4 BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

- 5 **SECTION 1. AMENDMENT.** Section 61-16.1-17 of the North Dakota Century Code is amended and reenacted as follows:
- 7 61-16.1-17. Financing of special improvements Procedure.
 - When it is proposed to finance in whole or in part the construction of a project with funds raised through the collection of special assessments levied against lands and premises benefited by construction and maintenance of such project, the water resource board shall examine the proposed project, and if in its opinion further proceedings are warranted, it shall adopt a resolution and declare that it is necessary to construct and maintain the project. The resolution shall briefly state the nature and purpose of the proposed project and shall designate a registered engineer to assist the board. The board shall present the resolution to the board of county commissioners in the affected county and may not proceed with the project unless approved by the board of county commissioners. For the purpose of making examinations or surveys, the board or its employees, after written notice to each landowner, may enter upon any land on which the proposed project is located or any other lands necessary to gain access. The engineer shall prepare profiles, plans, and specifications of the proposed project and estimates of the total cost thereof. The estimate of costs prepared by the engineer shall include acquisition of right of way and shall be in sufficient detail to allow the board to determine the probable share of the total costs that will be assessed against each of the affected landowners in the proposed project assessment district.

SECTION 2. AMENDMENT. Section 61-16.1-21 of the North Dakota Century Code is amended and reenacted as follows:

61-16.1-21. Assessment of cost of project.

- 1. Whenever the water resource board proposes to make any special assessment under the provisions of this chapter, the board, prior to the hearing required under section 61-16.1-18, shall inspect contract with a neutral party to develop an assessment formula.
- The neutral party shall inspect any and all lots and parcels of land, which may be subject to assessment and shall determine from the inspection of the particular lots and parcels of lands which, in the opinion of the board, will be especially benefited by the construction of the work for which the assessment is made and shall assess the proportion of the total cost of acquiring right of way and constructing and maintaining suchthe improvement in accordance with benefits received but not exceeding suchthe benefits, against:
- a. Any county, township, or city, in its corporate capacity, which may be benefited directly or indirectly thereby.
- 2. <u>b.</u> Any lot, piece, or parcel of land which is directly benefited by such the improvement.
- 3. In determining benefits the beardneutral party shall consider, among other factors, property values, degree of improvement of properties, productivity, and the water management policy as expressed in section 61-16.1-15. Property belonging to the United States shall be exempt from suchthe assessment, unless the United States has provided for the payment of any assessment which may be levied against its property for benefits received. Benefited property belonging to counties, cities, school districts, park districts, and townships shallmay not be exempt from suchthe assessment and political subdivisions whose property is so assessed shall provide for the payment of suchthe assessments, installments thereof, and interest thereon, by the levy of taxes according to law. Any county, township, or city assessed in its corporate capacity for benefits received shall provide for the payment of such assessments, installments thereof, and interest thereon from its general fund or by levy of a general property tax against all the taxable property therein in accordance with law. No tax limitation

provided by any statute of this state shallmay apply to tax levies made by any suchpolitical subdivision for the purpose of paying any special assessments made in
accordance with the provisions of this chapter. There shallmust be attached to the list
of assessments a certificate signed by a majority of the members of the board
certifying that the same is a true and correct assessment of the benefit therein
described to the best of their judgment and stating the several items of expense
included in the assessment.

SECTION 3. AMENDMENT. Section 61-16.1-22 of the North Dakota Century Code is amended and reenacted as follows:

61-16.1-22. Assessment list to be published - Notice of hearing - Alteration of assessments - Confirmation of assessment list - Filing.

After entering an order establishing the project, the water resource board shall cause the assessment list to be published once each week for two successive weeks in the newspaper or newspapers of general circulation in the district and in the official county newspaper of each county in which the benefited lands are located together with a notice of the time when, and place where, the board will meet to hear objections to any assessment by any interested party, or an agent or attorney for that party. The board also shall mail a copy of the notice to each affected landowner at the landowner's address as shown by the tax rolls of the county or counties in which the affected property is located. The date set for the hearing may not be less than twenty days after the mailing of the notice. At the hearing, the board may make such alterations in the assessments as in its opinion may be just and necessary to correct any error in the assessment but must make the aggregate of all assessments equal to the total amount required to pay the entire cost of the work for which the assessments are made, or the part of the cost to be paid by special assessment. An assessment may not exceed the benefit asdetermined by the board to the parcel of land or political subdivision assessed. Land in the watershed, which has natural drainage, may not be assessed unless the drainage has been artificially improved and contributes additional volume to a drain. The board shall then confirm the assessment list and the secretary shall attach to the list a certificate that the same is correct as confirmed by the board and shall file the list in the office of the secretary.

SECTION 4. AMENDMENT. Section 61-21-20 of the North Dakota Century Code is amended and reenacted as follows:

1 61-21-20. Assessing cost of constructing and maintaining drain.

- After the making of the order establishing the drain, the board shall assess the percentage of the cost of acquiring right of way and constructing and maintaining such the drain in accordance with benefits received, against:
 - 1. Any county, township, or city which is benefited thereby; and
 - 2. Any lot, piece, parcel, or interest in land which is either directly or indirectly benefited by suchthe drain or by suchthe drain in connection with other existing or proposed drains. The board shall prepare a report for each parcel assessed to verify and ensure no parcel is assessed costs that exceed any benefits received.

No land already included in and being assessed by an existing drainage district shallmay be included and assessed in any newly formed drainage district unless it can be shown that suchthe land will be benefited by the construction of the new drain. The board in considering the benefit and assessing the percentage of costs to each affected tract, parcel, or piece of land may, among other things, take into consideration the present drainage facilities under any existing drainage district, potential use of the proposed drain by suchthe land, whether any suchlands will be benefited or harmed by any change in the existing flow and course of drainage water by reason of the construction of the drain, and such other matters as may be pertinent to the question of benefits.
