21 ~~dollars within the United States administered by a recognized financial institution and~~  
22 ~~held for the benefit of all its policyholders in the United States or policyholders and~~  
23 ~~creditors in the United States. The placement of nonadmitted insurance is subject to~~  
24 this section only if the insured's home state is this state. Surplus lines insurance may  
25 be placed by a surplus lines producer if:

26           1. Each insurer is an eligible surplus lines insurer;

27           2. Each insurer is authorized to write the kind of insurance in its domiciliary jurisdiction;

28           3. The full amount or type of insurance cannot be obtained from insurers who are  
29 admitted to do business in this state. The full amount or type of insurance may be  
30 procured from eligible surplus lines insurers provided that a diligent search is made

9           state; or

10           (b) Fifteen million dollars.

11           (2) The requirements of paragraph 1 may be satisfied by an insurer possessing  
12           less than the minimum capital and surplus upon an affirmative finding of  
13           acceptability by the commissioner. The finding must be based upon such  
14           factors as quality of management, capital and surplus of any parent  
15           company, company underwriting profit and investment income trends,  
16           market availability, and company record and reputation within the industry.  
17           The commissioner may not make an affirmative finding of acceptability  
18           when the nonadmitted insurer's capital and surplus is less than four million  
19           five hundred thousand dollars; or

20           b. For an insurer not domiciled in the United States or its territories, the insurer is  
21           listed on the quarterly listing of alien insurers maintained by the national  
22           association of insurance commissioners international insurers department; and

3           must be computed based on:
- 4           a.   An amount equal to one and three-fourths percent on that portion of the gross  
5           premiums allocated to this state plus:
- 6           b.   An amount equal to the portion of the premiums allocated to other states or

- 22          4.   At the time of filing the verified report as set forth in section 26.1-44-06.1, each surplus  
23           lines producer shall pay the premium tax due for the policies written during the period  
24           covered by the report.
- 25          5.   If the insured's home state is this state, in determining the amount of premiums  
26           taxable in this state, all premiums written, procured, or received in this state must be  
27           considered written on properties, risks, or exposures located or to be performed in this  
28           state, except premiums which are properly allocated or apportioned and reported as  
29           taxable premiums of a reciprocal state.

22          cause exists to reject any determination or recommendation of the operations  
23          committee must be resolved by the majority vote of the commission.
- 24                 The operations committee may not have more than fifteen representatives

25                   revision to the bylaws, annual budget, or other significant matter as may be  
26                   provided in the bylaws, the executive committee shall consult with and report to

29                   provide for the carrying out of its functions.
- 30                   5. The commission shall maintain its corporate books and records in accordance with the  
31                   bylaws.

- 1           6.   a.   The members, officers, executive director, employees, and representatives of the

7                   reasonable basis for believing occurred within the scope of commission  
8                   employment, duties, or responsibilities; provided that nothing in this subdivision  
9                   may be construed to protect any such person from suit or liability or both for any

11                  misconduct of that person.
- 12           b.   The commission shall defend any member, officer, executive director, employee,

15                  out of any actual or alleged act, error, or omission that occurred within the scope  
16                  of commission employment, duties, or responsibilities, or that the person against  
17                  whom the claim is made had a reasonable basis for believing occurred within the  
18                  scope of commission employment, duties, or responsibilities, provided that  
19                  nothing herein may be construed to prohibit that person from retaining that  
20                  person's own counsel, and provided further that the actual or alleged act, error, or

27                  alleged act, error, or omission that occurred within the scope of commission  
28                  employment, duties, or responsibilities, or that such person had a reasonable  
29                  basis for believing occurred within the scope of commission employment, duties,  
30                  or responsibilities, provided that the actual or alleged act, error, or omission did  
31                  not result from the intentional or willful or wanton misconduct of that person.

5 All minutes and documents of a closed meeting must remain under seal, subject to  
6 release by a majority vote of the commission.

7 **Article VIII. - Rules and Operating Procedures - Rulemaking Functions**  
8 **of the Commission**

- 9 1. The commission shall adopt reasonable rules in order to effectively and efficiently  
10 achieve the purposes of this compact. Notwithstanding the foregoing, in the event the  
11 commission exercises its rulemaking authority in a manner that is beyond the scope of  
12 the purposes of this compact, or the powers granted hereunder, then such an action  
13 by the commission is invalid and has no force or effect.
- 14 2. Rules must be made pursuant to a rulemaking process that substantially conforms to  
15 the Model State Administrative Procedure Act of 1981, Uniform Laws Annotated,  
16 vol. 15, p.1 (2000) as amended, as may be appropriate to the operations of the  
17 commission.
- 18 3. All rules and amendments, thereto, must become effective as of the date specified in  
19 each rule, operating procedure, or amendment.
- 20 4. Not later than thirty days after a rule is adopted, any person may file a petition for  
21 judicial review of the rule, provided that the filing of such a petition may not stay or  
22 otherwise prevent the rule from becoming effective unless the court finds that the  
23 petitioner has a substantial likelihood of success. The court shall give deference to the  
24 actions of the commission consistent with applicable law and may not find the rule to  
25 be unlawful if the rule represents a reasonable exercise of the commission's authority.

26 **Article IX. - Commission Records and Enforcement**

- 27 1. The commission shall adopt rules establishing conditions and procedures for public  
28 inspection and copying of its information and official records, except such information  
29 and records involving the privacy of individuals, insurers, insureds, or surplus lines  
30 licensee trade secrets. State transaction documentation and clearinghouse transaction  
31 data collected by the clearinghouse must be used for only those purposes expressed

1 in or reasonably implied under the provisions of this compact, and the commission  
2 shall afford this data the broadest protections as permitted by any applicable law for  
3 proprietary information, trade secrets, or personal data. The commission may adopt  
4 additional rules under which it may make available to federal and state agencies,  
5 including law enforcement agencies, records and information otherwise exempt from  
6 disclosure, and may enter agreements with such agencies to receive or exchange  
7 information or records subject to nondisclosure and confidentiality provisions.

8 2. Except as to privileged records, data, and information, the laws of any compacting  
9 state pertaining to confidentiality or nondisclosure may not relieve any compacting  
10 state member of the duty to disclose any relevant records, data, or information to the  
11 commission, provided that disclosure to the commission may not be deemed to waive  
12 or otherwise affect any confidentiality requirement, and further provided that, except as  
13 otherwise expressly provided in this section, the commission may not be subject to the  
14 compacting state's laws pertaining to confidentiality and nondisclosure with respect to  
15 records, data, and information in its possession. Confidential information of the  
16 commission must remain confidential after such information is provided to any  
17 member, and the commission shall maintain the confidentiality of any information  
18 provided by a member that is confidential under that member's state law.

19 3. The commission shall monitor compacting states for compliance with duly adopted  
20 bylaws and rules. The commission shall notify any noncomplying compacting state in  
21 writing of its noncompliance with commission bylaws or rules. If a noncomplying  
22 compacting state fails to remedy its noncompliance within the time specified in the  
23 notice of noncompliance, the compacting state must be deemed to be in default as set  
24 forth in article XIV.

#### **Article X. - Dispute Resolution**

25  
26 1. Before a member may bring an action in a court of competent jurisdiction for violation  
27 of any provision, standard, or requirement of the compact, the commission shall  
28 attempt, upon the request of a member, to resolve any disputes or other issues that  
29 are subject to this compact and which may arise between two or more compacting  
30 states, contracting states, or noncompacting states, and the commission shall

- 1       3. The commission's budget for a fiscal year may not be approved until it has been  
2       subject to notice and comment as set forth in article VIII.
- 3       4. The commission must be regarded as performing essential governmental functions in  
4       exercising such powers and functions and in carrying out the provisions of this  
5       compact and of any law relating thereto, and may not be required to pay any taxes or  
6       assessments of any character, levied by any state or political subdivision thereof, upon  
7       any of the property used by it for such purposes, or any income or revenue therefrom,  
8       including any profit from a sale or exchange.
- 9       5. The commission shall keep complete and accurate accounts of all its internal receipts,  
10      including grants and donations, and disbursements for all funds under its control. The  
11      internal financial accounts of the commission must be subject to the accounting  
12      procedures established under its bylaws. The financial accounts and reports, including  
13      the system of internal controls and procedures of the commission, must be audited  
14      annually by an independent certified public accountant. Upon the determination of the  
15      commission, but not less frequently than every three years, the review of the  
16      independent auditor must include a management and performance audit of the  
17      commission. The commission shall make an annual report to the governor and  
18      legislature of the compacting states, which must include a report of the independent  
19      audit. The commission's internal accounts may not be confidential and such materials  
20      may be shared with the commissioner, the controller, or the stamping office of any  
21      compacting state upon request, provided, however, that any workpapers related to any  
22      internal or independent audit and any information regarding the privacy of individuals,  
23      and licensees' and insurers' proprietary information, including trade secrets, must  
24      remain confidential.
- 25      6. A compacting state may not have any claim to or ownership of any property held by or  
26      vested in the commission or to any commission funds held pursuant to the provisions  
27      of this compact.
- 28      7. The commission may not make any political contributions to candidates for elected  
29      office, elected officials, political parties, or political action committees. The commission  
30      may not engage in lobbying except with respect to changes to this compact.

31               **Article XIII. - Compacting States, Effective Date, and Amendment**

- 1       1. Any state is eligible to become a compacting state.
- 2       2. The compact must become effective and binding upon legislative enactment of the  
3       compact into law by two compacting states, provided the commission must become  
4       effective for purposes of adopting rules, and creating the clearinghouse when there  
5       are a total of ten compacting states and contracting states or, alternatively, when there  
6       are compacting states and contracting states representing greater than forty percent of  
7       the surplus lines insurance premium volume based on records of the percentage of  
8       surplus lines insurance premium set forth in subsection 4. Thereafter, it must become  
9       effective and binding as to any other compacting state upon enactment of the compact  
10      into law by that state. Notwithstanding the foregoing, the clearinghouse operations and  
11      the duty to report clearinghouse transaction data must begin on the first January first  
12      or July first following the first anniversary of the commission's effective date. For states  
13      that join the compact subsequent to the effective date, a start date for reporting  
14      clearinghouse transaction data must be set by the commission provided surplus lines  
15      licensees and all other interested parties receive not less than ninety days' advance  
16      notice.
- 17      3. Amendments to the compact may be proposed by the commission for enactment by  
18      the compacting states. An amendment may not become effective and binding upon the  
19      commission and the compacting states unless and until all compacting states enact  
20      the amendment into law.

15 **Article XIV. - Withdrawal, Default, and Termination**

- 16 1. a. Once effective, the compact must continue in force and remain binding upon  
17 each and every compacting state, provided that a compacting state may  
18 withdraw from the compact, "withdrawing state", by enacting a statute specifically  
19 repealing the statute which enacted the compact into law.
- 20 b. The effective date of withdrawal is the effective date of the repealing statute.  
21 However, the withdrawal may not apply to any tax or compliance determinations  
22 approved on the date the repealing statute becomes effective, except by mutual  
23 agreement of the commission and the withdrawing state unless the approval is  
24 rescinded by the commission.
- 25 c. The member of the withdrawing state shall immediately notify the executive  
26 committee of the commission in writing upon the introduction of legislation  
27 repealing this compact in the withdrawing state.
- 28 d. The commission shall notify the other compacting states of the introduction of  
29 such legislation within ten days after its receipt of notice thereof.
- 30 e. The withdrawing state is responsible for all obligations, duties, and liabilities  
31 incurred through the effective date of withdrawal, including any obligations, the

1 performance of which extend beyond the effective date of withdrawal. To the  
2 extent those obligations may have been released or relinquished by mutual  
3 agreement of the commission and the withdrawing state, the commission's  
4 determinations prior to the effective date of withdrawal must continue to be  
5 effective and be given full force and effect in the withdrawing state, unless  
6 formally rescinded by the commission.

7 f. Reinstatement following withdrawal of any compacting state must occur upon the  
8 effective date of the withdrawing state reenacting the compact.

9 2. a. If the commission determines that any compacting state has at any time  
10 defaulted, "defaulting state", in the performance of any of its obligations or  
11 responsibilities under this compact, the bylaws or duly promulgated rules then  
12 after notice and hearing as set forth in the bylaws, all rights, privileges, and  
13 benefits conferred by this compact on the defaulting state must be suspended  
14 from the effective date of default as fixed by the commission. The grounds for  
15 default include failure of a compacting state to perform its obligations or  
16 responsibilities and any other grounds designated in commission rules. The  
17 commission shall immediately notify the defaulting state in writing of the  
18 defaulting state's suspension pending a cure of the default. The commission shall  
19 stipulate the conditions and the time period within which the defaulting state shall  
20 cure its default. If the defaulting state fails to cure the default within the time  
21 period specified by the commission, the defaulting state must be terminated from  
22 the compact and all rights, privileges, and benefits conferred by this compact  
23 must be terminated from the effective date of termination.

24 b. Decisions of the commission that are issued on the effective date of termination  
25 must remain in force in the defaulting state in the same manner as if the  
26 defaulting state had withdrawn voluntarily pursuant to subsection 1.

27 c. Reinstatement following termination of any compacting state requires a  
28 reenactment of the compact.

29 3. a. The compact dissolves effective upon the date of the withdrawal or default of the  
30 compacting state which reduces membership in the compact to one compacting  
31 state.

- 1           (6) Rules for reporting to a clearinghouse for receipt and distribution of  
2           clearinghouse transaction data related to nonadmitted insurance of  
3           multistate risks;  
4           (7) Uniform foreign insurers eligibility requirements;  
5           (8) Uniform policyholder notice; and  
6           (9) Uniform treatment of purchasing groups procuring nonadmitted insurance.  
7        c. Except as stated in subdivision b, any rule, uniform standard, or other  
8           requirement of the commission must constitute the exclusive provision that a  
9           commissioner may apply to compliance or tax determinations. Notwithstanding  
10          the foregoing, no action taken by the commission may abrogate or restrict: the  
11          access of any person to state courts; the availability of alternative dispute  
12          resolution under article X; remedies available under state law related to breach of  
13          contract, tort, or other laws not specifically directed to compliance or tax  
14          determinations; state law relating to the construction of insurance contracts; or  
15          the authority of the attorney general of the state, including maintaining any  
16          actions or proceedings, as authorized by law.  
17        2.   a. All lawful actions of the commission, including all rules adopted by the  
18           commission, are binding upon the compacting states, except as provided herein.  
19           b. All agreements between the commission and the compacting states are binding  
20           in accordance with their terms.  
21           c. Upon the request of a party to a conflict over the meaning or interpretation of  
22           commission actions, and upon a majority vote of the compacting states, the  
23           commission may issue advisory opinions regarding the meaning or interpretation  
24           in dispute. This provision may be implemented by rule at the discretion of the  
25           commission.  
26           d. In the event any provision of this compact exceeds the constitutional limits  
27           imposed on the legislature of any compacting state, the obligations, duties,  
28           powers, or jurisdiction sought to be conferred by that provision upon the  
29           commission must be ineffective as to that state and those obligations, duties,  
30           powers, or jurisdiction must remain in the compacting state and must be  
31           exercised by the agency thereof to which those obligations, duties, powers, or
