- Individuals receive support services 24/7

FUTURE

- 15 individuals (qualify for 1915i) - Provider reimbursed for person-centered services based on individuals need

- By leveraging other funds, the state is investing less funding yet providing more service to individuals with a behavioral health condition and providing opportunities for providers to expand services.
- Providers are able to bill for the specific services they are providing which allows greater opportunity to expand services and increase revenue.
- Behavioral health on par with health & sustainable.

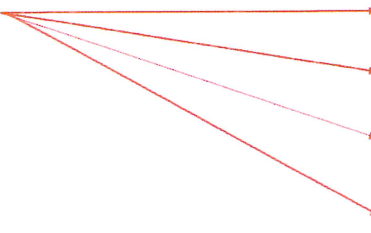

22

22
