Under the provisions of this bill the Highway tax distribution fund will gain approximately \$400,920 in revenue the first biennium and \$415,920 for each subsequent biennium. The revenue is allocated through the Highway Tax Distribution Fund to NDDOT (State)(61.3%), counties (22%), cities (12.5%), townships (2.7%), and public transportation (State via NDDOT) (1.5%). For the 19-21 biennium, the State revenue impact also reflects the \$15,000 revenue to the Motor Vehicle Fund (from the gross proceeds of the fees) to cover the one-time computer programming costs.

B. **Expenditures:** Explain the expenditure amounts. Provide detail, when appropriate, for each agency, line item, and fund affected and the number of FTE positions affected.

C. **Appropriations:** Explain the appropriation amounts. Provide detail, when appropriate, for each agency and fund affected. Explain the relationship between the amounts shown for expenditures and appropriations. Indicate whether the appropriation or a part of the appropriation is included in the executive budget or relates to a continuing appropriation.

NDDOT Motor Vehicle Division will incur additional one-time costs of approximately \$15,000 for computer programming. These additional costs were not included in NDDOT's appropriation request for the 2019-2021 biennium.
