Amendment to: HB 1368

- 1 A. **State fiscal effect:** *Identify the state fiscal effect and the fiscal effect on agency appropriations compared to funding levels and appropriations anticipated under current law.*

- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

HB 1368 would change the daily in-state meal rate to 80% of the standard GSA rate. The new rate would be \$36.80. All out-of-state meal rates would be reduced from the current GSA rate to 80% of the current GSA rate for that city. All out-of-state lodging would be reduced to 90% of GSA rate.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

Estimated amounts for the 13-15 and 15-17 biennium are based on projected 11-13 biennium expenditures. Bill would reduce the out-of-state lodging rate from the current actual lodging rate to 90% of the GSA rate, for the city for which the claim is made. This could result in an out of pocket expense for all state employees and legislators.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

- B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

OMB does not have expenditure totals for counties, cities or school districts.

- C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation is also included in the executive budget or relates to a continuing appropriation.*

These increase amounts were not included in the executive budget. The difference between appropriation totals and expenditure totals are agencies that are non-appropriated. Examples are the commodity agencies.
