Chairperson Diane Larson and Members of the Senate Judiciary Committee:

I am Gaylynn Becker, Ph.D. of Bismarck, ND. I'm testifying on my own.

I am here to testify in support of House Concurrent Resolution No. 3006.

I believe very strongly and support this House concurrent resolution. The First and Second Amendments to the United States Constitution are the 2 most important rights we have! If either one is limited, abridged, altered, or changed in any way, the framers of the constitution knew that the remainder of our rights and freedoms will fall like dominos.

I believe that there are many groups in this great nation that are working to do just that – taking away our first and second amendment rights. Some of these groups are supporters of Socialism, Communism, and Antifa, etc.

Neither the President nor the Congress of the United States of America has the right under the Constitution of the United States of America to pass legislation nor does it have the authority to promulgate rules, regulations, or executive orders, nor anything similar to such, which are contrary to our rights and freedoms as citizens.

Thank you for considering this House Concurrent resolution.

God bless you,
