2 A. **Bill and fiscal impact summary:** Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).

The bill is to provide funds to local school districts that lost Federal Title I, Part A funds from fiscal year 2013 during the Federal Budget Sequester. It is a one-time expenditure to school districts and no future general fund obligation is required.

- B. **Fiscal impact sections**: *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*
- 3. State fiscal effect detail: For information shown under state fiscal effect in 1A, please:
  - A. **Revenues:** Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.
  - B. **Expenditures:** Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

The expenditures would be a one-time expense from the unused portion of 2013-2015 Integrated Formula Payments for State School Aid. This amount would be carried forward for expenditure during the 2015-2017 biennium. Since this is a one-time expenditure, there would be no future general fund obligation.

C. **Appropriations:** Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.

This expenditure would come from money that was appropriated in the 2013-2015 biennium for the Integrated State School Aid payments to local school districts. There will be an anticipated turn back of funds from the unobligated portion of 2013-2015 Integrated State School Aid line which funds SB 2087. It will result in \$1,661,207 expenditure thereby reducing the amount of general fund turn-back.
