- 1           7. Licenses may be renewed annually on the anniversary date upon payment of the  
2           periodic renewal fee. As specified in subsection 2, the renewal fee for a provider  
3           may not exceed a reasonable fee. Failure to pay the fee within the terms  
4           prescribed results in the automatic revocation of the license requiring periodic  
5           renewal.
- 6           8. The term of provider license must be equal to that of a domestic stock life  
7           insurance company and the term of a broker license must be equal to that of an  
8           insurance producer license. Licenses requiring periodic renewal may be renewed  
9           on their anniversary date upon payment of the periodic renewal fee as specified in  
10           subsection 2. Failure to pay the fees before the expiration of the renewal date  
11           results in expiration of the license.
- 12           9. The applicant shall provide such information as the commissioner may require on  
13           forms prepared by the commissioner. The commissioner, at any time, may require  
14           the applicant to fully disclose the identity of the applicant's stockholders (except  
15           stockholders owning fewer than ten percent of the shares of an applicant whose  
16           shares are publicly traded), partners, officers, and employees, and the  
17           commissioner may refuse to issue the license in the name of any person if not  
18           satisfied that any officer, employee, stockholder, or partner thereof who may  
19           materially influence the applicant's conduct meets the standards of this chapter.
- 20           10. A license issued to a partnership, corporation, or other entity authorizes all  
21           members, officers, and designated employees to act as a licensee under the  
22           license, if those individuals are named in the application and any supplements to  
23           the application.
- 24           11. Upon the filing of an application and the payment of the license fee, the  
25           commissioner shall make an investigation of each applicant and may issue a  
26           license if the commissioner finds that the applicant:
- 27           a. If a provider, has provided a detailed plan of operation;  
28           b. Is competent and trustworthy and intends to transact the applicant's business  
29           in good faith;  
30           c. Has a good business reputation and has had experience, training, or  
31           education so as to be qualified in the business for which the license is applied;

- 1           d. If the applicant is a legal entity, is formed or organized pursuant to the laws of  
2           this state, or is a foreign legal entity authorized to transact business in this  
3           state, or provides a certificate of good standing from the state of its domicile;  
4           and
- 5           e. Has provided to the commissioner an antifraud plan that meets the  
6           requirements of section 26.1-33.4-12 and includes:
- 7           (1) A description of the procedures for detecting and investigating possible  
8           fraudulent acts and procedures for resolving material inconsistencies  
9           between medical records and insurance applications;
- 10          (2) A description of the procedures for reporting fraudulent insurance acts  
11          to the commissioner;
- 12          (3) A description of the plan for antifraud education and training of the  
13          applicant's underwriters and other personnel; and
- 14          (4) A written description or chart outlining the arrangement of the antifraud  
15          personnel who are responsible for the investigation and reporting of  
16          possible fraudulent insurance acts and investigating unresolved  
17          material inconsistencies between medical records and insurance  
18          applications.
- 19          12. The commissioner may not issue any license to any nonresident applicant unless a  
20          written designation of an agent for service of process is filed and maintained with  
21          the commissioner or unless the applicant has filed with the commissioner the  
22          applicant's written irrevocable consent that any action against the applicant may be  
23          commenced against the applicant by service of process on the commissioner.
- 24          13. Each licensee shall file with the commissioner before March first of each year an  
25          annual statement containing such information as the commissioner by rule may  
26          prescribe.
- 27          14. A provider may not use any person to perform the functions of a broker, as  
28          provided under this chapter, unless the person holds a current, valid license as a  
29          broker, and as provided in this section.

1       15. A broker may not use any person to perform the functions of a provider as defined  
2           in this chapter unless such person holds a current, valid license as a provider and  
3           as provided in this section.

4       16. A provider or broker shall provide to the commissioner new or revised information  
5           about officers, ten percent or more stockholders, partners, directors, members, or  
6           designated employees within thirty days of the change.

7       17. An individual licensed as a broker shall complete on a biennial basis fifteen hours  
8           of training related to life settlements and life settlement transactions as required by  
9           the commissioner; provided, however, that a life insurance producer who is  
10           operating as a broker pursuant to this section is not subject to the requirements of  
11           this subsection. Any person failing to meet the requirements of this subsection  
12           shall be subject to the penalties imposed by the commissioner.

13       **26.1-33.4-03. License suspension, revocation, or refusal to renew.**

14       1. The commissioner may suspend, revoke, or refuse to renew the license of any  
15           licensee if the commissioner finds that:

16           a. There was any material misrepresentation in the application for the license;

17           b. The licensee or any officer, partner, member, or director has been guilty of  
18           fraudulent or dishonest practices, is subject to a final administrative action, or  
19           is otherwise shown to be untrustworthy or incompetent to act as a licensee;

20           c. The provider demonstrates a pattern of unreasonably withholding payments to  
21           policyowners;

22           d. The licensee no longer meets the requirements for initial licensure;

23           e. The licensee or any officer, partner, member, or director has been convicted  
24           of a felony or of any misdemeanor of which criminal fraud is an element; or  
25           the licensee has pleaded guilty or nolo contendere with respect to any felony  
26           or any misdemeanor of which criminal fraud or moral turpitude is an element,  
27           regardless whether a judgment of conviction has been entered by the court;

28           f. The provider has entered any life settlement contract that has not been  
29           approved pursuant to this chapter;

30           g. The provider has failed to honor contractual obligations set out in a life  
31           settlement contract;

- 1            h. The provider has assigned, transferred, or pledged a settled policy to a  
2            person other than a provider licensed in this state, a purchaser, an accredited  
3            investor or qualified institutional buyer as defined respectively in regulation D,  
4            rule 501 or rule 144A of the federal Securities Act of 1933, as amended [15  
5            U.S.C. 77a et seq.], financing entity, special purpose entity, or related provider  
6            trust; or  
7            i. The licensee or any officer, partner, member, or key management personnel  
8            has violated any of the provisions of this chapter.  
9            2. Before the commissioner denies a license application or suspends, revokes, or  
10           refuses to renew the license of any licensee under this chapter, the commissioner  
11           shall conduct a hearing.

12           **26.1-33.4-04. Contract requirements.**

- 13           1. A person may not use any form of life settlement contract in this state unless the  
14           contract has been filed with and approved, if required, by the commissioner in a  
15           manner that conforms with the filing procedures and any time restrictions or  
16           deeming provisions, if any, for life insurance forms, policies, and contracts.  
17           2. An insurer may not require, as a condition of responding to a request for  
18           verification of coverage or in connection with the transfer of a policy pursuant to a  
19           life settlement contract, that the owner, insured, provider, or broker sign any form,  
20           disclosure, consent, waiver, or acknowledgment that has not been expressly  
21           approved by the commissioner for use in connection with life settlement contracts  
22           in this state.  
23           3. A person may not use a life settlement contract form or provide to an owner a  
24           disclosure statement form in this state unless first filed with and approved by the  
25           commissioner. The commissioner shall disapprove a life settlement contract form  
26           or disclosure statement form if, in the commissioner's opinion, the contract or  
27           provisions contained therein fail to meet the requirements of sections 26.1-33.4-07,  
28           26.1-33.4-08, and 26.1-33.4-10 and subsection 2 of section 26.1-33.4-14 or are  
29           unreasonable, contrary to the interests of the public, or otherwise misleading or  
30           unfair to the owner. The commissioner may require the submission of advertising  
31           material.

1           **26.1-33.4-05. Reporting requirements and privacy.**

2           1. For any policy settled within five years of policy issuance, each provider shall file  
3           with the commissioner before March first of each year an annual statement  
4           containing such information as the commissioner may prescribe by regulation. In  
5           addition to any other requirements, the annual statement must specify the total  
6           number, aggregate face amount, and life settlement proceeds of policies settled  
7           during the immediately preceding calendar year, together with a breakdown of the  
8           information by policy issue year. The annual statement also must include the  
9           names of the insurance companies whose policies have been settled and the  
10           brokers that have settled said policies.

11           a. Such information must be limited to only those transactions where the insured  
12           is a resident of this state and may not include individual transaction data  
13           regarding the business of life settlements or information that there is a  
14           reasonable basis to believe could be used to identify the owner or the insured.

15           b. Every provider that willfully fails to file an annual statement as required in this  
16           section, or willfully fails to reply within thirty days to a written inquiry by the  
17           commissioner in connection therewith, shall, in addition to other penalties  
18           provided by this chapter, be subject, upon due notice and opportunity to be  
19           heard, to a penalty of up to two hundred fifty dollars per day of delay, not to  
20           exceed twenty-five thousand dollars in the aggregate, for each such failure.

21           2. Except as otherwise allowed or required by law, a provider, broker, insurance  
22           company, insurance producer, information bureau, rating agency or company, or  
23           any other person with actual knowledge of an insured's identity, may not disclose  
24           the identify of an insured or information that there is a reasonable basis to believe  
25           could be used to identify the insured or the insured's financial or medical  
26           information to any other person unless the disclosure:

27           a. Is necessary to effect a life settlement contract between the owner and a  
28           provider and the owner and insured have provided prior written consent to the  
29           disclosure;

30           b. Is necessary to effectuate the sale of life settlement contracts, or interests  
31           therein, as investments, provided the sale is conducted in accordance with

- 1                   applicable state and federal securities law, and provided further that the  
2                   owner and the insured have both provided prior written consent to the  
3                   disclosure;
- 4                   c. Is provided in response to an investigation or examination by the  
5                   commissioner or any other governmental officer or agency or pursuant to the  
6                   requirements of section 26.1-33.4-12;
- 7                   d. Is a term or condition to the transfer of a policy by one provider to another  
8                   provider, in which case the receiving provider shall comply with the  
9                   confidentiality requirements of subsection 2 of section 26.1-33.4-05;
- 10                  e. Is necessary to allow the provider or broker or its authorized representative to  
11                  make contacts for the purpose of determining health status. For the purposes  
12                  of this section, the term "authorized representative" does not include any  
13                  person that has or may have any financial interest in the settlement contract  
14                  other than a provider, licensed broker, financing entity, related provider trust,  
15                  or special purpose entity; further, a provider or broker shall require its  
16                  authorized representative to agree in writing to adhere to the privacy  
17                  provisions of this chapter; or
- 18                  f. Is required to purchase stop-loss coverage.
- 19                  3. Nonpublic personal information solicited or obtained in connection with a proposed  
20                  or actual life settlement contract is subject to the provisions applicable to financial  
21                  institutions under the federal Gramm Leach Bliley Act [Pub. L. 106-102] and all  
22                  other state and federal laws relating to confidentiality of nonpublic personal  
23                  information.

24                  **26.1-33.4-06. Examination.**

- 25                  1. The commissioner, when the commissioner deems it reasonably necessary to  
26                  protect the interests of the public, may examine the business and affairs of any  
27                  licensee or applicant for a license. The commissioner may order any licensee or  
28                  applicant to produce any records, books, files, or other information reasonably  
29                  necessary to ascertain whether such licensee or applicant is acting or has acted in  
30                  violation of the law or otherwise contrary to the interests of the public. The

- 1 expenses incurred in conducting any examination must be paid by the licensee or  
2 applicant.
- 3 2. In lieu of an examination under this chapter of any foreign or alien licensee  
4 licensed in this state, the commissioner may, at the commissioner's discretion,  
5 accept an examination report on the licensee as prepared by the commissioner for  
6 the licensee's state of domicile or port-of-entry state.
- 7 3. Names of and individual identification data for all owners and insureds must be  
8 considered private and confidential information and may not be disclosed by the  
9 commissioner unless required by law.
- 10 4. Records of all consummated transactions and life settlement contracts must be  
11 maintained by the provider for three years after the death of the insured and must  
12 be available to the commissioner for inspection during reasonable business hours.
- 13 5. a. Upon determining that an examination should be conducted, the  
14 commissioner shall issue an examination warrant appointing one or more  
15 examiners to perform the examination and instructing the examiners as to the  
16 scope of the examination. In conducting the examination, the examiner shall  
17 use methods common to the examination of any life settlement licensee and  
18 should use those guidelines and procedures set forth in an examiners'  
19 handbook adopted by a national organization.
- 20 b. Every licensee or person from whom information is sought, its officers,  
21 directors, and agents shall provide to the examiners timely, convenient, and  
22 free access at all reasonable hours at its offices to all books, records,  
23 accounts, papers, documents, assets, and computer or other recordings  
24 relating to the property, assets, business, and affairs of the licensee being  
25 examined. The officers, directors, employees, and agents of the licensee or  
26 person shall facilitate the examination and aid in the examination so far as it is  
27 in their power to do so. The refusal of a licensee, by its officers, directors,  
28 employees, or agents, to submit to examination or to comply with any  
29 reasonable written request of the commissioner is grounds for suspension or  
30 refusal of, or nonrenewal of any license or authority held by the licensee to  
31 engage in the life settlement business or other business subject to the

- 1           commissioner's jurisdiction. Any proceedings for suspension, revocation, or  
2           refusal of any license or authority must be conducted pursuant to section  
3           26.1-01-03.1.
- 4           c. The commissioner may issue subpoenas, administer oaths, and examine  
5           under oath any person as to any matter pertinent to the examination. Upon  
6           the failure or refusal of a person to obey a subpoena, the commissioner may  
7           petition a court of competent jurisdiction, and upon proper showing, the court  
8           may enter an order compelling the witness to appear and testify or produce  
9           documentary evidence.
- 10          d. When making an examination under this chapter, the commissioner may  
11          retain attorneys, appraisers, independent actuaries, independent certified  
12          public accountants, or other professionals and specialists as examiners, the  
13          reasonable cost of which must be borne by the licensee that is the subject of  
14          the examination.
- 15          e. This chapter does not limit the commissioner's authority to terminate or  
16          suspend an examination in order to pursue other legal or regulatory action  
17          pursuant to the insurance laws of this state. Findings of fact and conclusions  
18          made pursuant to any examination are prima facie evidence in any legal or  
19          regulatory action.
- 20          f. This chapter does not limit the commissioner's authority to use and, if  
21          appropriate, to make public any final or preliminary examination report, any  
22          examiner or licensee workpapers, or other documents, or any other  
23          information discovered or developed during the course of any examination in  
24          the furtherance of any legal or regulatory action which the commissioner  
25          determines appropriate.
- 26          6. a. Examination reports must be composed of only facts appearing upon the  
27          books, from the testimony of its officers or agents, or other persons examined  
28          concerning its affairs, and such conclusions and recommendations as the  
29          examiners find reasonably warranted from the facts.
- 30          b. No later than sixty days following completion of the examination, the examiner  
31          in charge shall file with the commissioner a verified written report of

1                   examination under oath. Upon receipt of the verified report, the commissioner  
2                   shall transmit the report to the licensee examined, together with a notice that  
3                   shall afford the licensee examined a reasonable opportunity of not more than  
4                   thirty days to make a written submission or rebuttal with respect to any  
5                   matters contained in the examination report and which shall become part of  
6                   the report or to request a hearing on any matter in dispute.

7                   c. If the commissioner determines that regulatory action is appropriate as a  
8                   result of an examination, the commissioner may initiate any proceedings or  
9                   actions provided by law.

10                  7. a. Names and individual identification data for all owners, purchasers, and  
11                   insureds must be considered private and confidential information and may  
12                   not be disclosed by the commissioner, unless the disclosure is to another  
13                   regulator, is required under law, or is allowed under section 26.1-03-19.4.

14                  b. Except as otherwise provided in this chapter, all examination reports, working  
15                   papers, recorded information, documents, and copies thereof produced by,  
16                   obtained by, or disclosed to the commissioner or any other person in the  
17                   course of an examination made under this chapter, or in the course of  
18                   analysis or investigation by the commissioner of the financial condition or  
19                   market conduct of a licensee must be confidential by law and privileged, is not  
20                   subject to the state's open records laws, is not subject to subpoena, and is not  
21                   subject to discovery or admissible in evidence in any private civil action. The  
22                   commissioner may use the documents, materials, or other information in the  
23                   furtherance of any regulatory or legal action brought as part of the  
24                   commissioner's official duties. The licensee being examined may have  
25                   access to all documents used to make the report.

26                  8. a. An examiner may not be appointed by the commissioner if the examiner,  
27                   either directly or indirectly, has a conflict of interest or is affiliated with the  
28                   management of or owns a pecuniary interest in any person subject to  
29                   examination under this chapter. This section may not be construed to  
30                   automatically preclude an examiner from being:

31                   (1) An owner;

- 1                   (2) An insured in a life settlement contract or insurance policy; or  
2                   (3) A beneficiary in an insurance policy that is proposed for a life settlement  
3                   contract.
- 4                   b. Notwithstanding the requirements of this subsection, the commissioner may  
5                   retain from time to time, on an individual basis, qualified actuaries, certified  
6                   public accountants, or other similar individuals who are independently  
7                   practicing their professions, even though these persons may from time to time  
8                   be similarly employed or retained by persons subject to examination under  
9                   this chapter.
- 10                9. a. No cause of action arises nor may any liability be imposed against the  
11                commissioner, the commissioner's authorized representatives, or any  
12                examiner appointed by the commissioner for any statements made or conduct  
13                performed in good faith while carrying out this chapter.
- 14                b. No cause of action arises, nor may any liability be imposed against any  
15                person for the act of communicating or delivering information or data to the  
16                commissioner or the commissioner's authorized representative or examiner  
17                pursuant to an examination made under this chapter, if the act of  
18                communication or delivery was performed in good faith and without fraudulent  
19                intent or the intent to deceive. This subdivision does not abrogate or modify in  
20                any way any common law or statutory privilege or immunity heretofore  
21                enjoyed by any person identified in subdivision a.
- 22                c. A person identified in subdivision a or b is entitled to an award of attorney's  
23                fees and costs if the person is the prevailing party in a civil cause of action for  
24                libel, slander, or any other relevant tort arising out of activities in carrying out  
25                the provisions of this chapter and the party bringing the action was not  
26                substantially justified in doing so. For purposes of this section a proceeding is  
27                "substantially justified" if it had a reasonable basis in law or fact at the time  
28                that it was initiated.
- 29                10. The commissioner may investigate suspected fraudulent life settlement acts and  
30                persons engaged in the business of life settlements.

1        11. The commissioner may charge for examinations as provided for under section  
2                    26.1-01-07.

3        **26.1-33.4-07. Advertising.**

4        1. A broker or provider licensed pursuant to this chapter may conduct or participate in  
5                    advertisements within this state. Advertisements must comply with all advertising  
6                    and marketing laws or rules adopted by the commissioner which are applicable to  
7                    life insurers or to brokers and providers licensed pursuant to this chapter.

8        2. Advertisements must be accurate and truthful, and may not be misleading in fact or  
9                    by implication.

10       3. A person or trust may not:

11        a. Directly or indirectly, market, advertise, solicit, or otherwise promote the  
12                    purchase of a policy for the sole purpose of or with an emphasis on settling  
13                    the policy; or

14        b. Use the words "free" or "no cost" or words of similar import in the marketing,  
15                    advertising, soliciting, or otherwise promoting of the purchase of a policy.

16       **26.1-33.4-08. Disclosures to owners.**

17       1. The provider shall provide in writing, in a separate document that is signed by the  
18                    owner and provider, the following information to the owner no later than the date  
19                    the life settlement contract is signed by all parties:

20        a. The fact that possible alternatives to life settlement contracts exist, including  
21                    accelerated benefits offered by the issuer of the life insurance policy.

22        b. The fact that some or all of the proceeds of a life settlement contract may be  
23                    taxable and that assistance should be sought from a professional tax adviser.

24        c. The fact that the proceeds from a life settlement contract could be subject to  
25                    the claims of creditors.

26        d. The fact that receipt of proceeds from a life settlement contract may adversely  
27                    affect the recipient's eligibility for public assistance or other government  
28                    benefits or entitlements and that advice should be obtained from the  
29                    appropriate agencies.

30        e. The fact that the owner has a right to terminate a life settlement contract  
31                    within fifteen days of the date it is executed by all parties and the owner has

1           received the disclosures contained herein. Rescission, if exercised by the  
2           owner, is effective only if both notice of the rescission is given and the owner  
3           repays all proceeds and any premiums, loans, and loan interest paid on  
4           account of the provider within the rescission period. If the insured dies during  
5           the rescission period, the contract is deemed to have been rescinded subject  
6           to repayment by the owner or the owner's estate of all proceeds and any  
7           premiums, loans, and loan interest to the provider.

8           f. The fact that proceeds will be sent to the owner within three business days  
9           after the provider has received the insurer or group administrator's  
10           acknowledgement that ownership of the policy or interest in the certificate has  
11           been transferred and the beneficiary has been designated in accordance with  
12           the terms of the life settlement contract.

13           g. The fact that entering into a life settlement contract may cause other rights or  
14           benefits, including conversion rights and waiver of premium benefits, that may  
15           exist under the policy or certificate of a group policy to be forfeited by the  
16           owner and that assistance should be sought from a professional financial  
17           adviser.

18           h. The amount and method of calculating the compensation paid or to be paid to  
19           the broker, or any other person acting for the owner in connection with the  
20           transaction, wherein the term compensation includes anything of value paid or  
21           given.

22           i. The date by which the funds will be available to the owner and the transmitter  
23           of the funds.

24           j. The fact that the commissioner shall require delivery of a buyer's guide or a  
25           similar consumer advisory package in the form prescribed by the  
26           commissioner to owners during the solicitation process.

27           k. The disclosure document must contain the following language:

28                   All medical, financial, or personal information solicited or obtained by a  
29                   provider or broker about an insured, including the insured's identity or  
30                   the identity of family members, a spouse, or a significant other may be  
31                   disclosed as necessary to effect the life settlement contract between

1                   the owner and provider. If you are asked to provide this information,  
2                   you will be asked to consent to the disclosure. The information may be  
3                   provided to someone who buys the policy or provides funds for the  
4                   purchase. You may be asked to renew your permission to share  
5                   information every two years.

6           l.   The fact that the commissioner shall require providers and brokers to print  
7           separate signed fraud warnings on their applications and on their life  
8           settlement contracts the following statement:

9                   Any person that knowingly presents false information in an application  
10                  for insurance or life settlement contract is guilty of a crime and may be  
11                  subject to fines and confinement in prison.

12          m.   The fact that the insured may be contacted by either the provider or broker or  
13          its authorized representative for the purpose of determining the insured's  
14          health status or to verify the insured's address. This contact is limited to once  
15          every three months if the insured has a life expectancy of more than one year,  
16          and no more than once per month if the insured has a life expectancy of one  
17          year or less.

18          n.   The affiliation, if any, between the provider and the issuer of the insurance  
19          policy to be settled.

20          o.   That a broker represents exclusively the owner, and not the insurer or the  
21          provider or any other person, and owes a fiduciary duty to the owner,  
22          including a duty to act according to the owner's instructions and in the best  
23          interest of the owner.

24          p.   The document must include the name, address, and telephone number of the  
25          provider.

26          q.   The name, business address, and telephone number of the independent  
27          third-party escrow agent, and the fact that the owner may inspect or receive  
28          copies of the relevant escrow or trust agreements or documents.

29          r.   The fact that a change of ownership could in the future limit the insured's  
30          ability to purchase future insurance on the insured's life because there is a  
31          limit to how much coverage insurers will issue on one life.

- 1           2. The written disclosures must be conspicuously displayed in any life settlement  
2           contract furnished to the owner by a provider, including any affiliations or  
3           contractual arrangements between the provider and the broker.
- 4           3. A broker shall provide the owner and the provider with at least the following  
5           disclosures no later than the date the life settlement contract is signed by all  
6           parties. The disclosures must be conspicuously displayed in the life settlement  
7           contract or in a separate document signed by the owner and provide the following  
8           information:
- 9           a. The name, business address, and telephone number of the broker.
- 10          b. A full, complete, and accurate description of all the offers, counteroffers,  
11          acceptances, and rejections relating to the proposed life settlement contract.
- 12          c. A written disclosure of any affiliations or contractual arrangements between  
13          the broker and any person making an offer in connection with the proposed  
14          life settlement contracts.
- 15          d. The name of each broker who receives compensation and the amount of  
16          compensation received by that broker, which compensation includes anything  
17          of value paid or given to the broker in connection with the life settlement  
18          contract.
- 19          e. A complete reconciliation of the gross offer or bid by the provider to the net  
20          amount of proceeds or value to be received by the owner. For the purpose of  
21          this section, gross offer or bid means the total amount or value offered by the  
22          provider for the purchase of one or more life insurance policies, inclusive of  
23          commissions and fees.
- 24          f. The failure to provide the disclosures or rights described in this section is  
25          deemed an unfair trade practice pursuant to section 26.1-33.4-16.

26           **26.1-33.4-09. Disclosure to insurer.** Without limiting the ability of an insurer from  
27           assessing the insurability of a policy applicant and determining whether to issue the policy, and  
28           in addition to other questions an insurance carrier may lawfully pose to a life insurance  
29           applicant, insurance carriers may inquire in the application for insurance whether the proposed  
30           owner intends to pay premiums with the assistance of financing from a lender that will use the  
31           policy as collateral to support the financing.

- 1           1. If, as described in subsection 11 of section 26.1-33.4-01, the loan provides funds  
2           that can be used for a purpose other than paying for the premiums, costs, and  
3           expenses associated with obtaining and maintaining the life insurance policy and  
4           loan, the application must be rejected as a violation of the prohibited practices in  
5           section 26.1-33.4-12.
- 6           2. If the financing does not violate section 26.1-33.4-12 in this manner, the insurance  
7           carrier:
- 8           a. May make disclosures, such as the following, to the applicant and the insured,  
9           either on the application or an amendment to the application to be completed  
10           no later than the delivery of the policy: "If you have entered a loan  
11           arrangement where the policy is used as collateral, and the policy does  
12           change ownership at some point in the future in satisfaction of the loan, the  
13           following may be true:
- 14           (1) A change of ownership could lead to a stranger owning an interest in  
15           the insured's life;
- 16           (2) A change of ownership could in the future limit your ability to purchase  
17           future insurance on the insured's life because there is a limit to how  
18           much coverage insurers will issue on one life;
- 19           (3) Should there be a change of ownership and you wish to obtain more  
20           insurance coverage on the insured's life in the future, the insured's  
21           higher issue age, a change in health status, and other factors may  
22           reduce the ability to obtain coverage and may result in significantly  
23           higher premiums; and
- 24           (4) You should consult a professional adviser, since a change in ownership  
25           in satisfaction of the loan may result in tax consequences to the owner,  
26           depending on the structure of the loan;" and
- 27           b. May require certifications, such as the following, from the applicant or the  
28           insured or both:
- 29                           I have entered into any agreement or arrangement providing for  
30                           the future sale of this life insurance policy;

1                   My loan arrangement for this policy provides funds sufficient to  
2                   pay for some or all of the premiums, costs, and expenses associated  
3                   with obtaining and maintaining my life insurance policy, but I have not  
4                   entered into any agreement by which I am to receive consideration in  
5                   exchange for procuring this policy; and

6                   The borrower has an insurable interest in the insured.

7                   **26.1-33.4-10. General rules.**

- 8                   1. A provider entering a life settlement contract with any owner of a policy, wherein  
9                   the insured is terminally or chronically ill, first shall obtain:
- 10                  a. If the owner is the insured, a written statement from a licensed attending  
11                  physician that the owner is of sound mind and under no constraint or undue  
12                  influence to enter into a settlement contract; and
- 13                  b. A document in which the insured consents to the release of the insured's  
14                  medical records to a provider, settlement broker, or insurance producer and, if  
15                  the policy was issued less than two years from the date of application for a  
16                  settlement contract, to the insurance company that issued the policy.
- 17                  2. The insurer shall respond to a request for verification of coverage submitted by a  
18                  provider, settlement broker, or life insurance producer not later than thirty calendar  
19                  days from the date the request is received. The request for verification of coverage  
20                  must be made on a form approved by the commissioner. The insurer shall  
21                  complete and issue the verification of coverage or indicate in which respects it is  
22                  unable to respond. In its response, the insurer shall indicate whether, based on  
23                  the medical evidence and documents provided, the insurer intends to pursue an  
24                  investigation at this time regarding the validity of the insurance contract.
- 25                  3. Before or at the time of execution of the settlement contract, the provider shall  
26                  obtain a witnessed document in which the owner consents to the settlement  
27                  contract, represents that the owner has a full and complete understanding of the  
28                  settlement contract, that the owner has a full and complete understanding of the  
29                  benefits of the policy, acknowledges that the owner is entering into the settlement  
30                  contract freely and voluntarily, and, for persons with a terminal or chronic illness or  
31                  condition, acknowledges that the insured has a terminal or chronic illness and that

- 1           the terminal or chronic illness or condition was diagnosed after the policy was  
2           issued.
- 3           4. The insurer may not unreasonably delay effecting change of ownership or  
4           beneficiary with any life settlement contract lawfully entered in this state or with a  
5           resident of this state.
- 6           5. If a settlement broker or life insurance producer performs any of these activities  
7           required of the provider, the provider is deemed to have fulfilled the requirements  
8           of this section.
- 9           6. If a broker performs the verification of coverage activities required of the provider,  
10           the provider is deemed to have fulfilled the requirements of subsection 1 of section  
11           26.1-33.4-08.
- 12           7. Within twenty days after an owner executes the life settlement contract, the  
13           provider shall give written notice to the insurer that issued that insurance policy that  
14           the policy has become subject to a life settlement contract. The notice must be  
15           accompanied by the documents required by subdivision b of subsection 1 of  
16           section 26.1-33.4-09.
- 17           8. All medical information solicited or obtained by any licensee must be subject to the  
18           applicable provision of state law relating to confidentiality of medical information if  
19           not otherwise provided in this chapter.
- 20           9. All life settlement contracts entered in this state must provide that the owner may  
21           rescind the contract on or before fifteen days after the date it is executed by all  
22           parties thereto. Rescission, if exercised by the owner, is effective only if both  
23           notice of the rescission is given and the owner repays all proceeds and any  
24           premiums, loans, and loan interest paid on account of the provider within the  
25           rescission period. If the insured dies during the rescission period, the contract is  
26           deemed to have been rescinded subject to repayment by the owner or the owner's  
27           estate of all proceeds and any premiums, loans, and loan interest to the provider.
- 28           10. Within three business days after receipt from the owner of documents to effect the  
29           transfer of the insurance policy, the provider shall pay the proceeds of the  
30           settlement to an escrow or trust account managed by a trustee or escrow agent in  
31           a state or federally chartered financial institution pending acknowledgement of the

1           transfer by the issuer of the policy. The trustee or escrow agent must be required  
2           to transfer the proceeds due to the owner within three business days of  
3           acknowledgement of the transfer from the insurer.

4           11. Failure to tender the life settlement contract proceeds to the owner by the date  
5           disclosed to the owner renders the contract voidable by the owner for lack of  
6           consideration until the time the proceeds are tendered to and accepted by the  
7           owner. A failure to give written notice of the right of rescission tolls the right of  
8           rescission until thirty days after the written notice of the right of rescission has been  
9           given.

10          12. Any fee paid by a provider, party, individual, or an owner to a broker in exchange  
11          for services provided to the owner pertaining to a life settlement contract must be  
12          computed as a percentage of the offer obtained, not the face value of the policy.  
13          This section does not prohibit a broker from reducing such broker's fee below this  
14          percentage if the broker so chooses.

15          13. The broker shall disclose to the owner anything of value paid or given to a broker  
16          which relates to a life settlement contract.

17          14. At any time prior to, or at the time of, the application for, or issuance of, a policy, or  
18          during a two-year period commencing with the date of issuance of the policy, a  
19          person may not enter a life settlement regardless of the date the compensation is  
20          to be provided and regardless of the date the assignment, transfer, sale, devise,  
21          bequest, or surrender of the policy is to occur. This prohibition may not apply if the  
22          owner certifies to the provider that:

23           a. The policy was issued upon the owner's exercise of conversion rights arising  
24           out of a group or individual policy, provided the total of the time covered under  
25           the conversion policy plus the time covered under the prior policy is at least  
26           twenty-four months. The time covered under a group policy must be  
27           calculated without regard to a change in insurance carriers, provided the  
28           coverage has been continuous and under the same group sponsorship;

29           b. The owner submits independent evidence to the provider that one or more of  
30           the following conditions have been met within the two-year period:

31           (1) The owner or insured is terminally or chronically ill;

- 1                   (2) The owner or insured disposes of the owner's or insured's ownership  
2                   interests in a closely held corporation, pursuant to the terms of a buyout  
3                   or other similar agreement in effect at the time the insurance policy was  
4                   initially issued;
- 5                   (3) The owner's spouse dies;
- 6                   (4) The owner divorces the owner's spouse;
- 7                   (5) The owner retires from full-time employment;
- 8                   (6) The owner becomes physically or mentally disabled and a physician  
9                   determines that the disability prevents the owner from maintaining  
10                  full-time employment; or
- 11                  (7) A final order, judgment, or decree is entered by a court of competent  
12                  jurisdiction, on the application of a creditor of the owner, adjudicating  
13                  the owner bankrupt or insolvent, or approving a petition seeking  
14                  reorganization of the owner or appointing a receiver, trustee, or  
15                  liquidator to all or a substantial part of the owner's assets;
- 16                  c. Copies of the independent evidence required by subdivision b must be  
17                  submitted to the insurer when the provider submits a request to the insurer for  
18                  verification of coverage. The copies must be accompanied by a letter of  
19                  attestation from the provider that the copies are true and correct copies of the  
20                  documents received by the provider. Nothing in this section prohibits an  
21                  insurer from exercising its right to contest the validity of any policy; or
- 22                  d. If the provider submits to the insurer a copy of independent evidence provided  
23                  for in paragraph 1 of subdivision b when the provider submits a request to the  
24                  insurer to effect the transfer of the policy to the provider, the copy is deemed  
25                  to establish that the settlement contract satisfies the requirements of this  
26                  section.
- 27                  **26.1-33.4-11. Authority to adopt regulations - Conflict of laws.**
- 28                  1. The commissioner may adopt rules implementing this chapter and regulating the  
29                  activities and relationships of providers, brokers, and insurers and their agents.
- 30                  2. a. If there is more than one owner on a single policy and the owners are  
31                  residents of different states, the life settlement contract must be governed by

1           the law of the state in which the owner having the largest percentage  
2           ownership resides, or if the owners hold equal ownership, the state of  
3           residence of one owner agreed upon in writing by all of the owners. The law  
4           of the state of the insured governs if equal owners fail to agree in writing upon  
5           a state of residence for jurisdictional purposes.

6           b. A provider from this state who enters a life settlement contract with an owner  
7           who is a resident of another state that has enacted statutes or adopted  
8           regulations governing life settlement contracts is governed in the effectuation  
9           of that life settlement contract by the statutes and regulations of the owner's  
10           state of residence. If the state in which the owner is a resident has not  
11           enacted statutes or regulations governing life settlement contracts, the  
12           provider shall give the owner notice that neither state regulates the  
13           transaction upon which the owner is entering. For transactions in those  
14           states, however, the provider is to maintain all records required if the  
15           transactions were executed in the state of residence. The forms used in  
16           those states need not be approved by the commissioner.

17           c. If there is a conflict in the laws that apply to an owner and a purchaser in any  
18           individual transaction, the laws of the state that apply to the owner shall take  
19           precedence and the provider shall comply with those laws.

20           **26.1-33.4-12. Prohibited practices.**

- 21           1. It is unlawful for any person to:
- 22           a. Enter a life settlement contract if such person knows or reasonably should  
23           have known that the life insurance policy was obtained by means of a false,  
24           deceptive, or misleading application for such policy;
- 25           b. Engage in any transaction, practice, or course of business if such person  
26           knows or reasonably should have known that the intent was to avoid the  
27           notice requirements of this chapter;
- 28           c. Engage in any fraudulent act or practice in connection with any transaction  
29           relating to any settlement involving an owner who is a resident of this state;
- 30           d. Issue, solicit, market, or otherwise promote the purchase of an insurance  
31           policy for the purpose of or with an emphasis on settling the policy;

- 1           e. Enter a premium finance agreement with any person or agency, or any person  
2           affiliated with such person or agency, pursuant to which such person shall  
3           receive any proceeds, fees, or other consideration, directly or indirectly, from  
4           the policy or owner of the policy or any other person with respect to the  
5           premium finance agreement or any settlement contract or other transaction  
6           related to such policy that are in addition to the amounts required to pay the  
7           principal, interest, and service charges related to policy premiums pursuant to  
8           the premium finance agreement or subsequent sale of such agreement;  
9           provided, further, that any payments, charges, fees, or other amounts in  
10           addition to the amounts required to pay the principal, interest, and service  
11           charges related to policy premiums paid under the premium finance  
12           agreement must be remitted to the original owner of the policy or to the  
13           original owner's estate if the original owner is not living at the time of the  
14           determination of the overpayment;
- 15           f. With respect to any settlement contract or insurance policy and a broker,  
16           knowingly solicit an offer from, effectuate a life settlement contract with, or  
17           make a sale to any provider, financing entity, or related provider trust that is  
18           controlling, controlled by, or under common control with such broker;
- 19           g. With respect to any life settlement contract or insurance policy and a provider,  
20           knowingly enter into a life settlement contract with an owner, if, in connection  
21           with such life settlement contract, anything of value will be paid to a broker  
22           that is controlling, controlled by, or under common control with such provider  
23           or the financing entity or related provider trust that is involved in such  
24           settlement contract;
- 25           h. With respect to a provider, enter into a life settlement contract unless the life  
26           settlement promotional, advertising, and marketing materials, as may be  
27           prescribed by regulation, have been filed with the commissioner. In no event  
28           may any marketing materials expressly reference that the insurance is "free"  
29           for any period of time. The inclusion of any reference in the marketing  
30           materials that would cause an owner to reasonably believe that the insurance  
31           is free for any period of time must be considered a violation of this chapter; or

1           i. With respect to any life insurance producer, insurance company, broker, or  
2           provider, make any statement or representation to the applicant or  
3           policyholder in connection with the sale or financing of a life insurance policy  
4           to the effect that the insurance is free or without cost to the policyholder for  
5           any period of time unless provided in the policy.

6           2. A violation of this section is deemed a fraudulent life settlement act.

7           **26.1-33.4-13. Fraud prevention and control.**

8           1. a. A person may not commit a fraudulent life settlement act.

9           b. A person may not knowingly and intentionally interfere with the enforcement  
10           of the provisions of this chapter or investigations of suspected or actual  
11           violations of this chapter.

12           c. A person in the business of life settlements may not knowingly or intentionally  
13           permit any person convicted of a felony involving dishonesty or breach of trust  
14           to participate in the business of life settlements.

15           2. a. Life settlement contracts and applications for life settlement contracts,  
16           regardless of the form of transmission, must contain the following statement  
17           or a substantially similar statement:

18                     Any person that knowingly presents false information in an application  
19                     for insurance or life settlement contract is guilty of a crime and may be  
20                     subject to fines and confinement in prison.

21           b. The lack of a statement as required in subdivision a does not constitute a  
22           defense in any prosecution for a fraudulent life settlement act.

23           3. a. Any person engaged in the business of life settlements having knowledge or a  
24           reasonable belief that a fraudulent life settlement act is being, will be, or has  
25           been committed shall provide to the commissioner the information required by  
26           and in a manner prescribed by the commissioner.

27           b. Any other person having knowledge or a reasonable belief that a fraudulent  
28           life settlement act is being, will be, or has been committed may provide to the  
29           commissioner the information required by and in a manner prescribed by the  
30           commissioner.

- 1           4. a. Civil liability may not be imposed on and no cause of action may arise from a  
2                     person's furnishing information concerning suspected, anticipated, or  
3                     completed fraudulent life settlement acts or suspected or completed  
4                     fraudulent insurance acts if the information is provided to or received from:

20                    insurance act, the party bringing the action shall plead specifically any  
21                    allegation that subdivision a does not apply because the person filing the  
22                    report or furnishing the information did so with actual malice.  
23            c. A person identified in subdivision a is entitled to an award of attorney's fees  
24                    and costs if that person is the prevailing party in a civil cause of action for  
25                    libel, slander, or any other relevant tort arising out of activities in carrying out  
26                    the provisions of this chapter and the party bringing the action was not  
27                    substantially justified in doing so. For purposes of this section, a proceeding  
28                    is "substantially justified" if the proceeding had a reasonable basis in law or  
29                    fact at the time the proceeding was initiated.

17                   modify the privilege granted in subdivision a.  
18       6. This chapter does not:  
19           a. Preempt the authority or relieve the duty of other law enforcement or  
20                   regulatory agencies to investigate, examine, and prosecute suspected  
21                   violations of law;  
22           b. Preempt, supersede, or limit any provision of any state securities law or any

25                   life settlement fraud to a law enforcement or regulatory agency other than the  
26                   insurance department; or

28                   commissioner or an insurance fraud unit to investigate and examine possible

30       7. a. Providers and brokers shall have in place antifraud initiatives reasonably  
31                   calculated to detect, prosecute, and prevent fraudulent life settlement acts.

- 1           The commissioner may order, or a licensee may request and the  
2           commissioner may grant, such modifications of the following required  
3           initiatives as necessary to ensure an effective antifraud program. The  
4           modifications may be more or less restrictive than the required initiatives so  
5           long as the modifications may reasonably be expected to accomplish the  
6           purpose of this section. Antifraud initiatives include:
- 7           (1) Fraud investigators, who may be provider or broker employees or  
8           independent contractors; and

- 28          1. In addition to the penalties and other enforcement provisions of this chapter, if any  
29          person violates this chapter or any rule implementing this chapter, the  
30          commissioner may seek an injunction in a court of competent jurisdiction in the  
31          county where the person resides or has a principal place of business and may

- 1           apply for temporary and permanent orders that the commissioner determines  
2           necessary to restrain the person from further committing the violation.
- 3           2. Any person damaged by the acts of another person in violation of this chapter or  
4           any rule or regulation implementing this chapter may bring a civil action for  
5           damages against the person committing the violation in a court of competent  
6           jurisdiction.
- 7           3. The commissioner may issue a cease and desist order upon a person that violates

9           written agreement entered into with the commissioner in accordance with chapter  
10           28-32.
- 11           4. When the commissioner finds that such an action presents an immediate danger to  
12           the public and requires an immediate final order, the commissioner may issue an  
13           emergency cease and desist order reciting with particularity the facts underlying  
14           such findings. The emergency cease and desist order is effective immediately  
15           upon service of a copy of the order on the respondent and remains effective for  
16           ninety days. If the commissioner begins nonemergency cease and desist  
17           proceedings under subsection 1, the emergency cease and desist order remains  
18           effective, absent an order by an appellate court of competent jurisdiction pursuant  
19           to chapter 28-32. In the event of a willful violation of this chapter, the trial court  
20           may award statutory damages in addition to actual damages in an additional  
21           amount up to three times the actual damage award. The provisions of this chapter  
22           may not be waived by agreement. A choice of law provision may not be utilized to

3           this chapter.
