25           **32-03.3-03. Approval of transfers of structured settlement payment rights.**

- 26           1.   A direct or indirect transfer of structured settlement payment rights is not effective  
27                   and a structured settlement obligor or annuity issuer may not be required to make  
28                   any payment directly or indirectly to any transferee of structured settlement  
29                   payment rights unless the transfer has been approved in advance in a final court  
30                   order based on the following express findings by the court:

- 1           a. The transfer is in the best interest of the payee, taking into account the  
2                 welfare and support of the payee's dependents;  
3           b. The payee has been advised in writing by the transferee to seek independent  
4                 professional advice regarding the transfer and has either received that advice  
5                 or knowingly waived the advice in writing;  
6           c. The transfer does not contravene any applicable statute or the order of any  
7                 court or other governmental authority; and  
8           d. The transaction, including the discount rate used to determine the gross  
9                 advance amount and the fees and expenses used to determine the net  
10                advance amount, is fair and reasonable.  
11         2. If the court makes the findings as outlined in this subsection, the court is not  
12                required to find that an applicant is suffering from a hardship before approving the  
13                transfer of structured settlement payments under this section.

14           **32-03.3-04. Effects of transfer of structured settlement payment rights.** Following  
15 a transfer of structured settlement payment rights under this chapter:

- 16           1. The structured settlement obligor and the annuity issuer are discharged and  
17                released from all liability for the transferred payments;  
18           2. The transferee is liable to the structured settlement obligor and the annuity issuer:  
19                a. If the transfer contravenes the terms of the structured settlement, for any  
20                    taxes incurred by those parties as a consequence of the transfer; and  
21                b. For any other liabilities or costs, including reasonable costs and attorney's  
22                    fees, arising from compliance by those parties with the order of the court or  
23                    arising as a consequence of the transferee's failure to comply with this  
24                    chapter;  
25           3. Neither the annuity issuer nor the structured settlement obligor may be required to  
26                divide any periodic payment between the payee and any transferee or assignee or  
27                between two or more transferees or assignees; and  
28           4. Any further transfer of structured settlement payment rights by the payee may be  
29                made only after compliance with all of the requirements of this chapter.

30           **32-03.3-05. Procedure for approval of transfers.**

- 1           1. An application for approval of a transfer of structured settlement payment rights  
2           under this chapter must be made by the transferee and may be brought in the  
3           county in which the payee resides, in the county in which the structured settlement  
4           obligor or the annuity issuer maintains its principal place of business, or in any  
5           court that approved the structured settlement agreement.
- 6           2. At least twenty days before the scheduled hearing on any application for approval  
7           of a transfer of structured settlement payment rights under section 39-03.3-03, the  
8           transferee shall file with the court and serve on all interested parties a notice of the  
9           proposed transfer and the application for its authorization. The notice must  
10          include:
- 11          a. A copy of the transferee's application;  
12          b. A copy of the transfer agreement;  
13          c. A copy of the disclosure statement required under section 39-03.3-02;  
14          d. A list of each of the payee's dependents and each dependent's age;  
15          e. Notification that any interested party is entitled to support, oppose, or  
16          otherwise respond to the transferee's application, either in person or by  
17          counsel, by submitting written comments to the court or by participating in the  
18          hearing;
- 19          f. Notification of the time and place of the hearing; and  
20          g. Notification of the manner in which and the time by which written responses to  
21          the application must be filed in order to be considered by the court, which may  
22          be not less than fifteen days after service of the transferee's notice.

23           **32-03.3-06. No waiver by payee.** The requirements of this chapter may not be waived  
24 by any payee.

25           **32-03.3-07. Disputes decided under state law.** Any transfer agreement entered on  
26 or after the effective date of this chapter by a payee who resides in this state must provide that  
27 disputes under the transfer agreement, including any claim that the payee has breached the  
28 agreement, must be determined in and under the laws of this state. Such a transfer agreement  
29 may not authorize the transferee or any other party to confess judgment or consent to entry of  
30 judgment against the payee.

1           **32-03.3-08. Life-contingent payments not to be transferred - Exception.** A transfer  
2 of structured settlement payment rights may not extend to any payments that are life-contingent  
3 unless, before the date on which the payee signs the transfer agreement, the transferee has  
4 established and has agreed to maintain procedures reasonably satisfactory to the annuity  
5 issuer and the structured settlement obligor for periodically confirming the payee's survival and  
6 giving the annuity issuer and the structured settlement obligor prompt written notice in the event  
7 of the payee's death.

8           **32-03.3-09. No payee liability for failure to comply with chapter.** A payee who  
9 proposes to make a transfer of structured settlement payment rights may not incur any penalty,  
10 forfeit any application fee or other payment, or otherwise incur any liability to the proposed  
11 transferee or any assignee based on any failure of the transfer to satisfy the conditions of this  
12 chapter.

13           **32-03.3-10. Effect of chapter on existing laws and transfer agreements.** This  
14 chapter does not authorize any transfer of structured settlement payment rights in contravention  
15 of any law nor does this chapter imply that any transfer under a transfer agreement entered  
16 before August 1, 2009, is valid or invalid.

17           **32-03.3-11. Transferee solely responsible for certain requirements.** In any transfer  
18 of structured settlement payment rights, compliance with the requirements of section  
19 39-03.3-02 and fulfillment of the conditions of section 39-03.3-03 are the sole responsibility of  
20 the transferee. Neither the structured settlement obligor nor the annuity issuer bears any  
21 responsibility for, or any liability arising from, noncompliance with those requirements or failure  
22 to fulfill those conditions.

23           **32-03.3-12. Applicability of chapter.** This chapter applies to any transfer of  
24 structured settlement payment rights under a transfer agreement entered after July 31, 2009.  
25 This chapter does not imply that any transfer under a transfer agreement reached before  
26 August 1, 2009, is either effective or ineffective.
