"SECTION 1. AMENDMENT. Section 40-57.1-03 of the North Dakota Century Code is amended and reenacted as follows:

~~40-57.1-03. (Effective for the first taxable year beginning after December 31, 2013) Municipality's authority to grant or revoke tax exemption or payments in lieu of taxes -- Notice to competitors -- Limitations.~~

1. ~~After negotiation with a potential project operator, a municipality may grant a partial or complete exemption from ad valorem taxation on all buildings, structures, fixtures, and improvements used in or necessary to the operation of a project for a period not exceeding five years from the date of commencement of project operations. A municipality may also grant a partial or complete exemption from ad valorem taxation on buildings, structures, fixtures, and improvements used in or necessary to the operation of a project that produces or manufactures a product from agricultural commodities for all or part of the sixth year through the tenth year from the date of commencement of project operations.~~
2. ~~In addition to, or in lieu of, a property tax exemption granted under this section, a municipality may establish an amount due as payments in lieu of ad valorem taxes on buildings, structures, fixtures, and improvements used in the operation of a project. The governing body of the municipality shall designate the amount of the payments for each year and the beginning year and the concluding year for payments in lieu of taxes, but the option to make payments in lieu of taxes under this section may not extend beyond the twentieth year from the date of commencement of project operations. To establish the amount of payments in lieu of taxes, the governing body of the municipality may use actual or estimated levels of assessment and taxation or may establish payment amounts based on other factors. The governing body of the municipality may designate different amounts of payments in lieu of taxes in different years to recognize future project expansion plans or other considerations.~~
3. ~~By November first of each year, the municipality that granted the option to make payments in lieu of taxes shall certify to the county auditor the amount of payments in lieu of taxes due under this section in the following year. After receiving the statement from the municipality, the county auditor shall certify the payments in lieu of taxes to the county treasurer for collection at the time when, and in the manner in which, ad valorem taxes must be certified. Upon receipt by the county treasurer of the amount of payments in lieu of taxes under this section, the county treasurer shall apportion and distribute that amount to taxing districts on the basis on which the general real estate tax levy is apportioned and distributed. The municipality may enter into a written agreement with the local school district and any other local taxing districts that wish to enter the agreement for an alternate method of apportionment and distribution. If such an agreement is entered into, the county treasurer shall apportion and distribute the money according to the written agreement. All provisions of law relating to enforcement, administration, collection, penalties, and delinquency proceedings for ad valorem taxes apply to~~

- payments in lieu of taxes under this section. However, the discount for early payment of taxes under section 57-20-09 does not apply to payments in lieu of taxes under this section. The buildings, structures, fixtures, and improvements comprising a project for which payments in lieu of taxes are allowed under this section must be excluded from the valuation of property in the taxing district for purposes of determining the mill rate for the taxing district.
4. ~~Negotiations with potential project operators for tax exemption or payments in lieu of taxes must be carried on by the city council or commission if the project is proposed to be located within the boundaries of a city, and by the board of county commissioners if the project is proposed to be located outside the corporate limits of any city. A partial exemption must be stated as a percentage of the total ad valorem taxes assessed against the property. Unless the governing body of the municipality determines that there is no existing business within the municipality for which the potential project would be a competitor, the potential project operator shall publish two notices to competitors, the form of which must be prescribed by the tax commissioner, of the application for tax exemption or payments in lieu of taxes in the official newspaper of the municipality at least one week apart. The publications must be completed not less than fifteen nor more than thirty days before the governing body of the municipality is to consider the application. The municipality shall determine whether the granting of the exemption or payments in lieu of taxes, or both, is in the best interest of the municipality, and if it so determines, shall give its approval.~~
 5. ~~By motion approved by the governing body of the municipality before the beginning of a taxable year for which a property tax exemption or the option to make payments in lieu of taxes under this section previously has been approved by the governing body, a property tax exemption may be revoked or reduced and payments in lieu of taxes may be revoked or increased for that taxable year for reasons specified in a negotiated agreement or if the governing body finds that:
 - a. ~~Information provided by the project operator during the negotiation and deliberation of a property tax exemption or the option to make payments in lieu of taxes has proven to be inaccurate or untrue;~~
 - b. ~~Use of the property by the project operator does not comply with the reasonable expectations of the governing body at the time the property tax exemption or the option to make payments in lieu of taxes was approved;~~
 - c. ~~The property has been improved to a substantially greater extent than the governing body reasonably anticipated at the time the property tax exemption or the option to make payments in lieu of taxes was approved; or~~
 - d. ~~There has been a change of ownership of the property since the property tax exemption or the option to make payments in lieu of taxes was approved.~~~~
 6. ~~During the negotiation and deliberation of a property tax exemption or the option to make payments in lieu of taxes under this chapter, a municipality shall include, as nonvoting ex officio members of its governing body, a representative appointed by the school board of each school district affected by the proposed action and a representative appointed by the board of township supervisors of each township affected by the proposed action.~~

**(Effective for taxable years beginning after December 31, 2014)
Municipality's authority to grant or revoke tax exemption or payments in lieu of taxes - Notice to competitors - Limitations.**

1. After negotiation with a potential project operator, a municipality may grant a partial or complete exemption from ad valorem taxation on all buildings, structures, fixtures, and improvements used in or necessary to the operation of a project for a period not exceeding five years from the date of commencement of project operations. A municipality may also grant a partial or complete exemption from ad valorem taxation on buildings, structures, fixtures, and improvements used in or necessary to the operation of a project that produces or manufactures a product from agricultural commodities for all or part of the sixth year through the tenth year from the date of commencement of project operations. Before a municipality may grant a partial or complete exemption from ad valorem taxation under this section:
 - a. The governing body of the municipality must have received the certification of the department of commerce division of economic development and finance that the project is a primary sector business, as defined in subsection 3 of section 40-57.1-02; or
 - b. The city council or commission, if the project is proposed to be located within the boundaries of a city of fewer than forty thousand population, or the board of county commissioners, of a county of fewer than forty thousand population and if the project is proposed to be located in the county but outside the corporate limits of any city, may grant a partial or complete exemption from ad valorem taxation for a project operating in the retail sector if that governing body has obtained the approval of exemption of property under this subdivision from a majority of the qualified electors of the city or county voting on the question at a city or county election held in conjunction with a statewide general election and if that governing body has established by resolution or ordinance the criteria that will be applied by the governing body to determine whether it is appropriate to grant a partial or complete exemption from ad valorem taxation under this section for a project operating in the retail sector. The ballot for elector approval of exemption of property under this subdivision must present the question at the election for a yes or no vote on the question:

Shall the governing body of [name of county or city] be empowered to grant property tax exemptions upon application of new or expanding retail sector businesses?

Only a governing body of a city or county that meets the requirements of this subdivision may grant a partial or complete exemption from ad valorem taxation under this section for a project operating in the retail sector. Criteria established by the governing body under this subdivision, at a minimum, must be intended to require:

- (1) Evaluation of the potential positive or adverse consequences for existing retail sector businesses in the municipality from granting the exemption;
- (2) Evaluation of the short-term and long-term effects for other property taxpayers in the municipality from granting the exemption;
- (3) A written agreement with the project operator, including performance requirements for which the exemption may be terminated by the governing body of the municipality if those requirements are not met; and
- (4) Evaluation of whether the project operator would locate the project within the municipality without the exemption.

2. In addition to, or in lieu of, a property tax exemption granted under this section, a municipality may establish an amount due as payments in lieu of ad valorem taxes on buildings, structures, fixtures, and improvements used in the operation of a project. The governing body of the municipality shall designate the amount of the payments for each year and the beginning year and the concluding year for payments in lieu of taxes, but the option to make payments in lieu of taxes under this section may not extend beyond the twentieth year from the date of commencement of project operations. To establish the amount of payments in lieu of taxes, the governing body of the municipality may use actual or estimated levels of assessment and taxation or may establish payment amounts based on other factors. The governing body of the municipality may designate different amounts of payments in lieu of taxes in different years to recognize future project expansion plans or other considerations.
3. Before a governing body may grant a partial or complete exemption from ad valorem taxation or the option to make payments in lieu of ad valorem taxes under this chapter, the governing body shall consult with the department of commerce. If the department of commerce determines that the total project costs are estimated to exceed one billion dollars, the department of commerce shall conduct a public hearing and notice of that hearing must be provided to each affected taxing district and any existing business within the municipality for which the potential project would be a competitor.
4. By November first of each year, the municipality that granted the option to make payments in lieu of taxes shall certify to the county auditor the amount of payments in lieu of taxes due under this section in the following year. After receiving the statement from the municipality, the county auditor shall certify the payments in lieu of taxes to the county treasurer for collection at the time when, and in the manner in which, ad valorem taxes must be certified. Upon receipt by the county treasurer of the amount of payments in lieu of taxes under this section, the county treasurer shall apportion and distribute that amount to taxing districts on the basis on which the general real estate tax levy is apportioned and distributed. The municipality may enter into a written agreement with the local school district and any other local taxing districts that wish to enter the agreement for an alternate method of apportionment and distribution. If such an agreement is entered into, the county treasurer shall apportion and distribute the money according to the written agreement. All provisions of law relating to enforcement, administration, collection, penalties, and delinquency proceedings for ad valorem taxes apply to payments in lieu of taxes under this section. However, the discount for early payment of taxes under section 57-20-09 does not apply to payments in lieu of taxes under this section. The buildings, structures, fixtures, and improvements comprising a project for which payments in lieu of taxes are allowed under this section must be excluded from the valuation of property in the taxing district for purposes of determining the mill rate for the taxing district.
- ~~4.5.~~ Negotiations with potential project operators for tax exemption or payments in lieu of taxes must be carried on by the city council or commission if the project is proposed to be located within the boundaries of a city, and by the board of county commissioners if the project is proposed to be located outside the corporate limits of any city. A partial exemption must be stated as a percentage of the total ad valorem taxes assessed against the property. Unless the governing body of the municipality determines that there is no existing business within the municipality for which the potential project would be a competitor, the potential project operator shall publish two notices to competitors, the form of which must be prescribed by the tax commissioner, of the application for tax exemption or payments in lieu of taxes in the official newspaper of the municipality at least one week apart. The publications must be completed not less than fifteen nor more than thirty days before the governing body of the municipality is to consider the application. The

municipality shall determine whether the granting of the exemption or payments in lieu of taxes, or both, is in the best interest of the municipality, and if it so determines, shall give its approval.

- ~~5-6.~~ By motion approved by the governing body of the municipality before the beginning of a taxable year for which a property tax exemption or the option to make payments in lieu of taxes under this section previously has been approved by the governing body, a property tax exemption may be revoked or reduced and payments in lieu of taxes may be revoked or increased for that taxable year for reasons specified in a negotiated agreement or if the governing body finds that:
- a. Information provided by the project operator during the negotiation and deliberation of a property tax exemption or the option to make payments in lieu of taxes has proven to be inaccurate or untrue;
 - b. Use of the property by the project operator does not comply with the reasonable expectations of the governing body at the time the property tax exemption or the option to make payments in lieu of taxes was approved;

 - d. There has been a change of ownership of the property since the property tax exemption or the option to make payments in lieu of taxes was approved.
- ~~6-7.~~ During the negotiation and deliberation of a property tax exemption or the option to make payments in lieu of taxes under this chapter, a municipality shall include, as nonvoting ex officio members of its governing body, a representative appointed by the school board of each school district affected by the proposed action and a representative appointed by the board of township supervisors of each township affected by the proposed action.
- ~~7-8.~~ A city or county may not supersede or expand the provisions of this section under home rule authority."
