6 centers of excellence, centers of research excellence, and research North Dakota; to provide a  
7 continuing appropriation; to provide an appropriation; to provide for a transfer; and to provide an  
8 effective date.

9 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

10 **SECTION 1.** A new section to chapter 4.1-01 of the North Dakota Century Code is created  
11 and enacted as follows:

12 **Bioscience innovation grant program - Continuing appropriation.**

- 13 1. The commissioner shall collaborate with a local association having bioscience  
14 experience to develop and administer a bioscience innovation grant program through  
15 the bioscience innovation grant fund. The commissioner shall collaborate with the  
16 department of commerce when awarding bioscience innovation grants to coordinate  
17 the management of the commissioner's bioscience innovation grant program and the  
18 department of commerce's biotechnology grant program.
- 19 2. The commissioner shall collaborate with the committee established under  
20 subsection 5 to adopt rules and criteria necessary to administer the bioscience  
21 innovation grant program. The rules must include criteria for program eligibility,  
22 including requiring a bioscience business that receives funding through the program  
23 match up to fifty percent of the amount of the grant received.

- 1       3. The bioscience innovation grant fund is a special fund created in the state treasury.  
2       Moneys in the fund are appropriated on a continuing basis to the commissioner to  
3       award grants to:
- 4       a. Support biotechnology innovation and commercialization in areas including crop  
5       genetics, biofuels, biomaterials, biosensors, and biotechnology in relation to food,  
6       nutrition, animals, humans, equipment, medical and health products and  
7       services, medical diagnostics, medical therapeutics, and farm-based  
8       pharmaceuticals;
- 9       b. Promote the creation of bioscience jobs in the state to be filled by graduates from  
10      institutions under the control of the state board of higher education;
- 11      c. Encourage the development of new bioscience technologies and bioscience  
12      startup companies in the state;
- 13      d. Leverage the agriculture industry in the state to support the development of  
14      bioscience technologies impacting livestock operations and crop production;
- 15      e. Promote bioscience research and development at institutions under the control of  
16      the state board of higher education; and
- 17      f. Encourage coordination and collaboration among other entities and programs in  
18      the state to promote bioscience innovation goals.
- 19      4. A bioscience business operating in the state is eligible to receive a grant under the  
20      program if the business:
- 21      a. Employs at least two employees;
- 22      b. Has documented annual sales of less than two million five hundred thousand  
23      dollars; and
- 24      c. Is a corporation, partnership, limited liability company, limited partnership, or  
25      limited liability partnership registered in the state.
- 26      5. The bioscience innovation program shall award grant funding through a committee  
27      consisting of:
- 28      a. One representative from the department of agriculture appointed by the  
29      agriculture commissioner;
- 30      b. One representative from the bioscience association of North Dakota appointed by  
31      the board of the bioscience association of North Dakota; and

1           c. One representative from the department of commerce appointed by the  
2           commissioner of the department of commerce.

3           6. Grant funds awarded under this section may not be used for capital improvements,  
4           academic programming or curriculum, or workforce training.
