- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

House amendments, increase scholarship from \$1,500 (\$6,000 max) to \$2,000 per year (\$8,000 max) for students graduating during or after 2012-13, and changes ACT score requirement from 24 to 23.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Prospectively, increases the academic and CTE scholarship from \$1,500 per year (\$6,000 max) to \$2,000 per year (\$8,000 max), and reduces the ACT score requirement from 24 to 23. Also, reduces the credit hour requirement at the end of the student's academic career based on remaining required credits. This latter change is estimated to be immaterial.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

It is estimated that based on current participation and attrition rates, and expanded eligibility based on the reduced ACT score, expenditures would be \$17.3 million in 2013-15 and \$27 million in 15-17, continuing to increase until 2017-19 biennium, until the program has four full classes at the higher award level.

- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation is also included in the executive budget or relates to a continuing appropriation.*

Increased general fund appropriations required to offset increased expenditures outlined in Section B. SB2003, as amended by House Appropriations Education and Environment Subcommittee in 4/8/13 amendments (13.8153.04007) includes \$23.5 million for the 13-15 biennium for the academic and technical education scholarships.
