Mr. Chairman and members of the committee:

My name is Ann Ellefson, Director of the Office of Academic Support of the North Dakota Department of Public Instruction (NDDPI). I am here today representing NDDPI to provide supportive testimony for HB 1478, which provides alternative learning opportunities outside the classroom and allows for associated course credit.

During the 2017 legislative assembly, statute was established providing the state superintendent the authority to waive certain sections of the North Dakota Century Code (NDCC) when supported by a comprehensive, systemic plan from participating districts. I have enclosed a full list of districts operating under the Innovative Education Program flexibility as well as those who have submitted formal inquiries (Attachment A). On this chart, the final column documents the section(s) of NDCC where additional flexibility has been provided. To date, we have seen limited requires for the flexibility described in HB 1478; however, we believe the structures placed in this bill would provide for additional learning opportunities for students,

flexibility in how to provide those opportunities, and options for those not participating in the Innovative Education Programming flexibilities.

As you recall, the 66<sup>th</sup> Legislative Assembly adopted and embraced North Dakota's first ever, PK-12 Education Strategic Vision: All students will graduate Choice Ready with the knowledge, skills, and disposition to be successful (Attachment B). HB 1478 is directly aligned with the Strategic Vision's Themes of supporting "Quality Student-Centered Instruction" and "Career Awareness." We also believe this bill could serve as a catalyst of change in the traditional learning environment and engage students differently in their learning.

Mr. Chairman and members of the committee, NDDPI stands in support of this bill and is ready to assist the process for the students of North Dakota.

This concludes my testimony. I would be happy to answer any questions.
