

Introduced by

Human Services Committee

(At the request of the North Dakota Board of Medicine)

1 A BILL for an Act to create and enact sections 43-17-44 and 43-17-45 of the North Dakota
2 Century Code, relating to the practice of telemedicine; and to amend and reenact ~~subsection 3-~~
3 ~~of section 26.1-14-02 and~~ sections 43-17-01 and 43-17-02.3 of the North Dakota Century Code,
4 relating to the definitions of the practice of medicine and telemedicine and the practice of
5 medicine.

6 **BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:**

7 ~~SECTION 1. AMENDMENT. Subsection 3 of section 26.1-14-02 of the North Dakota~~
8 ~~Century Code is amended and reenacted as follows:—~~
9 ~~3. "Practice of medicine" means the practice of medicine, surgery, and obstetrics and~~
10 ~~has the same meaning specified in subsection 2 of section 43-17-01.~~

11 **SECTION 1. AMENDMENT.** Section 43-17-01 of the North Dakota Century Code is
12 amended and reenacted as follows:

13 **43-17-01. Definitions.**

- 14 1. "Board" means the North Dakota board of medicine.
- 15 2. "Licensee" means a physician or physician assistant licensed to practice in North
16 Dakota.
- 17 3. "Physician" includes physician and surgeon (M.D.) and osteopathic physician and
18 surgeon (D.O.).
- 19 3.4. "Practice of medicine" includes the practice of medicine, surgery, and obstetrics. The
20 following persons must be regarded as practicing medicine:
- 21 a. One who holds out to the public as being engaged within this state in the
22 diagnosis or treatment of diseases or injuries of human beings.

- 1 b. One who suggests, recommends, or prescribes any form of treatment for the
- 2 intended relief or cure of any physical or mental ailment of any person, with the
- 3 intention of receiving, directly or indirectly, any fee, gift, or compensation.
- 4 c. One who maintains an office for the examination or treatment of persons afflicted
- 5 with disease or injury of the body or mind.
- 6 d. One who attaches the title M.D., surgeon, doctor, D.O., osteopathic physician
- 7 and surgeon, or any other similar word or words or abbreviation to the person's
- 8 name, indicating that the person is engaged in the treatment or diagnosis of the
- 9 diseases or injuries of human beings ~~must~~shall be held to be engaged in the
- 10 practice of medicine.

- 11 5. "Telemedicine" means the practice of medicine using electronic communication,
- 12 information technologies, or other means between a licensee in one location and a
- 13 patient in another location, with or without an intervening health care provider.
- 14 "Telemedicine" includes direct interactive patient encounters, asynchronous store-and-
- 15 forward technologies, and remote monitoring.

16 **SECTION 2. AMENDMENT.** Section 43-17-02.3 of the North Dakota Century Code is
17 amended and reenacted as follows:

18 **43-17-02.3. Practice of medicine or osteopathy by holder of permanent, unrestricted**
19 **license - Exceptions.**

20 The practice of medicine is deemed to occur in the state the patient is located. A practitioner
21 providing medical care to a patient located in this state is subject to the licensing and
22 disciplinary laws of this state and shall possess an active North Dakota license for the
23 practitioner's profession. Notwithstanding anything in this chapter to the contrary, any physician
24 who is the holder of a permanent, unrestricted license to practice medicine or osteopathy in any
25 state or territory of the United States, the District of Columbia, or a province of Canada may
26 practice medicine or osteopathy in this state without first obtaining a license from the North
27 Dakota board of medicine under one or more of the following circumstances:

- 28 1. As a member of an organ harvest team;
- 29 2. On board an air ambulance and as a part of its treatment team;
- 30 3. To provide one-time consultation or teaching assistance for a period of not more than
- 31 ~~twenty-four hours~~seven days; or

- 1 4. To provide consultation or teaching assistance previously approved by the board for
2 charitable organizations.

3 **SECTION 3.** Section 43-17-44 of the North Dakota Century Code is created and enacted as
4 follows:

5 **43-17-44. Standard of care and professional ethics.**

6 A licensee is held to the same standard of care and same ethical standards, whether
7 practicing traditional in-person medicine or telemedicine. The following apply in the context of
8 telemedicine:

- 9 1. Professional ethical standards require a practitioner to practice only in areas in which
10 the practitioner has demonstrated competence, based on the practitioner's training,
11 ability, and experience. In assessing a licensee's compliance with this ethical
12 requirement, the board shall give consideration to board certifications and specialty
13 groups' telemedicine standards.
- 14 2. A licensee practicing telemedicine shall establish a valid relationship with the patient
15 before the diagnosis or treatment of a patient. A licensee practicing telemedicine shall
16 verify the identity of the patient seeking care and shall disclose, and ensure the patient
17 has the ability to verify, the identity and licensure status of any licensee providing
18 medical services to the patient.
- 19 3. Before initially diagnosing or treating a patient for a specific illness or condition, an
20 examination or evaluation must be performed. An examination or evaluation may be
21 performed entirely through telemedicine, if the examination or evaluation is equivalent
22 to an in-person examination.
- 23 a. ~~A video~~An examination utilizing **secure videoconferencing or store-and-forward**
24 **technology for** appropriate diagnostic testing and use of peripherals that would be
25 deemed necessary in a like in-person examination or evaluation meets this
26 standard, as does an examination conducted with an appropriately licensed
27 intervening health care provider, practicing within the scope of the provider's
28 profession, providing necessary physical findings to the licensee. An examination
29 or evaluation consisting only of a static online questionnaire or an audio
30 conversation does not meet the standard of care.

1 b. Once a licensee conducts an acceptable examination or evaluation, whether
2 in-person or by telemedicine, and establishes a patient-licensee relationship,
3 subsequent followup care may be provided as deemed appropriate by the
4 licensee, or by a provider designated by the licensee to act temporarily in the
5 licensee's absence. In certain types of telemedicine utilizing asynchronous store-
6 and-forward technology or electronic monitoring, such as teleradiology or
7 intensive care unit monitoring, it is not medically necessary for an independent
8 examination of the patient to be performed.

9 4. A licensee practicing telemedicine is subject to all North Dakota laws governing the
10 adequacy of medical records and the provision of medical records to the patient and
11 other medical providers treating the patient.

12 5. A licensee must have the ability to make appropriate referrals of patients not amenable
13 to diagnosis or complete treatment through a telemedicine encounter, including a
14 patient in need of emergent care or complementary in-person care.

15 **SECTION 4.** Section 43-17-45 of the North Dakota Century Code is created and enacted as
16 follows:

17 **43-17-45. Prescribing - Controlled substances.**

18 1. A licensee who has performed a telemedicine examination or evaluation meeting the
19 requirements of this chapter may prescribe medications according to the licensee's
20 professional discretion and judgment. Opioids may only be prescribed through
21 telemedicine if prescribed as a federal food and drug administration approved
22 medication assisted treatment for opioid use disorder **or to a patient in a hospital or**
23 **long-term care facility.** Opioids may not be prescribed through a telemedicine
24 encounter for any other purpose.

25 2. A licensee who, pursuant to this chapter, prescribes a controlled substance, as defined
26 by North Dakota law, shall comply with all state and federal laws regarding the
27 prescribing of a controlled substance, and shall participate in the North Dakota
28 prescription drug monitoring program.
