

Senator,

I support this bill, but it needs to add the governor and any other state agency such as the AG's office because they violate state open record laws on a regular basis!

I would also suggest that an incremental penalty needs to be added to remove these bad actors from holding any public office. Many are repeat offenders and know they are violating the law!

First offense \$1,000

Second offense \$5,000

Third offense \$10,000 and removal from office.

We cannot have those in office violating the law!

Thank you,

Mr. Mitchell S. Sanderson
