- 2 A. **Bill and fiscal impact summary:** *Provide a brief summary of the measure, including description of the provisions having fiscal impact (limited to 300 characters).*

HB 1324 establishes the policy for implementing the K-12 funding formula.
 HB 1013 appropriates the funding in the Integrated formula payment line item.

- B. **Fiscal impact sections:** *Identify and provide a brief description of the sections of the measure which have fiscal impact. Include any assumptions and comments relevant to the analysis.*

The bill adds \$18,564,163 to the base level funding amount for integrated formula payments line item in HB 1013. See the attachment for explanation of the increases.

Section 6 provides intent language for REA mergers or partnerships. The funding for related incentive grants to merge was moved to HB 1013.

Section 7 provides intent language that the Grants - transportation line item in HB 1013 be funded at \$55,400,000, a \$1,600,000 decrease from the base level funding amount.

Other Senate amendments deal with assigning oversight responsibility for regional education associations (REAs) to the State Board of Public Education and requiring an audit of regional education associations at least once every two years. The cost of the audit will stay with the REAs and the oversight responsibilities assigned to the State Board of Public Education are assumed limited to assuring that audits have been conducted and any irregularities identified have been addressed. Fiscal impact to the state is expected to be minimal.

3. **State fiscal effect detail:** *For information shown under state fiscal effect in 1A, please:*

- A. **Revenues:** *Explain the revenue amounts. Provide detail, when appropriate, for each revenue type and fund affected and any amounts included in the executive budget.*

B. **Expenditures:** *Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.*

C. **Appropriations:** *Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.*

Appropriation for the K-12 formula is in the Integrated formula payments line item in the NDDPI appropriation bill (HB 1013).

Amounts to be funded from general and special funds are as follows:

State Tuition Fund 305,546,905
Foundation Aid Stabilization - formula ongoing 110,000,000
Foundation Aid Stabilization - formula one time 185,000,000
Total Special Funds 600,546,905

General Fund - formula 1,334,657,258

Total School Districts 1,935,204,163

The Section 8 legislative intent language for the transportation appropriation in HB 1013 is not included in the numbers above.
