Industry officials are aware of at least six air ambulances that would qualify for the retroactive provisions contained in Section 2 of the bill. The prospective provisions contained in Section 1 of the bill are estimated to impact one aircraft per biennium, at an estimated cost of \$50,000 in reduced aircraft excise tax revenues per biennium. The retroactive and prospective provisions combined are expected to reduce revenues in the aeronautics commission special fund by an estimated \$386,000 in the 2019-21 biennium.

B. **Expenditures:** Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

C. **Appropriations:** Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected.
