3 **WHEREAS**, there are 95,600 students enrolled in public elementary and high schools in
4 North Dakota; and

5 **WHEREAS**, this state has 156 high school districts, 34 elementary school districts,
6 5 one-room rural school districts, and 3 nonoperating school districts; and

7 **WHEREAS**, the continuing decline in the number of students will likely be paralleled by
8 a continuing decline in the number of school districts; and

9 **WHEREAS**, under current law, a school district that is no longer self-sustaining has
10 available the statutory options of reorganization with one or more contiguous districts or
11 dissolution; and

12 **WHEREAS**, the statutory requirements for school district reorganizations and
13 dissolutions need to be periodically examined to determine their appropriateness and continued
14 relevancy given the numerous changes in the educational sector;

15 **NOW, THEREFORE, BE IT RESOLVED BY THE SENATE OF NORTH DAKOTA,**
16 **THE HOUSE OF REPRESENTATIVES CONCURRING THEREIN:**

17 That the Legislative Council study joint powers associations and school district
18 reorganizations, annexations, and dissolutions; the statutory requirements for effectuating each
19 outcome, including the role of county superintendents and county committees; the impact of
20 each on students, parents, teachers, taxpayers, and communities; and the continued relevancy
21 of the processes in light of numerous changes in the educational sector; and

22 **BE IT FURTHER RESOLVED**, that the Legislative Council report its findings and
23 recommendations, together with any legislation required to implement the recommendations, to
24 the Sixty-first Legislative Assembly.
