

Introduced by

1 A BILL for an Act to amend and reenact section 40-47-01.1 of the North Dakota Century Code,  
2 relating to extraterritorial zoning jurisdiction of cities.

3 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

4 **SECTION 1. AMENDMENT.** Section 40-47-01.1 of the North Dakota Century Code is  
5 amended and reenacted as follows:

6 **40-47-01.1. (Effective through July 31, 2009) Extraterritorial zoning - Mediation -**  
7 **Determination by administrative law judge.**

- 8 1. A city may, by ordinance, extend the application of a city's zoning regulations to  
9 any quarter quarter section of unincorporated territory if a majority of the quarter  
10 quarter section is located within the following distance of the corporate limits of the  
11 city:
- 12 a. One-half mile [.80 kilometer] if the city has a population of fewer than five  
13 thousand.
  - 14 b. One mile [1.61 kilometers] if the city has a population of five thousand or  
15 more, but fewer than twenty-five thousand.
  - 16 c. Two miles [3.22 kilometers] if the city has a population of twenty-five thousand  
17 or more.
- 18 2. Subject to subsections 5 and 6, a city, by ordinance, may extend the application of  
19 the city's zoning regulations to two times the distance allowed under  
20 subdivisions a, b, and c of subsection 1 if the extension is approved by at least five  
21 of six members of a committee established to review the proposed extension. The  
22 committee must consist of three members appointed by the governing body of the  
23 city and three members appointed, jointly, by the governing bodies of any political

- 1 subdivision that is exercising zoning authority within the territory to be  
2 extraterritorially zoned.
- 3 3. If a quarter quarter section line divides a platted lot and the majority of that platted  
4 lot lies within the quarter quarter section, a city may apply its extraterritorial zoning  
5 authority to the remainder of that platted lot. If the majority of the platted lot lies  
6 outside the quarter quarter section, the city may not apply its extraterritorial zoning  
7 authority to any of that platted lot.
- 8 4. A city exercising its extraterritorial zoning authority shall hold a zoning transition  
9 meeting if the territory to be extraterritorially zoned is currently zoned. The city's  
10 zoning or planning commission shall provide at least fourteen days' notice of the  
11 meeting to the zoning board or boards of all political subdivisions losing their partial  
12 zoning authority. The purpose of the zoning transition meeting is to review existing  
13 zoning rules, regulations, and restrictions currently in place in the territory to be  
14 extraterritorially zoned and to plan for an orderly transition. The zoning transition  
15 meeting must take place before the city's adoption of an ordinance exercising  
16 extraterritorial zoning.
- 17 5. If two or more cities have boundaries at a distance where there is an overlap of  
18 extraterritorial zoning authority under this section, the governing bodies of the cities  
19 may enter into an agreement regarding the extraterritorial zoning authority of each  
20 city. The agreement must be for a specific term and is binding upon the cities  
21 unless the governing bodies of the cities agree to amend or rescind the agreement  
22 or unless determined otherwise by an administrative law judge in accordance with  
23 this chapter. If a dispute arises concerning the extraterritorial zoning authority of a  
24 city and the governing bodies of the cities involved fail to resolve the dispute, the  
25 dispute must be submitted to a committee for mediation. The committee must be  
26 comprised of one member appointed by the governor, one member of the  
27 governing body of each city, and one member of the planning commission of each  
28 city who resides outside the corporate city limits. The governor's appointee shall  
29 arrange and preside over the meeting and act as mediator at the meeting. A  
30 meeting may be continued until the dispute has been resolved or until the mediator  
31 determines that continued mediation is no longer worthwhile.

- 1           6. If the mediation committee is unable to resolve the dispute to the satisfaction of the  
2 governing bodies of all the cities involved, the governing body of any of the cities  
3 may petition the office of administrative hearings to appoint an administrative law  
4 judge to determine the extraterritorial zoning authority of the cities in the disputed  
5 area. A hearing may not be held until after at least two weeks' written notice has  
6 been given to the governing bodies of the cities involved in the dispute. At the  
7 hearing, the governor's appointee who mediated the meetings under subsection 4  
8 shall provide information to the administrative law judge on the dispute between  
9 the cities involved and any proposed resolutions or recommendations made by a  
10 majority of the committee members. Any resident of, or person owning property in,  
11 a city involved in the dispute or the unincorporated territory that is the subject of the  
12 proposed extraterritorial zoning, a representative of such a resident or property  
13 owner, and any representative of a city involved, may appear at the hearing and  
14 present evidence on any matter to be determined by the administrative law judge.  
15 A decision by the administrative law judge is binding upon all the cities involved in  
16 the dispute and remains effective until the governing bodies of the cities agree to a  
17 change in the zoning authority of the cities. The governing body of a city may  
18 request a review of a decision of an administrative law judge due to changed  
19 circumstances at any time ten years after the decision has become final. An  
20 administrative law judge shall consider the following factors in making a decision  
21 under this subsection:
- 22           a. The proportional extraterritorial zoning authority of the cities involved in the  
23           dispute;
  - 24           b. The proximity of the land in dispute to the corporate limits of each city  
25           involved;
  - 26           c. The proximity of the land in dispute to developed property in the cities  
27           involved;
  - 28           d. Whether any of the cities has exercised extraterritorial zoning authority over  
29           the disputed land;
  - 30           e. Whether natural boundaries such as rivers, lakes, highways, or other physical  
31           characteristics affecting the land are present;

- 1 f. The growth pattern of the cities involved in the dispute; and  
2 g. Any other factor determined to be relevant by the administrative law judge.
- 3 7. For purposes of this section, the population of a city must be determined by the last  
4 official regular or special federal census. If a city has incorporated after a census,  
5 the population of the city must be determined by a census taken in accordance  
6 with chapter 40-22.
- 7 8. When a portion of the city is attached to the bulk of the city by a strip of land less  
8 than one hundred feet [30.48 meters] wide, that portion and strip of land must be  
9 disregarded when determining the extraterritorial zoning limits of the city. This  
10 subsection does not affect the ability of a city to zone land within its city limits.
- 11 9. For the purposes of this section, a quarter quarter section shall be determined in  
12 the manner provided by 2 Stat. 313 [43 U.S.C. 752]. When appropriate, the phrase  
13 "quarter quarter section" refers to the equivalent government lot.

14 **(Effective after July 31, 2009) Extraterritorial zoning - Mediation - Determination by**  
15 **administrative law judge.**

- 16 1. A city may, by ordinance, extend the application of a city's zoning regulations to  
17 any quarter quarter section of unincorporated territory if a majority of the quarter  
18 quarter section is located within the following distance of the corporate limits of the  
19 city:
- 20 a. One mile [1.61 kilometers] if the city has a population of ~~less~~ fewer than five  
21 thousand. A city that has exercised its authority under this subdivision has  
22 joint zoning and subdivision regulation jurisdiction beyond one-half mile [.80  
23 kilometer] with the entity that would otherwise have jurisdiction.
- 24 b. Two miles [3.22 kilometers] if the city has a population of five thousand or  
25 more, but ~~less~~ fewer than twenty-five thousand. A city that has exercised its  
26 authority under this subdivision has joint zoning and subdivision regulation  
27 jurisdiction beyond one mile [1.61 kilometers] with the entity that would  
28 otherwise have jurisdiction.
- 29 c. Four miles [6.44 kilometers] if the city has a population of twenty-five  
30 thousand or more. A city that has exercised its authority allowed under this

- 1                   subdivision has joint zoning and subdivision regulation beyond two miles [3.22  
2                   kilometers] with the entity that would otherwise have jurisdiction.
- 3           2. The zoning and subdivision regulations of the city govern the entire extraterritorial  
4           area assumed by the city.
- 5           3. Any zoning change or subdivision plat approved or any change in zoning or  
6           subdivision regulation in the area of joint jurisdiction must be approved by both  
7           governing bodies before the change becomes effective. If the governing bodies  
8           are unable to agree, either governing body may petition the office of administrative  
9           hearings to appoint an administrative law judge to resolve the dispute. A hearing  
10           may not be held until after at least two weeks' written notice has been given to the  
11           governing bodies of the jurisdictions involved in the dispute. Each governing body  
12           and any person affected by the regulation may appear at the hearing and present  
13           evidence on any matter to be determined by the administrative law judge. A  
14           decision by the administrative law judge is binding on all jurisdictions involved in  
15           the dispute and remains effective until the governing bodies in the area of joint  
16           jurisdiction agree to change the zoning or subdivision regulation. In making a  
17           decision under this subsection, the administrative law judge shall consider the  
18           following factors:
- 19           a. Whether the proposed change is consistent with a projected growth plan;  
20           b. Whether the proposed change is substantially related to planning practices  
21           consistent with adopted comprehensive plans;  
22           c. The impact of the proposed change on the present and planned uses of the  
23           area under review;  
24           d. The impact of the proposed change on the health and safety of the residents  
25           of the area;  
26           e. The effect of the change on the ability of the affected jurisdiction to adequately  
27           staff and enforce the change;  
28           f. The economic, physical, and social relationship of the inhabitants,  
29           businesses, or industries in the area affected by the change and the effect of  
30           the change on other political subdivisions;

- 1           g. The economic impact of the proposed change on the property owners in the  
2           area of the proposed change and the economic impact on the city of a  
3           decision to deny the change; and
- 4           h. Any other factor determined to be relevant by the administrative law judge.
- 5           4. If a quarter quarter section line divides a platted lot and the majority of that platted  
6           lot lies within the quarter quarter section, a city may apply its extraterritorial zoning  
7           authority to the remainder of that platted lot. If the majority of the platted lot lies  
8           outside the quarter quarter section, the city may not apply its extraterritorial zoning  
9           authority to any of that platted lot.
- 10          ~~3.~~ 5. A city exercising its extraterritorial zoning authority shall hold a zoning transition  
11          meeting if the territory to be extraterritorially zoned is currently zoned. The city's  
12          zoning or planning commission shall provide at least fourteen days' notice of the  
13          meeting to the zoning board or boards of all political subdivisions losing their partial  
14          zoning authority. The purpose of the zoning transition meeting is to review existing  
15          zoning rules, regulations, and restrictions currently in place in the territory to be  
16          extraterritorially zoned and to plan for an orderly transition. The zoning transition  
17          meeting must take place before the city's adoption of an ordinance exercising  
18          extraterritorial zoning.
- 19          4. 6. If two or more cities have boundaries at a distance where there is an overlap of  
20          extraterritorial zoning authority under this section, the governing bodies of the cities  
21          may enter into an agreement regarding the extraterritorial zoning authority of each  
22          city. The agreement must be for a specific term and is binding upon the cities  
23          unless the governing bodies of the cities agree to amend or rescind the agreement  
24          or unless determined otherwise by an administrative law judge in accordance with  
25          this chapter. If a dispute arises concerning the extraterritorial zoning authority of a  
26          city and the governing bodies of the cities involved fail to resolve the dispute, the  
27          dispute must be submitted to a committee for mediation. The committee must be  
28          comprised of one member appointed by the governor, one member of the  
29          governing body of each city, and one member of the planning commission of each  
30          city who resides outside the corporate city limits. The governor's appointee shall  
31          arrange and preside over the meeting and act as mediator at the meeting. A

1 meeting may be continued until the dispute has been resolved or until the mediator  
2 determines that continued mediation is no longer worthwhile.

3 ~~5.~~ 7. If the mediation committee is unable to resolve the dispute to the satisfaction of the  
4 governing bodies of all the cities involved, the governing body of any of the cities  
5 may petition the office of administrative hearings to appoint an administrative law  
6 judge to determine the extraterritorial zoning authority of the cities in the disputed  
7 area. A hearing may not be held until after at least two weeks' written notice has  
8 been given to the governing bodies of the cities involved in the dispute. At the  
9 hearing, the governor's appointee who mediated the meetings under subsection 4  
10 6 shall provide information to the administrative law judge on the dispute between  
11 the cities involved and any proposed resolutions or recommendations made by a  
12 majority of the committee members. Any resident of, or person owning property in,  
13 a city involved in the dispute or the unincorporated territory that is the subject of the  
14 proposed extraterritorial zoning, a representative of such a resident or property  
15 owner, and any representative of a city involved, may appear at the hearing and  
16 present evidence on any matter to be determined by the administrative law judge.  
17 A decision by the administrative law judge is binding upon all the cities involved in  
18 the dispute and remains effective until the governing bodies of the cities agree to a  
19 change in the zoning authority of the cities. The governing body of a city may  
20 request a review of a decision of an administrative law judge due to changed  
21 circumstances at any time ten years after the decision has become final. An  
22 administrative law judge shall consider the following factors in making a decision  
23 under this subsection:

- 24 a. The proportional extraterritorial zoning authority of the cities involved in the  
25 dispute;
- 26 b. The proximity of the land in dispute to the corporate limits of each city  
27 involved;
- 28 c. The proximity of the land in dispute to developed property in the cities  
29 involved;
- 30 d. Whether any of the cities has exercised extraterritorial zoning authority over  
31 the disputed land;

- 1 e. Whether natural boundaries such as rivers, lakes, highways, or other physical  
2 characteristics affecting the land are present;
- 3 f. The growth pattern of the cities involved in the dispute; and
- 4 g. Any other factor determined to be relevant by the administrative law judge.
- 5 ~~6.~~ 8. For purposes of this section, the population of a city must be determined by the last  
6 official regular or special federal census. If a city has incorporated after a census,  
7 the population of the city must be determined by a census taken in accordance  
8 with chapter 40-22.
- 9 ~~7.~~ 9. When a portion of the city is attached to the bulk of the city by a strip of land less  
10 than one hundred feet [30.48 meters] wide, that portion and strip of land must be  
11 disregarded when determining the extraterritorial zoning limits of the city. This  
12 subsection does not affect the ability of a city to zone land within its city limits.
- 13 ~~8.~~ 10. For the purposes of this section, a quarter quarter section ~~shall be~~ is as determined  
14 in the manner provided by 2 Stat. 313 [43 U.S.C. 752]. When appropriate, the  
15 phrase "quarter quarter section" refers to the equivalent government lot.
