

Testimony on SB 2271

Please vote NO on SB 2271. SB 2271 will be considered a gift from North Dakota to bad actors in other states who seek to make it easier to steal elections. If SB 2271 passes, it will be spun that North Dakota says it is OK for election counts to be conducted in secret. This will encourage bad actors around the nation to follow suit and make their own elections secret.

Thank You,
Hannah
