1 A BILL for an Act to amend and reenact section 54-21.3-03 of the North Dakota Century Code,
2 relating to the membership of the state building code advisory committee.

3 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

4 **SECTION 1. AMENDMENT.** Section 54-21.3-03 of the North Dakota Century Code is
5 amended and reenacted as follows:

6 **54-21.3-03. State building code.**

- 7 1. The department of commerce, in cooperation with the state building code advisory
8 committee, shall adopt rules to implement, amend, and periodically update the state
9 building code, which must consist of the international building, residential, mechanical,
10 and fuel gas codes.
- 11 2. The state building code advisory committee consists of:
- 12 a. Two representatives appointed by the North Dakota building officials association,
13 one of whom must be from a jurisdiction of fewer than ten thousand people.
- 14 b. One representative appointed by the North Dakota chapter of the American
15 institute of architects.
- 16 c. One representative appointed by the North Dakota society of professional
17 engineers.
- 18 d. One representative appointed by the North Dakota association of builders.

- 13 ~~e. One representative appointed by the associated general contractors; and~~
- 14 ~~f. Representatives of eligible jurisdictions as established by administrative rule the~~
15 ~~state building code advisory committee.~~
- 16 4. The state building code or a building code adopted by a city, township, or county may
17 not include a requirement that fire sprinklers be installed in a single family dwelling or
18 a residential building that contains no more than two dwelling units. The state building
19 code, plumbing code, electrical code, or an equivalent code adopted by a political
20 subdivision must provide that a building designed for and used as a school portable
21 classroom may be constructed and inspected as a temporary structure as defined by
22 the state building code or may be permitted as a permanent school portable
23 classroom. The foundation system of such a structure must comply with the
24 recommendations of the manufacturer's engineering report for a preengineered unit or
25 a structural engineer's report. Frost-free footings may not be required for a temporary
26 structure that meets the requirements of the state building code unless required by an
27 engineering report. Temporary electrical and plumbing installations may be allowed for
28 any structure by the governmental entities governing those areas of construction or
29 the applicable codes.
- 30 5. For the purposes of manufactured homes, the state building code consists of the
31 manufactured homes construction and safety standards under 24 CFR 3280 adopted

1 pursuant to the Manufactured Housing Construction and Safety Standards Act
2 [42 U.S.C. 5401 et seq.].

3 6. The governing body of a city, township, or county that elects to administer and enforce
4 a building code shall adopt and enforce the state building code. However, the state
5 building code may be amended by cities, townships, and counties to conform to local
6 needs.

7 7. A modular residential structure or a prebuilt home placed in the state must be
8 constructed in compliance with the state building code. A modular residential structure
9 or a prebuilt home placed in a jurisdiction that has amended the state building code
10 must be constructed in compliance with the state building code and the amendments
11 adopted by that jurisdiction.
