8 auditor shall review all properly cast ballots and associated records. The county
9 auditor shall check the precinct count and the count of the county canvassing board. If
10 the county auditor is a candidate involved in the recount, the county auditor is
11 disqualified from acting thereon, and the county recorder shall perform the duties
12 required of the county auditor by this section. For recounts conducted by political
13 subdivisions other than counties of local offices, measures, and questions, the election
14 officer in a political subdivision shall administer a recount in the same manner as is
15 required under this subsection for counties with respect to political subdivision offices,
16 ballot measures, questions, or bond issues.

17 6. a. The individuals entitled to participate at the recount are:

18 (1) Each candidate involved in the recount, either personally or by a
19 representative.

20 (2) A qualified elector favoring each side of a question if the recount involves a
21 question or proposition submitted to a vote of the electorate.

22 b. The individuals allowed to participate may challenge the acceptance or exclusion
23 of any ballot. The individual challenging a ballot must state the reason for the
24 challenge based upon the law, and the county auditor or other political
25 subdivision election official shall count the challenged ballot as the auditor or
26 election official determines proper and then shall set the ballot aside with a
27 notation that it was challenged and how it was counted.

28 7. At the conclusion of the recount, the county auditor or other election official shall
29 submit all challenged ballots to the recount board for decision. Except for political
30 subdivision recounts other than counties, the recount board must be composed of the
31 state's attorney of the county, the chairman of the board of county commissioners, and

1 the county recorder. Unless otherwise specified by law, for a political subdivision other
2 than a county, the governing body of the political subdivision shall appoint the recount
3 board. An individual may not serve on the recount board if the individual has anything
4 of value bet or wagered on the result of the election, is a candidate for the office being
5 recounted, or is the husband, wife, father, mother, father-in-law, mother-in-law, son,
6 daughter, son-in-law, daughter-in-law, brother, or sister, whether by birth or marriage,
7 of the whole or the half-blood, of any candidate involved in the recount. If any of the
8 members of the recount board are disqualified or cannot serve for any other reason,
9 the members of the board of county commissioners or other political subdivision
10 governing body who would be qualified to serve on the board shall appoint
11 disinterested qualified electors of the county or other political subdivision to serve as
12 alternates. The recount board shall review all challenged ballots and on majority vote
13 shall decide how those ballots are counted. The decision of the recount board is final,
14 subject to the right to contest the election as provided in this chapter. If during the
15 recount a recess is called, the county auditor or other political subdivision election
16 official shall take appropriate steps to safeguard the ballots.

17 8. The county auditor or other election official shall certify the results of the recount
18 immediately after the recount. The recount result is the official result of the election in
19 the county or other political subdivision. The county auditor or other election official
20 shall prepare a corrected abstract of the votes. In a recount limited to the county, city,
21 or other political subdivision, if the corrected abstract shows no change in the outcome
22 of the election, no further action may be taken. If the corrected abstract changes the
23 outcome of the election, the county auditor or other election official shall issue
24 certificates of nomination or election accordingly and shall certify the new result of a
25 question submitted to the qualified electors. In the case of a city election that is
26 combined with a county election, the county auditor shall certify the new results of the
27 election to the city auditor who is responsible for issuing new certificates of election if
28 applicable.

29 9. In presidential, congressional, statewide, judicial district, multicounty district, or
30 legislative recounts, the county auditor, immediately after the recount, shall submit
31 electronically the corrected abstract to the secretary of state according to the

1 instructions provided by the secretary of state. The secretary of state immediately shall
2 assemble the state canvassing board, who shall canvass the corrected abstracts and
3 certify the election results. The secretary of state shall issue certificates of election or
4 nomination or record the approval or disapproval of a question submitted to the
5 qualified electors accordingly.

6 10. The expenses incurred in a recount of a county election must be paid by the county on
7 a warrant by the county auditor. The expenses incurred in a recount of a political
8 subdivision other than a county election must be paid by that political subdivision. The
9 expenses incurred in a recount of a city election must be paid by the city on a warrant
10 by the city auditor. The expenses incurred in a recount of a presidential,
11 congressional, state, judicial district, multicounty district, or legislative election must be
12 paid by the state from the general fund upon approval by the secretary of state of a
13 statement of expenses received from the county auditors. The expenses incurred in a
14 recount demanded under subsection 2 of section 16.1-16-01 must be paid by the
15 secretary of state or county auditor from the bond submitted by the individual
16 requesting the recount.
