6 and other income for the purpose of providing compensation adjustments for executive
7 branch state employees in accordance with provisions of this section for the period
8 beginning with the effective date of this section and ending June 30, 2025.
- 9 2. The targeted market equity compensation adjustments must be prioritized based on a
10 statewide plan prepared by the office of management and budget based on the
11 funding available in the pool. The plan must address occupational market disparities,
12 recruitment and retention challenges, and external pay inequities for employees who
13 are critical to the mission of the agency. Employees whose documented performance
14 levels do not meet standards are not eligible for the market equity compensation
15 adjustments.
- 16 3. All targeted market equity compensation adjustments must be provided by July 1,
17 2023.
- 18 4. The funding allocated to each agency must be used for the cost to continue the
19 compensation adjustments for the 2023-25 biennium, including the effect of the market
20 equity adjustments on funding needed for the salary increases authorized by the
21 legislative assembly in section 21 of this Act.
- 22 5. Notwithstanding any other provision of law, the office of management and budget shall
23 transfer appropriation authority from the targeted market equity funding pool to eligible
24 executive branch state agencies for approved targeted market equity salary
25 adjustments.
- 26 6. The office of management and budget shall provide a report to the budget section

8 agencies for providing compensation adjustments for classified state employees. The
9 guidelines must follow the compensation philosophy statement under section
10 54-44.3-01.2.

11 3. Probationary employees are not entitled to the increases. However, at the discretion of
12 the appointing authority, probationary employees may be given all or a portion of the
13 increases effective in July, paid in August, or upon completion of probation. Employees

24 the biennium beginning July 1, 2023, and ending June 30, 2025.

25 2. An executive branch state agency that had funding removed by the sixty-eighth
26 legislative assembly for purposes of the new and vacant full-time equivalent funding
27 pool may submit a request to the office of management and budget for an allocation of
28 funding from the pool:

29 a. To provide funding for the salaries and wages necessary for the 2023-25

13 available for the salaries and wages of the full-time equivalent position.
- 14 4. An agency may not receive more funding from the pool than the amount that was
15 removed from the agency budget for new and vacant full-time equivalent positions as
16 contained in the statement of purpose of amendment of bills approved by the sixty-
17 eighth legislative assembly as printed in the house and senate journals.
- 18 5. Notwithstanding any other provision of law, the office of management and budget shall
19 transfer appropriation authority from the new and vacant full-time equivalent funding
20 pool to eligible executive branch state agencies:
 - 21 a. Within fifteen days of receiving an agency request for the hiring of a new full-time
22 equivalent position authorized by the sixty-eighth legislative assembly, along with
23 documentation of the salaries and wages necessary for the position for the
24 remainder of the biennium, limited to the amount identified for the position in the
25 statement of purpose of amendment;
 - 26 b. Within fifteen days of receiving an agency request for filling a full-time equivalent

2 other salaries and wages uses are less than the estimate used by the sixty-eighth
3 legislative assembly in the development of the agency's appropriation; or
4 d. Within fifteen days of receiving a request from the department of transportation to
5 transfer the sum of up to \$7,400,000 for salaries and wages funding needs.

7 appropriations approved by the sixty-eighth legislative assembly for the biennium
8 beginning July 1, 2023, and ending June 30, 2025.
9 7. If funding in the new and vacant full-time equivalent funding pool is insufficient to
10 provide the necessary salaries and wages funding for the biennium, the office of
11 management and budget shall request a deficiency appropriation from the sixty-ninth
12 legislative assembly. Any funding remaining in the funding pool at the end of the
13 biennium must be canceled in accordance with the provisions of section 54-44.1-11.
14 8. The office of management of budget shall report to each meeting of the budget section
15 regarding salaries and wages, vacant position information, and use of funding in the
16 pool including:

29 created and enacted as follows:

1 Moneys in the fund may be used to provide financing for projects that enhance
2 production of clean sustainable energy in the state only to the extent the project has
3 been recommended by the clean sustainable energy authority under chapter 54-63.1.

4 **SECTION 25. AMENDMENT.** Section 15.1-27-04.1 of the North Dakota Century Code as
5 amended by section 10 of Senate Bill No. 2284, as approved by the sixty-eighth legislative
6 assembly, is amended and reenacted as follows:

7 **15.1-27-04.1. Baseline funding - Establishment - Determination of state aid. (Effective**
8 **through June 30, 2025)**

- 9 1. To determine the amount of state aid payable to each district, the superintendent of
10 public instruction shall establish each district's baseline funding. A district's baseline
11 funding consists of:
- 12 a. All state aid received by the district in accordance with chapter 15.1-27 during the
13 2018-19 school year;
 - 14 b. An amount equal to the property tax deducted by the superintendent of public
15 instruction to determine the 2018-19 state aid payment;
 - 16 c. An amount equal to seventy-five percent of the revenue received by the school
17 district during the 2017-18 school year for the following revenue types:
 - 18 (1) Revenue reported under code 2000 of the North Dakota school district
19 financial accounting and reporting manual, as developed by the
20 superintendent of public instruction in accordance with section 15.1-02-08;
 - 21 (2) Mineral revenue received by the school district through direct allocation from
22 the state treasurer and not reported under code 2000 of the North Dakota
23 school district financial accounting and reporting manual, as developed by
24 the superintendent of public instruction in accordance with section
25 15.1-02-08;
 - 26 (3) Tuition reported under code 1300 of the North Dakota school district
27 financial accounting and reporting manual, as developed by the
28 superintendent of public instruction in accordance with section 15.1-02-08,
29 with the exception of revenue received specifically for the operation of an
30 educational program provided at a residential treatment facility, tuition
31 received for the provision of an adult farm management program, and

1 beginning in the 2021-22 school year, seventeen percent of tuition received
2 under an agreement to educate students from a school district on an
3 air force base with funding received through federal impact aid, and an
4 additional seventeen percent of tuition received under an agreement to
5 educate students from a school district on an air force base with funding
6 received through federal impact aid each school year thereafter, until the
7 2024-25 school year when sixty-eight percent of tuition received under an
8 agreement to educate students from a school district on an air force base
9 with funding received through federal impact aid must be excluded from the
10 tuition calculation under this paragraph;

- 11 (4) Revenue from payments in lieu of taxes on the distribution and transmission
12 of electric power;
- 13 (5) Revenue from payments in lieu of taxes on electricity generated from
14 sources other than coal; and
- 15 (6) Revenue from the leasing of land acquired by the United States for which
16 compensation is allocated to the state under 33 U.S.C. 701(c)(3);

17 d. An amount equal to the total revenue received by the school district during the
18 2017-18 school year for the following revenue types:

- 19 (1) Mobile home tax revenue;
- 20 (2) Telecommunications tax revenue; and
- 21 (3) Revenue from payments in lieu of taxes and state reimbursement of the
22 homestead credit and disabled veterans credit; and

23 e. Beginning with the 2020-21 school year, the superintendent shall reduce the
24 baseline funding for any school district that becomes an elementary district
25 pursuant to section 15.1-07-27 after the 2012-13 school year. The reduction must
26 be proportional to the number of weighted student units in the grades that are
27 offered through another school district relative to the total number of weighted
28 student units the school district offered in the year before the school district
29 became an elementary district. The reduced baseline funding applies to the
30 calculation of state aid for the first school year in which the school district
31 becomes an elementary district and for each year thereafter. For districts that

1 become an elementary district prior to the 2020-21 school year, the
2 superintendent shall use the reduced baseline funding to calculate state aid for
3 the 2020-21 school year and for each year thereafter.

4 2. a. The superintendent shall divide the district's baseline funding determined in
5 subsubsection 1 by the district's 2017-18 weighted student units to determine the
6 district's baseline funding per weighted student unit.

7 b. For any school district that becomes an elementary district pursuant to section
8 15.1-07-27 after the 2017-18 school year, the superintendent shall adjust the
9 district's baseline funding per weighted student unit used to calculate state aid.

10 The superintendent shall divide the district's baseline funding determined in
11 subsubsection 1 by the district's weighted student units after the school district
12 becomes an elementary district to determine the district's adjusted baseline
13 funding per weighted student unit. The superintendent shall use the district's
14 adjusted baseline funding per weighted student unit in the calculation of state aid
15 for the first school year in which the school district becomes an elementary
16 district and for each year thereafter.

17 c. Beginning with the 2021-22 school year and for each school year thereafter, the
18 superintendent shall reduce the district's baseline funding per weighted student
19 unit. Each year the superintendent shall calculate the amount by which the
20 district's baseline funding per weighted student unit exceeds the payment per
21 weighted student unit provided in subsection 3. ~~The~~For the 2023-24 school year
22 the superintendent shall reduce the district's baseline funding per weighted
23 student unit by ~~fifteen~~forty percent of the amount by which the district's baseline
24 funding per weighted student unit exceeds the payment per weighted student unit
25 for the ~~2021-22~~2023-24 school year. For each year thereafter, the reduction
26 percentage is increased by an additional fifteen percent. However, the district's
27 baseline funding per weighted student unit, after the reduction, may not be less
28 than the payment per weighted student unit provided in subsection 3.

29 3. a. For the 2023-24 school year, the superintendent shall calculate state aid as the
30 greater of:

- 1 (1) The district's weighted student units multiplied by ten thousand six hundred
2 forty-six dollars;
- 3 (2) One hundred two percent of the district's baseline funding per weighted
4 student unit, as established in subsection 2, multiplied by the district's
5 weighted student units, not to exceed the district's 2017-18 baseline
6 weighted student units, plus any weighted student units in excess of the
7 2017-18 baseline weighted student units multiplied by ten thousand six
8 hundred forty-six dollars; or
- 9 (3) The district's baseline funding as established in subsection 1 less the
10 amount in paragraph 1, with the difference reduced by ~~forty-five~~forty percent
11 and then the difference added to the amount determined in paragraph 1.
- 12 b. For the 2024-25 school year and each school year thereafter, the superintendent
13 shall calculate state aid as the greater of:
- 14 (1) The district's weighted student units multiplied by eleven thousand
15 seventy-two dollars;
- 16 (2) One hundred two percent of the district's baseline funding per weighted
17 student unit, as established in subsection 2, multiplied by the district's
18 weighted student units, not to exceed the district's 2017-18 baseline
19 weighted student units, plus any weighted student units in excess of the
20 2017-18 baseline weighted student units multiplied by eleven thousand
21 seventy-two dollars; or
- 22 (3) The district's baseline funding as established in subsection 1 less the
23 amount in paragraph 1, with the difference reduced by ~~sixty~~fifty-five percent
24 for the 2024-25 school year and the reduction percentage increasing by
25 fifteen percent each school year thereafter until the difference is reduced to
26 zero, and then the difference added to the amount determined in
27 paragraph 1.
- 28 4. After determining the product in accordance with subsection 3, the superintendent of
29 public instruction shall:
- 30 a. Subtract an amount equal to sixty mills multiplied by the taxable valuation of the
31 school district, except the amount in dollars subtracted for purposes of this

1 subdivision may not exceed the previous year's amount in dollars subtracted for
2 purposes of this subdivision by more than twelve percent, adjusted pursuant to
3 section 15.1-27-04.3; and

4 b. Subtract an amount equal to seventy-five percent of all revenue types listed in
5 subdivisions c and d of subsection 1. Before determining the deduction for
6 seventy-five percent of all revenue types, the superintendent of public instruction
7 shall adjust revenues as follows:

8 (1) Tuition revenue shall be adjusted as follows:

9 (a) In addition to deducting tuition revenue received specifically for the
10 operation of an educational program provided at a residential
11 treatment facility, tuition revenue received for the provision of an adult
12 farm management program, and tuition received under an agreement
13 to educate students from a school district on an air force base with
14 funding received through federal impact aid as directed each school
15 year in paragraph 3 of subdivision c of subsection 1, the
16 superintendent of public instruction also shall reduce the total tuition
17 reported by the school district by the amount of tuition revenue
18 received for the education of students not residing in the state and for
19 which the state has not entered a cross-border education contract;
20 and

21 (b) The superintendent of public instruction also shall reduce the total
22 tuition reported by admitting school districts meeting the requirements
23 of subdivision e of subsection 2 of section 15.1-29-12 by the amount
24 of tuition revenue received for the education of students residing in an
25 adjacent school district.

26 (2) After adjusting tuition revenue as provided in paragraph 1, the
27 superintendent shall reduce all remaining revenues from all revenue types
28 by the percentage of mills levied in 2022 by the school district for sinking
29 and interest relative to the total mills levied in 2022 by the school district for
30 all purposes.

- 1 5. The amount remaining after the computation required under subsection 4 is the
2 amount of state aid to which a school district is entitled, subject to any other statutory
3 requirements or limitations.
- 4 6. On or before June thirtieth of each year, the school board shall certify to the
5 superintendent of public instruction the final average daily membership for the current
6 school year.
- 7 7. For purposes of the calculation in subsection 4, each county auditor, in collaboration
8 with the school districts, shall report the following to the superintendent of public
9 instruction on an annual basis:
- 10 a. The amount of revenue received by each school district in the county during the
11 previous school year for each type of revenue identified in subdivisions c and d of
12 subsection 1;
- 13 b. The total number of mills levied in the previous calendar year by each school
14 district for all purposes; and
- 15 c. The number of mills levied in the previous calendar year by each school district
16 for sinking and interest fund purposes.

17 **Baseline funding - Establishment - Determination of state aid. (Effective after**
18 **June 30, 2025)**

- 19 1. To determine the amount of state aid payable to each district, the superintendent of
20 public instruction shall establish each district's baseline funding. A district's baseline
21 funding consists of:

2 baseline funding for any school district that becomes an elementary district
3 pursuant to section 15.1-07-27 after the 2012-13 school year. The reduction must
4 be proportional to the number of weighted student units in the grades that are
5 offered through another school district relative to the total number of weighted
6 student units the school district offered in the year before the school district
7 became an elementary district. The reduced baseline funding applies to the
8 calculation of state aid for the first school year in which the school district
9 becomes an elementary district and for each year thereafter. For districts that
10 become an elementary district prior to the 2020-21 school year, the
11 superintendent shall use the reduced baseline funding to calculate state aid for
12 the 2020-21 school year and for each year thereafter.

13 2. a. The superintendent shall divide the district's baseline funding determined in
14 subsection 1 by the district's 2017-18 weighted student units to determine the

19 The superintendent shall divide the district's baseline funding determined in

21 becomes an elementary district to determine the district's adjusted baseline
22 funding per weighted student unit. The superintendent shall use the district's
23 adjusted baseline funding per weighted student unit in the calculation of state aid
24 for the first school year in which the school district becomes an elementary
25 district and for each year thereafter.

26 c. Beginning with the 2021-22 school year and for each school year thereafter, the
27 superintendent shall reduce the district's baseline funding per weighted student
28 unit. Each year the superintendent shall calculate the amount by which the
29 district's baseline funding per weighted student unit exceeds the payment per
30 weighted student unit provided in subsection 3. ~~The~~For the 2023-24 school year
31 the superintendent shall reduce the district's baseline funding per weighted

1 student unit by ~~fifteen~~forty percent of the amount by which the district's baseline
2 funding per weighted student unit exceeds the payment per weighted student unit
3 for the ~~2021-22~~2023-24 school year. For each year thereafter, the reduction
4 percentage is increased by an additional fifteen percent. However, the district's
5 baseline funding per weighted student unit, after the reduction, may not be less
6 than the payment per weighted student unit provided in subsection 3.

7 3. a. For the 2023-24 school year, the superintendent shall calculate state aid as the
8 greater of:

9 (1) The district's weighted student units multiplied by ten thousand six hundred
10 forty-six dollars;

11 (2) One hundred two percent of the district's baseline funding per weighted
12 student unit, as established in subsection 2, multiplied by the district's
13 weighted student units, not to exceed the district's 2017-18 baseline
14 weighted student units, plus any weighted student units in excess of the
15 2017-18 baseline weighted student units multiplied by ten thousand six
16 hundred forty-six dollars; or

17 (3) The district's baseline funding as established in subsection 1 less the
18 amount in paragraph 1, with the difference reduced by ~~forty-five~~forty percent
19 and then the difference added to the amount determined in paragraph 1.

20 b. For the 2024-25 school year and each school year thereafter, the superintendent
21 shall calculate state aid as the greater of:

22 (1) The district's weighted student units multiplied by eleven thousand
23 seventy-two dollars;

24 (2) One hundred two percent of the district's baseline funding per weighted
25 student unit, as established in subsection 2, multiplied by the district's
26 weighted student units, not to exceed the district's 2017-18 baseline
27 weighted student units, plus any weighted student units in excess of the
28 2017-18 baseline weighted student units multiplied by eleven thousand
29 seventy-two dollars; or

30 (3) The district's baseline funding as established in subsection 1 less the
31 amount in paragraph 1, with the difference reduced by ~~sixty~~fifty-five percent

1 for the 2024-25 school year and the reduction percentage increasing by
2 fifteen percent each school year thereafter until the difference is reduced to
3 zero, and then the difference added to the amount determined in
4 paragraph 1.

5 4. After determining the product in accordance with subsection 3, the superintendent of
6 public instruction shall:

7 a. Subtract an amount equal to sixty mills multiplied by the taxable valuation of the
8 school district; and

9 b. Subtract an amount equal to seventy-five percent of all revenue types listed in
10 subdivisions c and d of subsection 1. Before determining the deduction for
11 seventy-five percent of all revenue types, the superintendent of public instruction
12 shall adjust revenues as follows:

13 (1) Tuition revenue shall be adjusted as follows:

14 (a) In addition to deducting tuition revenue received specifically for the
15 operation of an educational program provided at a residential
16 treatment facility, tuition revenue received for the provision of an adult
17 farm management program, and tuition received under an agreement
18 to educate students from a school district on an air force base with
19 funding received through federal impact aid as directed each school
20 year in paragraph 3 of subdivision c of subsection 1, the
21 superintendent of public instruction also shall reduce the total tuition
22 reported by the school district by the amount of tuition revenue
23 received for the education of students not residing in the state and for
24 which the state has not entered a cross-border education contract;
25 and

26 (b) The superintendent of public instruction also shall reduce the total
27 tuition reported by admitting school districts meeting the requirements
28 of subdivision e of subsection 2 of section 15.1-29-12 by the amount
29 of tuition revenue received for the education of students residing in an
30 adjacent school district.

1 (2) After adjusting tuition revenue as provided in paragraph 1, the
2 superintendent shall reduce all remaining revenues from all revenue types
3 by the percentage of mills levied in 2022 by the school district for sinking
4 and interest relative to the total mills levied in 2022 by the school district for
5 all purposes.

6 5. The amount remaining after the computation required under subsection 4 is the
7 amount of state aid to which a school district is entitled, subject to any other statutory
8 requirements or limitations.

9 6. On or before June thirtieth of each year, the school board shall certify to the
10 superintendent of public instruction the final average daily membership for the current
11 school year.

13 with the school districts, shall report the following to the superintendent of public

16 previous school year for each type of revenue identified in subdivisions c and d of
17 subsection 1;

17 percent of wages or salary under subdivision b of subsection 1 of section 54-52.6-09, who
18 participates in the deferred compensation program under this chapter, qualifies for employer
19 matching of contributions made under this section. The employee may elect to contribute an
20 amount of wages or salary which does not exceed any remaining balance of the optional three
21 percent contribution and the employer shall match this contribution. This section does not limit
22 the ability of an employee to contribute unmatched wages or salary under this chapter, subject
23 to federal contribution limitations.

24 **SECTION 45. AMENDMENT.** Subsection 3 of section 54-52.6-01 of the North Dakota
25 Century Code, as amended in section 14 of House Bill No. 1040, as approved by the sixty-
26 eighth legislative assembly, is amended and reenacted as follows:

27 3. "Eligible employee", for employees who become participating members after
28 December 31, ~~2024~~2023, has the same meaning as provided under section
29 54-52-02.15. For employees who elected to join the defined contribution retirement
30 plan under this chapter before January 1, ~~2025~~2024, the term includes a permanent
31 state employee, except an employee of the judicial branch or an employee of the

1 board of higher education and state institutions under the jurisdiction of the board of
2 higher education, who is at least eighteen years of age and who is in a position not
3 classified by the North Dakota human resource management services.

4 **SECTION 46. AMENDMENT.** Section 54-52.6-02 of the North Dakota Century Code, as
5 amended in section 15 of House Bill No. 1040, as approved by the sixty-eighth legislative
6 assembly, is amended and reenacted as follows:

7 **54-52.6-02. Election through December 31, ~~2024~~2023.**

8 1. The board shall provide an opportunity for each eligible employee who is a member of
9 the public employees retirement system on September 30, 2001, and who has not
10 made a written election under this section to transfer to the defined contribution
11 retirement plan before October 1, 2001, to elect in writing to terminate membership in
12 the public employees retirement system and elect to become a participating member
13 under this chapter. Except as provided in section 54-52.6-03, an election made by an
14 eligible employee under this section is irrevocable. The board shall accept written
15 elections under this section from eligible employees during the period beginning on
16 July 1, 1999, and ending 12:01 a.m. December 14, 2001. An eligible employee who
17 does not make a written election or who does not file the election during the period
18 specified in this section continues to be a member of the public employees retirement
19 system. An eligible employee who makes and files a written election under this section
20 ceases to be a member of the public employees retirement system effective twelve
21 midnight December 31, 2001; becomes a participating member in the defined
22 contribution retirement plan under this chapter effective 12:01 a.m. January 1, 2002;
23 and waives all of that person's rights to a pension, annuity, retirement allowance,
24 insurance benefit, or any other benefit under the public employees retirement system
25 effective December 31, 2001. This section does not affect an individual's right to
26 health benefits or retiree health benefits under chapter 54-52.1. An eligible employee
27 who is first employed and entered upon the payroll of that person's employer after
28 September 30, 2001, and before January 1, ~~2025~~2024, may make an election to
29 participate in the defined contribution retirement plan established under this chapter at
30 any time during the first six months after the date of employment. If the board, in its
31 sole discretion, determines that the employee was not adequately notified of the

1 employee's option to participate in the defined contribution retirement plan, the board
2 may provide the employee a reasonable time within which to make that election, which
3 may extend beyond the original six-month decision window.

- 4 2. If an individual who is a deferred member of the public employees retirement system
5 on September 30, 2001, is re-employed before January 1, ~~2025~~2024, and by virtue of
6 that employment is again eligible for membership in the public employees retirement
7 system under chapter 54-52, the individual may elect in writing to remain a member of
8 the public employees retirement system or if eligible to participate in the defined
9 contribution retirement plan established under this chapter to terminate membership in
10 the public employees retirement system and become a participating member in the
11 defined contribution retirement plan established under this chapter. An election made
12 by a deferred member under this section is irrevocable. The board shall accept written
13 elections under this section from a deferred member during the period beginning on
14 the date of the individual's re-employment and ending upon the expiration of six
15 months after the date of that re-employment. If the board, in its sole discretion,
16 determines that the employee was not adequately notified of the employee's option to
17 participate in the defined contribution retirement plan, the board may provide the
18 employee a reasonable time within which to make that election, which may extend
19 beyond the original six-month decision window. A deferred member who makes and
20 files a written election to remain a member of the public employees retirement system
21 retains all rights and is subject to all conditions as a member of that retirement system.
22 A deferred member who does not make a written election or who does not file the
23 election during the period specified in this section continues to be a member of the
24 public employees retirement system. A deferred member who makes and files a
25 written election to terminate membership in the public employees retirement system
26 ceases to be a member of the public employees retirement system effective on the
27 last day of the payroll period that includes the date of the election; becomes a
28 participating member in the defined contribution retirement plan under this chapter
29 effective the first day of the payroll immediately following the date of the election; and
30 waives all of that person's rights to a pension, an annuity, a retirement allowance,
31 insurance benefit, or any other benefit under the public employees retirement system

1 effective the last day of the payroll that includes the date of the election. This section
2 does not affect any right to health benefits or retiree health benefits to which the
3 deferred member may otherwise be entitled.

- 4 3. An eligible employee who elects under this section to participate in the retirement plan
5 established under this chapter must remain a participant even if that employee returns
6 to the classified service or becomes employed by a political subdivision that
7 participates in the public employees retirement system. The contribution amount must
8 be as provided in this chapter, regardless of the position in which the employee is
9 employed. Notwithstanding the irrevocability provisions of this chapter, if a member
10 who elects to participate in the retirement plan established under this chapter
11 becomes a supreme or district court judge, becomes a member of the highway patrol,
12 becomes employed in a position subject to teachers' fund for retirement membership,
13 or becomes an employee of the board of higher education or state institution under the
14 jurisdiction of the board of higher education who is eligible to participate in an
15 alternative retirement program established under subsection 6 of section 15-10-17, the
16 member's status as a member of the defined contribution retirement plan is
17 suspended, and the member becomes a new member of the retirement plan for which
18 that member's new position is eligible. The member's account balance remains in the
19 defined contribution retirement plan, but no new contributions may be made to that
20 account. The member's service credit and salary history that were forfeited as a result
21 of the member's transfer to the defined contribution retirement plan remain forfeited,
22 and service credit accumulation in the new retirement plan begins from the first day of
23 employment in the new position. If the member later returns to employment that is
24 eligible for the defined contribution retirement plan, the member's suspension must be
25 terminated, the member again becomes a member of the defined contribution
26 retirement plan, and the member's account resumes accepting contributions. At the
27 member's option, and pursuant to rules adopted by the board, the member may
28 transfer any available balance as determined by the provisions of the alternate
29 retirement plan into the member's account under this chapter.
- 30 4. After consultation with its actuary, the board shall determine the method by which a
31 participating member or deferred member may make a written election under this

1 section. If the participating member or deferred member is married at the time of the
2 election, the election is not effective unless the election is signed by the individual's
3 spouse. However, the board may waive this requirement if the spouse's signature
4 cannot be obtained because of extenuating circumstances.

5 5. If the board receives notification from the internal revenue service that this section or
6 any portion of this section will cause the public employees retirement system or the
7 retirement plan established under this chapter to be disqualified for tax purposes
8 under the Internal Revenue Code, then the portion that will cause the disqualification
9 does not apply.

10 6. A participating member under this section who becomes a temporary employee may
11 still participate in the defined contribution retirement plan upon filing an election with

10 created by section 17 of House Bill No. 1040, as approved by the sixty-eighth legislative
11 assembly, is amended and reenacted as follows:

12 **54-52.6-02.2. Election after December 31, ~~2024~~2023 - Additional employer**
13 **contribution.**

14 1. As used in this section, "eligible employee" means a permanent state employee who
15 on December 31, ~~2024~~2023, is a participating member of the public employees
16 retirement system main system plan under chapter 54-42, who has been a
17 participating member under chapter 54-52 for no more than five years, and who is at
18 least eighteen years of age.

19 2. The board shall provide a three-month election period, from January 1, ~~2025~~2024,
20 through March 31, ~~2025~~2024, for an eligible employee to transfer to the defined
21 contribution plan under this chapter pursuant to the rules and policies adopted by the
22 board.

23 a. An election under this section made by a member of the public employees
24 retirement system under chapter 54-52 to transfer to the defined contribution
25 retirement plan under this chapter is irrevocable.

26 b. For an eligible employee who elects to transfer from the public employees
27 retirement system under chapter 54-52 to the defined contribution retirement plan
28 under this chapter, the board shall transfer a lump sum amount from the public
29 employees retirement system fund to the member's account in the defined
30 contribution retirement plan under this chapter. However, if the eligible employee

2 member of the public employees retirement system under chapter 54-52 and
3 retains all the rights and privileges under that chapter.

4 c. The board shall calculate the lump sum amount to be transferred based on the
5 actuarial present value of the eligible employee's accumulated benefit obligation
6 under the public employees retirement system based on the assumption the
7 eligible employee will retire under the earlier applicable normal retirement age,
8 plus interest from January 1, ~~2025~~2024, to the date of transfer, at the rate of one-
9 half of one percent less than the actuarial interest assumption at the time of the
10 election.

11 d. This section does not affect an eligible individual's right to health benefits under
12 chapter 54-52.1.

13 3. The state employer of an eligible employee who elects under this section to participate
14 in the defined contribution retirement plan under this chapter shall pay an additional

22 under the Internal Revenue Code, that portion that will cause the disqualification does
23 not apply.

24 **SECTION 49. AMENDMENT.** Subsection 2 of section 54-52.6-03 of the North Dakota

1 **SECTION 50. AMENDMENT.** Section 54-52.6-09 of the North Dakota Century Code, as
2 amended in section 22 of House Bill No. 1040, as approved by the sixty-eighth legislative
3 assembly, is amended and reenacted as follows:

4 **54-52.6-09. Contributions - Penalty.**

- 5 1. a. A participating member who first joined the defined contribution retirement plan
6 before January 1, ~~2025~~2024, and an employee who elects to participate in the
7 defined contribution plan under section 54-52.6-02.2, shall contribute monthly
8 seven percent of the monthly salary or wage paid to the participant.
- 9 b. A participating member who first joined the defined contribution retirement plan
10 after December 31, ~~2024~~2023, except for an employee who elects to participate
11 in the defined contribution plan under section 54-52.6-02.2, shall contribute
12 monthly four percent of the monthly salary or wage paid to the participant. In
13 addition, the participating member may elect to contribute monthly up to an
14 additional three percent of the monthly salary or wage paid to the participant.
- 15 c. This assessment must be deducted from the participant's salary in equal monthly
16 installments commencing with the first month of participation in the defined
17 contribution retirement plan established under this chapter.
- 18 2. a. For a participating member who first joined the defined contribution retirement
19 plan before January 1, ~~2025~~2024, and for an employee who elects to participate
20 in the defined contribution plan under section 54-52.6-02.2, the employer shall
21 contribute an amount equal to seven and twelve-hundredths percent of the
22 monthly salary or wage of the participating member.
- 23 b. For a participating member who first joined the defined contribution retirement
24 plan after December 31, ~~2024~~2023, except for an employee who elects to
25 participate in the defined contribution plan under section 54-52.6-02.2, the
26 employer shall contribute an amount equal to four and twelve-hundredths percent
27 of the monthly salary or wage of a participating member, plus up to an additional
28 three percent as an employer matching contribution calculated based on the
29 participating member's election under subdivision b of subsection 1.

- 1 c. For a participating member first enrolled after December 31, 2019, the employer
2 contribution includes an additional increase of one and fourteen-hundredths
3 percent.
- 4 d. If the employee's contribution is paid by the employer under subsection 3, the
5 employer shall contribute, in addition, an amount equal to the required
6 employee's contribution. Monthly, the employer shall pay such contribution into
7 the participating member's account from the employer's funds appropriated for
8 payroll and salary or any other funds available for such purposes.
- 9 e. If the employer fails to pay the contributions monthly, or fails to otherwise comply
10 with the board's established wage reporting or payroll reporting process
11 requirements, the employer is subject to a civil penalty of fifty dollars and, as
12 interest, one percent of the amount due for each month of delay or fraction of a
13 month after the payment became due. In lieu of assessing a civil penalty or one
14 percent per month, or both, interest at the actuarial rate of return may be
15 assessed for each month the contributions are delinquent. If contributions are
16 paid within ninety days of the date the contributions became due, penalty and
17 interest to be paid on delinquent contributions may be waived.
- 18 3. Each employer, at its option, may pay the employee contributions required by this
19 section for all compensation earned after December 31, 1999. The amount paid must
20 be paid by the employer in lieu of contributions by the employee. If the employer
21 decides not to pay the contributions, the amount that would have been paid will
22 continue to be deducted from the employee's compensation. If contributions are paid
23 by the employer, they must be treated as employer contributions in determining tax
24 treatment under this code and the federal Internal Revenue Code. Contributions paid
25 by the employer may not be included as gross income of the employee in determining
26 tax treatment under this code and the federal Internal Revenue Code until they are
27 distributed or made available. The employer shall pay these employee contributions
28 from the same source of funds used in paying compensation to the employee. The
29 employer shall pay these contributions by effecting an equal cash reduction in the
30 gross salary of the employee or by an offset against future salary increases or by a
31 combination of a reduction in gross salary and offset against future salary increases.

1 Employee contributions paid by the employer must be treated for the purposes of this
2 chapter in the same manner and to the same extent as employee contributions made
3 before the date on which employee contributions were assumed by the employer. An
4 employer shall exercise its option under this subsection by reporting its choice to the
5 board in writing.
