

SENATE BILL NO. 2198

Introduced by

Senators Grindberg, Laffen, Robinson

Representatives Beadle, Keiser, Metcalf

1 A BILL for an Act to create and enact a new section to chapter 54-21.2 of the North Dakota
2 Century Code, relating to heating, ventilation, and air-conditioning interoperability standards;
3 and to provide an effective date.

4 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

5 **SECTION 1.** A new section to chapter 54-21.2 of the North Dakota Century Code is created
6 and enacted as follows:

7 **Heating, ventilation, and air-conditioning interoperability standards for public**
8 **buildings.**

9 Except as provided in subsection 2 of section 54-21.2-02, any new construction or any
10 remodeling of a public building which affects the heating, ventilation, or air-conditioning systems
11 in the building and which is paid for using any state funds must be constructed to include open
12 protocol heating, ventilation, and air-conditioning systems that provide for interoperability of the
13 systems.

14 **SECTION 2. EFFECTIVE DATE.** This Act becomes effective on January 1, 2012.
