision may exceed the percentage increase for medical inflation unless a
24 greater increase is provided for by law.

25 **SECTION 11. Advisory committee.**

- 26 1. The board shall establish a health care advisory committee to advise the board on
27 all of the following:
- 28 a. Matters related to promoting healthier lifestyles.
- 29 b. Promoting health care quality.
- 30 c. Increasing the transparency of health care cost and quality information.
- 31 d. Preventive care.

- 1 e. Early identification of health disorders.
- 2 f. Disease management.
- 3 g. Appropriate use of primary care, medical specialists, prescription drugs, and
- 4 hospital emergency rooms.
- 5 h. Confidentiality of medical information.
- 6 i. Appropriate use of technology.
- 7 j. Benefit design.
- 8 k. Availability of physicians, hospitals, and other providers.
- 9 l. Reduction of health care costs.
- 10 m. Any subject assigned to it by the board.
- 11 n. Any subject determined appropriate by the committee.
- 12 2. The board shall appoint as members of the committee all of the following
- 13 individuals:
- 14 a. At least one member designated by the North Dakota medical association.
- 15 b. At least one member designated by the North Dakota academy of family
- 16 physicians.
- 17 c. At least one member designated by the North Dakota healthcare association.
- 18 d. One member designated by the president of the state board of higher
- 19 education who is knowledgeable in the field of medicine and public health.
- 20 e. One member designated by the dean of the university of North Dakota school
- 21 of medicine and health sciences.
- 22 f. Two members designated by the North Dakota nurses association.
- 23 g. One member designated by the North Dakota dental association.
- 24 h. One member designated by statewide organizations interested in mental
- 25 health issues.
- 26 i. One member representing health care administrators.
- 27 j. Other members representing health care professionals.

28 **SECTION 12. EFFECTIVE DATE.** Section 10 of this Act is effective for taxable years
29 beginning after December 31, 2008.
