AN ACT to amend and reenact section 57-51-15 of the North Dakota Century Code and section 12 of chapter 471 of the 2013 Session Laws, relating to reporting requirements for schools, counties, and hub cities receiving oil and gas gross production tax allocations.

BE IT ENACTED BY THE LEGISLATIVE ASSEMBLY OF NORTH DAKOTA:

SECTION 1. AMENDMENT. Section 57-51-15 of the North Dakota Century Code is amended and reenacted as follows:

57-51-15. Gross production tax allocation.

The gross production tax must be allocated monthly as follows:

1. The tax revenue collected under this chapter equal to one percent of the gross value at the well of the oil and one-fifth of the tax on gas must be deposited with the state treasurer. The state treasurer shall allocate the funding in the following order:
 - a. Eight percent of the amount available under this subsection to the North Dakota outdoor heritage fund, but not in an amount exceeding twenty million dollars per fiscal year.
 - b. Four percent of the amount available under this subsection to the abandoned oil and gas well plugging and site reclamation fund, but not in an amount exceeding seven million five hundred thousand dollars per fiscal year and not in an amount that would bring the balance in the fund to more than fifty million dollars.
 - c. Any remaining revenues pursuant to subsection 3.
 - d. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.
2. The tax revenue collected under this chapter equal to four percent of the gross value at the well of the oil and four-fifths of the tax on gas must be deposited with the state treasurer. The state treasurer shall allocate the funding in the following order:
 - a. The first five million dollars of collections received from a county each fiscal year is allocated to the county.
 - b. The remaining revenue collections received from a county each fiscal year are allocated thirty percent to the county and seventy percent as follows:
 - (1) Monthly amounts to the hub city funding pool to provide fifteen million four hundred thousand dollars per fiscal year for the allocations under paragraph 2 of subdivision a of subsection 5.
 - (2) Monthly amounts to the hub city school district funding pool to provide two million one hundred thousand dollars per fiscal year for the allocations under paragraph 3 of subdivision a of subsection 5.
 - (3) Monthly amounts to the supplemental school district funding pool to provide seventy percent of the total amount needed for the allocations under paragraph 4 of subdivision a of subsection 5.

- (4) Any remaining revenue collections to the state for the state's allocations pursuant to subsection 3.
 - c. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.
3. After the allocations under subsections 1 and 2, the amount remaining is allocated first to provide for deposit of thirty percent of all revenue collected under this chapter in the legacy fund as provided in section 26 of article X of the Constitution of North Dakota and the remainder must be allocated to the state general fund. If the amount available for a monthly allocation under this subsection is insufficient to deposit thirty percent of all revenue collected under this chapter in the legacy fund, the state treasurer shall transfer the amount of the shortfall from the state general fund share of oil extraction tax collections and deposit that amount in the legacy fund.
 4. For a county that received less than five million dollars of allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, revenues allocated to that county must be distributed by the state treasurer as follows:
 - a. Forty-five percent must be distributed to the county treasurer and credited to the county general fund. However, the distribution to a county under this subdivision must be credited to the state general fund if in a taxable year after 2012 the county is not levying a total of at least ten mills for combined levies for county road and bridge, farm-to-market and federal aid road, and county road purposes.
 - b. Thirty-five percent must be distributed proportionally to school districts within the county on the average daily attendance distribution basis for kindergarten through grade twelve students residing within the county, as certified to the state treasurer by the county superintendent of schools. However, a hub city school district must be omitted from distributions under this subdivision.
 - c. Twenty percent must be distributed to the incorporated cities of the county. A hub city must be omitted from distributions under this subdivision. Distributions among cities under this subsection must be proportional based upon the population of each incorporated city according to the last official decennial federal census. In determining the population of any city in which total employment increases by more than two hundred percent seasonally due to tourism, the population of that city for purposes of this subdivision must be increased by eight hundred percent.
 - d. For purposes of this subsection, "fiscal year" means the period beginning September first and ending August thirty-first of the following calendar year.

 - (b) The state treasurer shall calculate the impact percentage score for each hub city by summing the following:
 - [1] The percentage of mining, quarrying, and oil and gas extraction employment relative to the total employment of all industries in the county in which the hub city is located, based on the most recent annual data for all ownership types compiled by job service North Dakota in the quarterly census of employment and wages, multiplied by forty-five hundredths;
 - [2] The average of the percentage of mining, quarrying, and oil and gas extraction employment relative to the total employment of all industries in each county for all the counties in the human service region in which the hub city is located, based on the most recent annual data for all ownership types compiled by job service North Dakota in the quarterly census of employment and wages, multiplied by fifteen hundredths;
 - [3] The percentage of establishments engaged in mining, quarrying, and oil and gas extraction relative to the total establishments of all industries in the county in which the hub city is located, based on the most recent annual data for all ownership types compiled by job service North Dakota in the quarterly census of employment and wages, multiplied by one-tenth;

- (4) The state treasurer shall distribute, to the supplemental school district funding pool, the monthly amount needed from each county to provide for thirty percent of the total allocations under this paragraph. To each county that received more than five million dollars but less than thirty million dollars of total allocations under subsection 2 in the most recently completed even-numbered fiscal year before the start of the biennium, the state treasurer shall allocate a monthly amount from the supplemental school district funding pool which will be added to the distributions to school districts under paragraph 2 of subdivision b, as follows:
