5 **SECTION 1. AMENDMENT.** Section 57-51-15 of the North Dakota Century Code is
6 amended and reenacted as follows:

7 **57-51-15. Gross production tax allocation.**

8 The gross production tax must be allocated monthly as follows:

- 9 1. The tax revenue collected under this chapter equal to one percent of the gross value
10 at the well of the oil and one-fifth of the tax on gas must be deposited with the state
11 treasurer. The state treasurer shall allocate the funding in the following order:
- 12 a. Eight percent of the amount available under this subsection to the North Dakota
13 outdoor heritage fund, but not in an amount exceeding twenty million dollars per
14 fiscal year.
 - 15 b. Four percent of the amount available under this subsection to the abandoned oil
16 and gas well plugging and site reclamation fund, but not in an amount exceeding
17 seven million five hundred thousand dollars per fiscal year and not in an amount
18 that would bring the balance in the fund to more than fifty million dollars.
 - 19 c. Any remaining revenues pursuant to subsection 3.
 - 20 d. For purposes of this subsection, "fiscal year" means the period beginning
21 September first and ending August thirty-first of the following calendar year.
- 22 2. The tax revenue collected under this chapter equal to four percent of the gross value
23 at the well of the oil and four-fifths of the tax on gas must be deposited with the state
24 treasurer. The state treasurer shall allocate the funding in the following order:

- 1 a. The first five million dollars of collections received from a county each fiscal year
2 is allocated to the county.
- 3 b. The remaining revenue collections received from a county each fiscal year are
4 allocated thirty percent to the county and seventy percent as follows:

6 hundred thousand dollars per fiscal year for the allocations under
7 paragraph 2 of subdivision a of subsection 5.
- 8 (2) Monthly amounts to the hub city school district funding pool to provide two
9 million one hundred thousand dollars per fiscal year for the allocations
10 under paragraph 3 of subdivision a of subsection 5.

12 seventy percent of the total amount needed for the allocations under
13 paragraph 4 of subdivision a of subsection 5.

15 pursuant to subsection 3.
- 16 c. For purposes of this subsection, "fiscal year" means the period beginning
17 September first and ending August thirty-first of the following calendar year.
- 18 3. After the allocations under subsections 1 and 2, the amount remaining is allocated first
19 to provide for deposit of thirty percent of all revenue collected under this chapter in the
20 legacy fund as provided in section 26 of article X of the Constitution of North Dakota
21 and the remainder must be allocated to the state general fund. If the amount available
22 for a monthly allocation under this subsection is insufficient to deposit thirty percent of
23 all revenue collected under this chapter in the legacy fund, the state treasurer shall
24 transfer the amount of the shortfall from the state general fund share of oil extraction
25 tax collections and deposit that amount in the legacy fund.
- 26 4. For a county that received less than five million dollars of allocations under
27 subsection 2 in the most recently completed even-numbered fiscal year before the
28 start of the biennium, revenues allocated to that county must be distributed by the
29 state treasurer as follows:
- 30 a. Forty-five percent must be distributed to the county treasurer and credited to the
31 county general fund. However, the distribution to a county under this subdivision

2 county is not levying a total of at least ten mills for combined levies for county
3 road and bridge, farm-to-market and federal aid road, and county road purposes.
- 4 b. Thirty-five percent must be distributed proportionally to school districts within the
5 county on the average daily attendance distribution basis for kindergarten

7 treasurer by the county superintendent of schools. However, a hub city school
8 district must be omitted from distributions under this subdivision.
- 9 c. Twenty percent must be distributed to the incorporated cities of the county. A hub
10 city must be omitted from distributions under this subdivision. Distributions
11 among cities under this subsection must be proportional based upon the
12 population of each incorporated city according to the last official decennial federal
13 census. In determining the population of any city in which total employment
14 increases by more than two hundred percent seasonally due to tourism, the
15 population of that city for purposes of this subdivision must be increased by eight
16 hundred percent.
- 17 d. For purposes of this subsection, "fiscal year" means the period beginning
18 September first and ending August thirty-first of the following calendar year.
- 19 5. For a county that received five million dollars or more of allocations under subsection 2
20 in the most recently completed even-numbered fiscal year before the start of the
21 biennium, revenues allocated to that county must be distributed by the state treasurer

28 production tax revenue collections relative to the combined total monthly oil
29 and gas gross production tax revenue collections from all the counties that
30 receive allocations under this subsection.

2 amount needed from each county to provide six million six hundred
3 thousand dollars per fiscal year for the allocations under this paragraph.

8 subsection 2 and the six million six hundred thousand dollars under
9 this paragraph. The monthly allocation to each hub city must be
10 proportional to each hub city's impact percentage score, including
11 fractional percentage points rounded to the nearest tenth of a percent,
12 relative to the combined total of all the hub cities' impact percentage
13 scores.

14 (b) The state treasurer shall calculate the impact percentage score for
15 each hub city by summing the following:

- 16 [1] The percentage of mining, quarrying, and oil and gas extraction
17 employment relative to the total employment of all industries in
18 the county in which the hub city is located, based on the most
19 recent annual data for all ownership types compiled by job
20 service North Dakota in the quarterly census of employment and
21 wages, multiplied by forty-five hundredths;
- 22 [2] The average of the percentage of mining, quarrying, and oil and
23 gas extraction employment relative to the total employment of all
24 industries in each county for all the counties in the human
25 service region in which the hub city is located, based on the most
26 recent annual data for all ownership types compiled by job
27 service North Dakota in the quarterly census of employment and
28 wages, multiplied by fifteen hundredths;
- 29 [3] The percentage of establishments engaged in mining, quarrying,
30 and oil and gas extraction relative to the total establishments of
31 all industries in the county in which the hub city is located, based

1 on the most recent annual data for all ownership types compiled
2 by job service North Dakota in the quarterly census of
3 employment and wages, multiplied by one-tenth;

4 [4] The percentage of oil production in the human service region in
5 which the hub city is located relative to the total oil production in
6 all the human service regions with hub cities, based on the most
7 recently available calendar year data compiled by the industrial
8 commission in a report on the historical barrels of oil produced by
9 county, multiplied by one-tenth;

10 [5] The percentage change in population from five years prior for the
11 hub city, based on the most recent actual or estimated census
12 data published by the United States census bureau, multiplied by
13 one-tenth; and

14 [6] The percentage change in population from five years prior for the

5 percentage score as the corresponding score calculated for each hub
6 city in paragraph 2.

7 (4) The state treasurer shall distribute, to the supplemental school district
8 funding pool, the monthly amount needed from each county to provide for
9 thirty percent of the total allocations under this paragraph. To each county
